French Rococo Ébénisterie in the J. Paul Getty Museum Gillian Wilson 2021-03-30 The first comprehensive catalogue of the Getty Museum's significant collection of French Rococo ébénisterie furniture. This catalogue focuses on French ébénisterie furniture in the Rococo style dating from 1735 to 1760. These splendid objects directly reflect the tastes of the Museum’s founder, J. Paul Getty, who started collecting in this area in 1938 and continued until his death in 1976. The Museum’s collection is particularly rich in examples created by the most talented cabinet masters then active in Paris, including Bernard van Risenburgh II (after 1696–ca. 1766), Jacques Dubois (1694–1763), and Jean-François Oeben (1721–1763). Working for members of the French royal family and aristocracy, these craftsmen excelled at producing venerated and marquetried pieces of furniture (tables, cabinets, and chests of drawers) fashionable for their lavish surfaces, refined gilt-bronze mounts, and elaborate design. These objects were renowned throughout Europe at a time when Paris was considered the capital of good taste. The entry on each work comprises both a curatorial section, with description and commentary, and a conservation report, with construction diagrams. An introduction by Anne-Lise Desmas traces the collection's acquisition history, and two technical essays by Arlen Heginbotham present methodologies and findings on the analysis of gilt-bronze mounts and lacquer. www.getty.edu/publications/rococo *Book-plates* William John Hardy 1893 An handbook on bookplate collecting. Three Minutes Anders Roslund 2017-07-25 The long-awaited, stand-alone sequel to The New York Times bestselling novel Three Seconds--now a major motion picture starring Joel Kinnaman Presumed dead by the Stockholm police, master criminal and undercover informant Piet Hoffmann is now on the run from the Swedish authorities, living with his wife and two young sons under an assumed name in Cali, Colombia. Only Hoffmann's former police handler, Erik Wilson, knows where he is--and that he has accepted two dangerous new jobs: one as a high-level enforcer for a Colombian cocaine cartel and one as an infiltrator for the DEA, working to bring the cartel down. The FBI even lends credence to his cover story by adding Hoffmann's alias to the Most Wanted list. But when the Speaker of the House is kidnapped by the cartel during an official visit to Colombia, everything changes--fast. Hoffmann is party to the highest-profile political kidnapping in years and therefore directly in the firing line in what is quickly dubbed the "Final War on Drugs." Suddenly, the Most Wanted list becomes a kill list and the DEA cuts off all contact on orders from the top, leaving Hoffmann and his family stranded. Hoffmann must walk a delicate line as he tries to protect his young family and keep up his dual role as a cartel enforcer and a deniable intelligence asset for the US government. It soon becomes clear that his only chance at getting out alive is to rescue the Speaker of the House and bring him back to the States--but to do it he'll need the help of Ewert Grens, the stubborn, dogged Stockholm detective who hasn't forgotten Hoffmann since the explosive showdown in Aspsas prison years ago.

The Indigenous Identity of the South Saami Håkon Hermanstrand 2019-02-01 This open access book is a novel contribution in two ways: It is a multi-disciplinary examination of the indigenous South Saami people in Fenoscandia, a social and cultural group that often is overlooked as it is a minority within the Saami minority. Based on both historical material such as archaeological evidence, 20th century newspapers, and postcard motives as well as current sources such as ongoing land-right trials and recent works of historiography, the articles highlight the culture and living conditions of this indigenous group, mapping the negotiations of different identities through the interaction of Saami and non-Saami people through the ages. By illuminating this under-researched field, the volume also enriches the more general debate on global indigenous history, and sheds light on the construction of a Scandinavian identity and the limits of the welfare state and the myth of heterogeneity and equality.

