When a Girl Loves an Earl Elisa Braden 2016-08-30 What a girl wants... Miss Viola Darling always gets what she wants. Always. And what she wants more than anything is to marry James Kilbrenner, the Earl of Tannenbrook. She's fallen hard for the giant,

taciturn, surly brute, and she positively will have no other. The problem? He's not interested. Not even a little. But Viola cannot afford to lose. And she has her heart set on James. If only he will bend to a bit of persuasion. Is an earl like no other... James Kilbrenner knows how determined the entirely-too-beautiful Miss Darling can be—the daft woman cornered him at a perfectly respectable dinner and mangled his cravat before he could escape. He has no desire to marry, less desire to be pursued, and will certainly not kiss her kissable lips until they are both breathless, no matter how tempted he may be. And only the right one will do... Thrown in her path by a meddling marchioness, James finds himself under sensual siege from a tiny, flirtatious sprite who puts both his

heart and his vow to remain unwed at risk. And when scandal looms, he learns the hard way that a man can resist only so long before the indomitable Miss Darling gets her way.

Affective Health and Masculinities in South Africa Hans Reihling 2020-04-24
Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality,

and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and

spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

Achtung-Panzer! Heinz Guderian 1995
This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First

World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris. Marginalised Communities in Higher Education Neil Harrison 2021 "Drawing on examples from nine countries across five continents, this book offers anyone interested in the future of higher education the

opportunity to understand how communities become marginalised and how this impacts on their access to learning and their ability to thrive as students. Focusing on groups that suffer directly through discriminatory practices or indirectly through distinct forms of sociocultural disadvantage, this book brings to light communities about which little has been written and where research efforts are in their relative infancy. Each chapter documents the experiences of a group and provides insights that have a wider reach and gives voice to those that are often unheard. The book concludes with a new conceptualisation of the social forces that lead to marginalisation in higher education. This cutting-edge book is a must read for higher

education researchers, policy makers, and students interested in access to education, sociology of education, development studies, and cultural studies"--

Protecting the Internally Displaced Phil Orchard 2018-11-01 Today, there are over 40 million conflict-induced

internally displaced persons (IDPs) globally, almost double the number of refugees. Yet, IDPs are protected only by the soft-law Guiding Principles on Internal Displacement at the global level. Instead of a dedicated international organization, IDPs receive protection and assistance only through the UN's cluster approach. Orchard argues that while an international IDP protection regime exists, many aspects of it are informal, with IDP issues bound up in a humanitarian regime complex that divides the mandates of key organizations and even the question of IDP status itself. While the Guiding Principles mark an important step forward, implementation of laws and policies based on them at the domestic level remains haphazard. Action at the international level

similarly reflects an all-too-often ad hoc approach to IDP issues. Through an in-depth examination of IDP efforts at the international level and across the forty states which have adopted IDP laws and policies, Orchard argues that while progress has been made, new and greater monitoring and accountability mechanisms at both the domestic and international levels are critical. This work will be valuable to scholars, students, and practitioners of forced migration, international relations theory, and the Responsibility to Protect doctrine. *Spiral of Need* Suzanne Wright 2015-09-29

The Reader's Companion to World Literature Lillian Herlands Hornstein 1956

From Birdland to Broadway Bill Crow 1993-09-09 In the 1950s, New York City's Birdland was the center of the world of modern jazz--and a revelation to Bill Crow, a wet-behind-the-ears twenty-two-year-old from Washington State. Located on Broadway between 52nd and 53rd streets, the club named for the incomparable Charlie "Bird" Parker boasted lifesize photo murals of modern jazzmen like Dizzy Gillespie,

Lennie Tristano, and, of course, Bird himself, looming large against jet black walls. Exotic live birds perched in cages behind the bar. The midget master of ceremonies, 3'9" Pee Wee Marquette, dressed in a zoot suit and loud tie, smoked huge cigars and screeched mispronounced introductions into the microphone. And the jazz-struck young Crow would park in the bleachers till 4 am, blissfully enveloped by the heady music of Bird, Bud Powell, Max Roach, and a host of other jazz giants. From Birdland to Broadway is an enthralling insider's account of four decades of a life in jazz. Bill Crow, journeyman bass player, superb storyteller, and author of the successful *Jazz Anecdotes*, here narrates many moving and delightful tales of the pioneers of modern jazz he played with and was

befriended by. We find Dizzy Gillespie, with whom Crow, because of prior commitments, regretfully declined steady work, dancing at the Royal Roost, Stan Getz sadly teetering on the brink of losing himself to drugs, and Harry Belafonte (known then as "the Cinderella Gentleman") running a lunch counter in New York's Sheridan Square between music dates. And we also witness many of the highlights of Crow's career, such as in 1955 when the Marian McPartland Trio (with Crow on bass) was named "Small Group of the Year" by Metronome; Crow playing with the Gerry Mulligan Quartet at venues like Storyville in Boston and Harlem's Apollo Theater (where they appeared

with Dinah Washington); and the tour of the Soviet Union with Benny Goodman, a journey that might have been a high point of Crow's travels abroad but was marred by Goodman's legendary mistreatment of his band. Moving beyond jazz clubs to the Broadway concert pit and a variety of studio gigs in the '60s, Crow encounters actors such as Yul Brynner and pop-rock acts like Simon and Garfunkel. From the great to the near-great, from Billie Holiday to Judy Holliday, Bill Crow's wealth of personal anecdotes takes the reader from Birdland, to the Half Note, to the Playboy Club, to the footlights of Broadway. This revealing book is a marvelous portrait of the jazz world, told by someone who's been there.
