Snow Crash Neal Stephenson 2003-08-26 The “brilliantly realized” (The New York Times Book Review) breakthrough novel from visionary author Neal Stephenson, a modern classic that predicted the metaverse and inspired generations of Silicon Valley innovators Hiro lives in a Los Angeles where franchises line the freeway as far as the eye can see. The only relief from the sea of logos is within the autonomous city-states, where law-abiding citizens don’t dare leave their mansions. Hiro delivers pizza to the mansions for a living, defending his pies from marauders when necessary with a matched set of samurai swords. His home is a shared 20 X 30 U-Stor-It. He spends most of his time goggled in to the Metaverse, where his avatar is legendary. But in the club known as The Black Sun, his fellow hackers are being felled by a weird new drug called Snow Crash that reduces them to nothing more than a jittering cloud of bad digital karma (and IRL, a vegetative state). Investigating the Infocalypse leads Hiro all the way back to the beginning of language itself, with roots in an ancient Sumerian priesthood. He’ll be joined by Y.T., a fearless teenaged skateboard courier. Together, they must race to stop a shadowy virtual villain hell-bent on world domination.

Kiplinger's Personal Finance 1999

Such Good Boys Tina Dirmann 2005-10-04 AN ABUSIVE MOTHER Raised in the suburb of Riverside, California, twenty-year-old college student Jason Bautista endured for years his emotionally disturbed mother's verbal and psychological abuse. She even locked him out of the house, tied him up with electrical cord, and on one occasion, gave him a beating that sent him to the emergency room. His fifteen-year-old half brother Matthew Montejo also was a victim to Jane Bautista's dark mood swings and erratic behavior, but for some reason, Jason received the brunt of the abuse—until he decided he'd had enough... A SON'S REVENGE On the night of January 14, 2003, Jason strangled his mother. To keep authorities from identifying her body, he chopped off her head and hands, an idea he claimed he got from watching an episode of the hit TV series "The Sopranos." Matthew would later testify in court that he sat in another room in the house with the TV volume turned up while Jason murdered their mother. He also testified that he drove around with Jason to find a place to dump Jane's torso. A CRIME THAT WOULD BOND TWO BROTHERS The morning following the murder, Matthew went to school, and Jason returned to his classes at Cal State San Bernardino. When authorities zeroed in on them, Jason lied and said that Jane had run off with a boyfriend she'd met on the Internet. But when police confronted the boys with overwhelming evidence, Jason confessed all. Now the nightmare was only just beginning for him... *AAA Autograph '99* American Automobile Association 1999 Evaluates the latest models of American and imported cars, discussing strong and weak points of each model, fuel economy, cargo space, and other details

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of Battle Hymn of the Tiger Mother). If you’re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

President Lincoln's Spy Steven Wilson 2012-03-01 1861. As the Civil War rages on, one man is determined to prove himself on the front lines of battle. But destiny has far greater plans for him. . . On the battlefield, Captain Fitz Dunaway is a man of action with a keen, intellectual prowess. But when he humiliates his commanding officer, he finds himself facing a court martial for his maverick behavior. Now his only chance to redeem himself is by working as a spy to uncover a plot to assassinate President Lincoln. Searching through gas-lit alleyways for traitors who will embrace him as one of their own, Fitz discovers just how fine the line is between allegiance to your cause--and allegiance to your country. . . In this rousing novel of loyalty and patriotism, betrayal and scandal, honor and valor, Lincoln scholar and expert Steven Wilson blends meticulous detail with captivating characters, taking readers back to one of America's most defining moments in history. "The reader can taste the grit and feel the excitement and expectations of a pivotal time in American history. In President Lincoln's Spy, Wilson has given us a time machine." --John Lutz "Steven Wilson writes a story as vivid and engrossing as the Civil War itself." --Troy Soos "If Robert Ludlum had written a Civil War novel filled with spies, double-crosses, murders, romances, and battlefield mayhem, it would read like President Lincoln's Spy." --Clint Johnson, author of Pursuit: The Chase, Capture, Persecution and Surprising Release of Confederate President Jefferson Davis

Automotive News 2004

The Other Wes Moore Wes Moore 2011-01-11 NEW YORK TIMES BESTSELLER • The “compassionate” (People), “startling” (Baltimore Sun), “moving” (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his “Underrated” Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn’t shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they’d hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, The Other Wes Moore tells the story of a generation of boys trying to find their way in a hostile world.
