Auto Repair for Dummies Doreen Solar 2010-06-07 Auto Repair for Dummies, 2nd Edition (0764553839) Previously published as Auto Repair For Dummies, 2nd Edition (0764506906). This 2nd edition features a new Dummies cover design and the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide—903,000 copies sold!—extensively reorganized and updated Fourth-eight percent of U.S. households perform at least some car repair and maintenance on their own, with women now accounting for over 30% of this $3 billion automotive do-it-yourself market. For new or used do-it-yourself mechanics, this illustrated guide has been a must-read for over 20 years. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find the information you need. With chapters on brakes, engines, transmission, suspension and steering, and more, this guide provides complete instructions on car care for all major systems! Written for do-it-yourselfers by a professional auto mechanic, this best-seller will walk you through all common car repairs and maintenance tasks. No matter what you want to save money on, this book is for you! This book helps you: 1. Save money on car repairs and maintenance. 2. Troubleshoot problems with your vehicle. 3. Understand both common and advanced repair and maintenance procedures. 3. General maintenance and care for your vehicle.
