2022-04-30
When Allan Kragh impulsively follows a beautiful grey-eyed woman onto a train, he doesn’t expect to be sharing a compartment with a notorious master criminal – or to be arrested in his place. Still, he doesn’t bear a grudge, until he realises that his hotel in London is hosting not only the same fellow-travellers, but the Maharajah of Nasirabad and his fabled jewel collection... Beware of Railway-Journeys will take you from a Paris-
bound railway car to a glittering London hotel, in the company of an unassuming hero with a knack for observation. This new edition features an introduction by the author of the Encyclopedia of Nordic Crime Fiction, Mitzi M. Brunsdale. Frank Heller was the pseudonym of Gunnar Serner, who was the first internationally famous Swedish crime writer. This book is a comprehensive study of Nordic Noir television drama from the 1990’s until today. The authors introduce the history of contemporary Nordic Noir from the perspective of place, production and location studies. The chapters include readings of well-known television crime dramas such as Beck, The Killing, Trapped and The Bridge as well as a range of other important Nordic Noir cases. The authors position the development of Nordic Noir in the global market for popular television drama and place the international attention towards Nordic crime dramas within regional development of drama production in Sweden, Denmark, Norway and Iceland. Consequently, Nordic Noir is read as both a transnational financial and creative phenomenon and as a local possibility for community building. Offering a comprehensible,
scholarly and methodologically original approach to the popularity of Nordic television crime dramas, this volume is aimed at readers with an interest in crime drama as well as scholars and students of television drama. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead
for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance?

Intimate in feeling, astonishing in scope, and impossible to put down, The Immortal Life of Henrietta Lacks captures the beauty and
drama of scientific discovery, as well as its human consequences. *Classic Book Reviews and Timely Stories*  
J. Scott 2021-04-07

We all want to learn from perceptive, intelligent, and experienced individuals we admire so that we may live better lives ourselves. Obviously, we need good guidance and a positive influence on our thought processes for this purpose. That's why we read great books from knowledgeable sources and listen to our role models. Because he likes to reflect on the books he has read and incorporate the favorable impressions they have made on him into his daily activities, author Charles Scott developed the habit of writing a series of book reviews and short stories to commemorate the occasion. The reviews have provided him with a diving platform, or a
jumping-off point of departure, for making sound decisions and evaluating his actions. Consequently, the resulting stories represent a celebration of the life and times in which he has lived. They are meant to celebrate humanity in an otherwise uncertain world throughout the ages.

**Encyclopedia of Nordic Crime Fiction** Mitzi M. Brunsdale 2016-04-27

Since the late 1960s, the novels of Sjöwall and Wahlöö’s Martin Beck detective series, along with the works of Henning Mankell, Håkan Nesser and Stieg Larsson, have sparked an explosion of Nordic crime fiction—grim police procedurals treating urgent sociopolitical issues affecting the contemporary world. Steeped in noir techniques and viewpoints, many of these novels are reaching international audiences through film and television adaptations. This reference guide introduces the world of Nordic crime fiction to English-speaking readers. Caught between the demands of conscience and societal strictures, the detectives in these stories—like the heroes of Norse mythology—know that they and their world must perish, but fight on regardless of cost. At a time of bleak eventualities, Nordic crime fiction interprets the bitter end as a celebration of the indomitable human spirit.

**Swedish Marxist Noir**

Per Hellgren 2018-12-06

Marxist theories have had a profound influence on crime fiction, beginning with the works of the American writers of the 1930s. This study explores the development of a Swedish Marxist noir subgenre after the 1990s through a Marxist reading of central works, from the Marlowe novels of Raymond Chandler to the 1960s social crime fiction of...
Sjöwall-Wahlöö to modern bestselling authors such as Henning Mankell, Stieg Larsson, Roslund & Hellström, Jens Lapidus, Arne Dahl and others. The works of these writers show a common thread of Marxist worldview in their portrayal of a modern world gone wrong.

**No Country for Old Men** Cormac McCarthy 2007-11-29 This blistering novel—from the bestselling, Pulitzer Prize–winning author of The Road—returns to the Texas-Mexico border, setting of the famed Border Trilogy. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a
chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning’s headlines. No Country for Old Men is a triumph.

**Stieg and Me** Eva Gabrielsson 2012-07
The poignant account of the 30-year life shared together by Stieg Larsson and Eva Gabrielsson. There is only one person who can tell Stieg Larsson's story other than himself - his lifelong companion and muse, Eva Gabrielsson. Here she tells the story of their 30-year romance, of Stieg's upbringing and early years, and how this shaped his morals and personality. She talks of his life-long
struggle to expose Sweden's Neo-Nazis, of his struggle to keep the magazine he founded, Expo, alive, his difficult relationships with his immediate family, and the joy and relief he discovered writing The Millennium trilogy. Their story is told as a series of short vignettes, and Eva Gabrielsson speaks with rare candour and dignity, inspired only by the truth as she knows it. This book is poignant in its account of two soulmates and the life they shared, and most importantly is deeply insightful into the man everyone wants to know better, and about whom so little is known.

*The Truth about Crime*
Jean Comaroff 2016-12-05
In this book, renowned anthropologists Jean and John L. Comaroff make a startling but absolutely convincing claim about our modern era: it is not by our arts, our politics, or our science that we understand ourselves—it is by our crimes. Surveying an astonishing range of forms of crime and policing—from petty thefts to the multibillion-dollar scams of too-big-to-fail financial institutions to the collateral damage of war—they take readers into the disorder of the late modern world. Looking at recent transformations in the triangulation of capital, the state, and governance that have led to an era where crime and policing are ever more complicit, they offer a powerful meditation on the new forms of sovereignty, citizenship, class, race, law, and political economy of representation that have arisen. To do so, the Comaroffs draw on their
vast knowledge of South Africa, especially, and its struggle to build a democracy founded on the rule of law out of the wreckage of long years of violence and oppression. There they explore everything from the fascination with the supernatural in policing to the extreme measures people take to prevent home invasion, drawing illuminating comparisons to the United States and United Kingdom. Going beyond South Africa, they offer a global criminal anthropology that attests to criminality as the constitutive fact of contemporary life, the vernacular by which politics are conducted, moral panics voiced, and populations ruled. The result is a disturbing but necessary portrait of the modern era, one that asks critical new questions about how we see ourselves, how we think about morality, and how we are going to proceed as a global society.
