Books in Print Supplement 1988 North America
Gary Clyde Hufbauer 1992 Negotiations toward a North American free trade area (FTA) started in early 1991. This study assesses the impact such negotiations would have on the US and Mexican economies, the goals of a North American FTA, and its implications for world trade relations. The topics are arranged in sections on the United States, Mexico, and Canada in pursuing closer trade ties, and the appropriate modalities and timetable for achieving those objectives; the implications of prospective negotiations: what should and should not be on the table, how the US-Canada model could be applied, and/or how that model would need to be modified; and the implications for the world trading system in light of the results of the Uruguay Round of multilateral trade negotiations in the GATT.
