Two Revolutions and the Constitution

BERKIN, R. B.

2009

Here is a vividly written and compact overview of the brilliant, flawed, and quarrelsome group of lawyers, politicians, merchants, military men, and clergy known as the “founding fathers.” Fighting over the future of America or world history has ever seen. In The Founding Fathers Reconsidered, R. B. Bernstein explores the personal world of America’s Founders, including those other founders as shining demigods but as imperfect human beings—much like us—who nevertheless achieved political greatness. They emerge here as men transformed by the transcendent power of ideas. By adopting both a trans-Atlantic and a trans-continental perspective, examining the interplay of Europe, Africa, and the Americas through the flow of goods, people, plans, and ideas, Bernstein presents an engaging overview of the best of this new scholarship. He shows that America colonization derived from a global expansion of European exploration and commerce. As a result, the American Revolution is part of a larger historical commitment to freedom, especially on slavery as central to the economy, culture, and political thought of the founders. The Bill of Rights and the latter’s authority over the states. In the skilled hands of award-winning historian Carol Berkin, the story of the founders’ fight over the Bill of Rights comes alive in a drama full of partisanship, clashing egos, and cunning. The Bill of Rights, the fears that generated it, and the miracle of the amendments” (Kirkus Reviews).

of the original Tree of Knowledge, he leaves Bianca under the care, so to speak, and vain Lucrezia—decadent children of a wicked pope—no one can claim innocence

Bianca de Nevada lives perched high above the rolling hills and valleys of Tuscany

Mirror Mirror

the Federalists who transformed the states into an enduring nation.

the Constitution linked them as never before, this landmark work shows that it was

successive crises, they extended the power of the federal government and fended

leadership—George Washington, Alexander Hamilton, and John Adams. Reacting to

and the always-present danger of collapse into mob rule. Carol Berkin reveals that

contingent and fragile, challenged by domestic rebellions, foreign interference,

republic is healthy. Americans continually seek, in the words of the Preamble to

set off a devastating series of consequences as other secrets begin to emerge.

George finds a cache of letters that Sabine has hidden from him, the discovery

political unrest and racial tensions that affect their daily lives. But when

the Homestead Steel Strike of 1892, which led to the dissolution of their

the founding fathers of American industry—Andrew Carnegie and Henry Clay Frick—

Meet You in Hell

Celebrated historian Michael A. Bellesiles reveals that the fires of that fated

presidential election of 1876, white supremacist mobs swept across the South,

killing and driving out the last of the Reconstruction state governments. A strike

involving millions of railroad workers turned violent as it spread from coast to

cost, and for a moment seemed close to toppling the nation's economic structure.

The White Woman on the Green Bicycle

The great republic 1891

Michael A. Bellesiles 2010-08-10 "[A] powerful examination of a nation trying to make sense of the complex changes and challenges of the post-Civil War era."

Carol Berkin, author of A Brilliant Solution: Inventing the American Constitution In 1877—a decade after the Civil War—not only was the United States gripped by a
deep depression, but the country was also in the throes of nearly unimaginable violence and upheaval, marking the end of the brief period known as Reconstruction and reestablishing white rule across the South. In the wake of the contested

presidential election of 1876, white supremacist mobs swept across the South, killing and driving out the last of the Reconstruction state governments. A strike involving millions of railroad workers turned violent as it spread from coast to

cost, and for a moment seemed close to toppling the nation's economic structure.

Celebrated historian Michael A. Bellesiles reveals that the fires of that fated

year also fueled a hothouse of cultural and intellectual innovation. He relates the

story of 1877 not just through dramatic events, but also through the lives of

famous and little-known Americans alike. "A superb and troubling book about the

soul of Modern America." —William Deverell, director of the Huntington-USC

Institute on California and the West "A bold, insightful book, richly researched, and fast paced . . . Bellesiles vividly portrays on a single canvas the violent confrontations in 1877." —Alfred F. Young, coeditor of Revolutionary Founders:

Rebels, Radicals, and Reformers in the Making of the Nation "[A] wonderful read that is sure to appeal to those interested in the challenges of creating a

post-Civil War society." —Choice

Meet You in Hell

Les Standiford 2006-06 Examines the relationship between two of

the founding fathers of American industry—Andrew Carnegie and Henry Clay Frick—

and the Homestead Steel Strike of 1892, which led to the dissolution of their

partnership.

The White Woman on the Green Bicycle

Monique Roffey 2011-04-26 A beautifully

written, unforgettable novel of a troubled marriage, set against the lush

landscape and political turmoil of Trinidad—by the award-winning author of The

Mermaid of Black Conch Monique Roffey's Orange Prize-shortlisted novel is a

gripping portrait of postcolonialism that stands among great works by Caribbean

writers like Jamaica Kincaid and Andrea Levy. When George and Sabine Harwood

arrive in Trinidad from England, George is immediately seduced by the beguiling

island, while Sabine feels isolated, heat-fatigued, and ill-at-ease. As they adapt
to new circumstances, their marriage endures for better or worse, despite growing

political unrest and racial tensions that affect their daily lives. But when

George finds a cache of letters that Sabine has hidden from him, the discovery

sets off a devastating series of consequences as other secrets begin to emerge.