We Know You Remember Tove Alsterdal 2021-09-28 “Beautifully elegiac and intricately plotted, this is Nordic noir at its best.”—People Winner of the Glass Key Award for Best Nordic Crime Novel • Best Swedish Crime Novel of the Year • Shortlisted for the Best Swedish Book of the Year Award • One of People Magazine’s Best Books of Fall A missing girl, a hidden body, a decades-long cover-up, and old sins cast in new light: the classic procedural meets Scandinavian atmosphere in this rich, character-driven mystery, awarded Best Swedish Crime Novel of the Year, that heralds the American debut of a supremely skilled international writer. It’s been more than twenty years since Olof Hagström left home. Returning to his family’s house, he knows instantly that something is amiss. The front door key, hidden under a familiar stone, is still there. Inside, there’s a panicked dog, a terrible stench, water pooling on the floor: the father Olaf has not seen or spoken to in decades is dead in the bathroom shower. For police detective Eira Sjödin, the investigation of this suspicious death resurrects long-forgotten nightmares. She was only nine when Olof Hagström, then fourteen, was found guilty of raping and murdering a local girl. The case left a mark on the town’s collective memory—a wound that never quite healed—and tinged Eira’s childhood with fear. Too young to be sentenced, Olof was sent to a youth home and exiled from his family. He was never seen in the town again. Until now. An intricate crime narrative in which past and present gracefully blend, *We Know You Remember* is a relentlessly suspenseful and beautifully written novel about guilt and memory in which nothing is what it seems, and unexpected twists upend everything you think you know.

Classic Book Reviews and Timely Stories Charles J. Scott 2021-04-07 Classic Book Reviews and Timely Stories By: Charles J. Scott We all want to learn from perceptive, intelligent, and experienced individuals we admire so that we may live better lives ourselves. Obviously, we need good guidance and a positive influence on our thought processes for this purpose. That's why we read great books from knowledgeable sources and listen to our role models. Because he likes to reflect on the books he has read and incorporate the favorable impressions they have made on him into his daily activities, author Charles Scott developed the habit of writing a series of book reviews and short stories to commemorate the occasion. The reviews have provided him with a diving platform, or a jumping-off point of departure, for making sound decisions and evaluating his actions. Consequently, the resulting stories represent a celebration of the life and times in which he has lived. They are meant to celebrate humanity in an otherwise uncertain world throughout the ages.

The Immortal Life of Henrietta Lacks Rebecca Skloot 2010-02-02 #1 NEW YORK TIMES BESTSELLER • “The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly.”—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “MOST INFLUENTIAL” (CNN), “DEFINING” (LITHUB), AND “BEST” (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

The Racial Contract Charles W. Mills 2022-04-15 The Racial Contract puts classic Western social contract theory, deadpan, to extraordinary radical use. With a sweeping look at the European expansionism and racism of the last five hundred years, Charles W. Mills demonstrates how this peculiar and unacknowledged “contract” has shaped a system of global European domination: how it brings into existence “whites” and “non-whites,” full persons and sub-persons, how it influences white moral theory and moral psychology; and how this system is imposed on non-whites through ideological conditioning and violence. The Racial Contract argues that the society we live in is a continuing white supremacist state. As this 25th anniversary edition—featuring a foreword by Tommy Shelbie and a new preface by the author—makes clear, the still-urgent *The Racial Contract* continues to inspire, provoke, and influence thinking about the intersection of the racist underpinnings of political philosophy.

The book tackles a difficult subject with great tenderness, validating a child's experience of a parent suffering from depression. "This poignant, gentle book . . . will be immensely helpful to anyone caring for the child of someone with major depression. It fills an important gap in literature for young children."—Andrew Solomon, author of *The Noonday Demon* (winner of the National Book Award) and *Far From the Tree* Zoe's dad isn't home. She still sees him in photographs, laughing and playing tennis, but for now she can only visit him in a building where everyone looks sad and the walls are an ugly pink color. Some days Zoe's dad is too sad to see her, but she goes to the hospital anyway. While waiting she meets Sabina who invites her to swim across the world. Zoe's not sure it's possible, but Sabina tells her, "A girl can do everything she wants." Even though Sabina sometimes dives deep into her own thoughts, the two of them swim around the world many times that summer, until eventually Zoe's dad is ready to come home. The Summer of Diving is a book full of imagination and hope with a tender child's-eye understanding of the world. Encyclopedia of Nordic Crime Fiction Mitzi M. Brunsdale 2016-04-27 Since the late 1960s, the novels of Sjöwall and Wahlöö's *Martin Beck* detective series, along with the works of Henning Mankell, Håkan Nesser and Stieg Larsson, have sparked an explosion of Nordic crime fiction—grim police procedurals treating urgent sociopolitical issues affecting the contemporary world. Steeped in noir techniques and viewpoints, many of these novels are reaching international audiences through film and television adaptations. Caught between the demands of conscience and societal strutures, the detectives in these stories—like the heroes of Norse mythology—know that they and their world must perish, but fight on regardless of cost. At a time of bleak eventualities, Nordic crime fiction interprets the bitter end as a celebration of the indomitable human spirit.
