out students' learning gaps. This allows teachers to choose appropriate student pages for individualized remediation. The student pages emphasize five important reading comprehension skills: summarizing, inferring, story elements, comparing and contrasting, and cause and effect. The book includes high-interest fiction and nonfiction, with texts about moving day, volcanoes, Laura Ingalls Wilder, planets, poetry, and more. Each 96-page book in the Standards-Based Connections Reading series includes a skill assessment, an analysis assessment, targeted practice pages, and an answer key, making this series an ideal resource for differentiation and remediation. The skill assessments and analysis analyses help teachers determine individualized instructional needs. And, the focused, comprehensive practice pages and self-assessments guide students to reflection and exploration for deeper learning!

**SpringBoard 2021** "SpringBoard is a world-class English Language Arts Program for students in grade 6-12. Written by teachers for teachers, SpringBoard offers proven instructional design to get students ready for the AP, the SAT, and college"—Back cover. The book includes high-interest content, lesson models for content area teachers, tips for managing ongoing assessment and differentiated instruction, and college-bound seniors Anchor charts of student thinking Ideas on how to give feedback. Guidelines that explain how conferring is different from monitoring Suggestion for assessing and differentiating instruction during conferences "For managing ongoing assessment Cris's willingness to share her own struggles continues to be a hallmark of her work. So What Do They Really Know? Cris Tovani explores the complex issue of monitoring, assessing, and grading students' thinking and performance with fairness and fidelity. Like all teachers, Cris struggles to balance her student-centered instruction with school system mandates. Her recommendations are realistic and practical; she understands that what isn't manageable isn't sustainable. Cris describes the systems and structure she uses in her own classroom and shows teachers how to use assessments to monitor student growth and provide targeted feedback that enables students to master content goals. She also shares ways to bring students into the assessment cycle so they can monitor their own learning, maximizing motivation and engagement. So What Do They Really Know? includes a wealth of information: Lessons from Cris's classroom Templates for conferring that are model with actual student responses and annotated script for conference. The book offers: Hundreds of ideas for assessing and differentiating instruction, including examples from linguistically diverse learners. "What makes SpringBoard unique is the combination of high-quality, classroom-tested ideas and the validated model for implementing these ideas across a school district," said Jennifer Serravallo. "Teachers will recognize their own students and the challenges they face as they join Cris on the journey to figure out how to raise student achievement. Connecting with Students Online Jennifer Serravallo 2020-09-29 The professional development for online teaching and learning that you've been asking for An unprecedented pandemic may take the teacher out of the classroom, but it doesn't take the classroom out of the teacher! Now that you're making the shift to online teaching, it's time to answer your biggest questions about remote, digitally based instruction: How do I build and nurture relationships with students and their at-home adults from afar? How do I adapt my best teaching to an online setting? How do I keep a focus on students and their needs when they aren't in front of me? Jennifer Serravallo's Connecting with Students Online gives you concise, doable answers based on her own experiences and those of the teachers, administrators, and coaches she has communicated with during the pandemic. Focusing on the vital importance of the teacher-student connection, Jen guides you to: effectively prioritize what matters most during remote, online instruction schedule your day and your students' to maximize teaching and learning (and avoid burnout) streamline curricular units and roll them out digitally record highly engaging short lessons that students will enjoy and learning partner with the adults in a student's home to support your work with their child. Featuring simplified, commonsense suggestions, 55 step-by-step teaching strategies, and video examples of Jen conferring and working with small groups, Connecting with Students Online helps new teachers, teachers new to technology, or anyone who wants to better understand the essence of effective online instruction. Along the way Jen addresses crucial topics including assessment and progress monitoring, student engagement and accountability, using anchor charts and visuals, getting books into students' hands, teaching subject-area content, and avoiding teacher burnout. During this pandemic crisis turn to one of education's most trusted teaching voices to help you restart or maintain students' progress. Jennifer Serravallo's Connecting with Students Online is of-the-moment, grounded in important research, informed by experience, and designed to get you teaching well and confidently as quickly as possible. Jen will be donating a portion of the proceeds from Connecting with Students Online to organizations that help children directly impacted by COVID-19. When I Was Your Age Amy Ehrlich 2002-02-18 Ten writers reflect on special childhood moments and provide individual explanations of how they became writers. Written in Bone Sally M. Walker 2013-11-01 Bright white teeth. Straight leg bones. Awkwardly contorted arm bones. On a hot summer day in 2005, Dr. Douglas Owsley of the Smithsonian Institution peered into an excavated grave, carefully examining the fragile skeleton that had been buried there for four hundred years. "He was about fifteen years old when he died. And he was very skinny," Owsley concluded. "But how did he know? Just as forensic scientists use their knowledge of human remains to help solve crimes, they use similar skills to solve the mysteries of the long-ago past. Join author Sally M. Walker as she works alongside the scientists investigating colonial-era graves near Jamestown, Virginia, as well as other sites in Maryland. As you follow their investigations, she'll introduce you to what scientists believe are the lives of a teenage boy, a ship's captain, an indentured servant, a colonial official and his family, and an enslaved African girl. All are reaching beyond the grave to tell us their stories, which are written in bone.

Officer Buckle and Gloria Peggy Rathmann 1995 The children at Napville Elementary School always ignore Officer Buckle's safety tips, until a police dog named Gloria accompanies him when he gives his safety speeches. The Arc of Story Lucy Calkins 2013 This series of books is designed to help upper elementary teachers teach a rigorous yearlong writing curriculum. Mechanically Inclined Jeff Anderson 2005-01-01 Places grammar theory in context with practical instruction strategies, explains why students often don't understand or apply grammar correctly, and demonstrates how to create a workshop environment that supports grammar and mechanics concepts.

Child of the Owl Laurence Yep 1990-10-30 Twelve-year-old Casey is waiting for the day that Barney, her father, hits it big -- 'cause when that horse comes in, he tells her, it's the penthouse suite. But then hr ends up in the hospital, and Casey is sent to Chinatown to live with her grandmother, Paw-Paw. Now the waiting seems longer than ever. Casey feels lost in Chinatown. She's not prepared for the Chinese school, the noisy crowds, missing her father. But Paw-Paw tells her about the mother Casey never knew, and about her family's owl charm and her true Chinese name. And Casey at last begins to understand that this -- Paw-Paw's Chinatown home, her parents' home -- is her home, too.
