Home Deus

Yuval Noah HARARI 2017-02-21 Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon Sapiens, returns with an equally original, compelling, and provocative book, turning his focus toward humanity’s future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague, and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonald’s than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? Homo Deus explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is Homo Deus. With the same insight and clarity that made Sapiens an international hit and a New York Times bestseller, Harari maps out our future. We protect this fragile world from our own destructive powers? This is the next stage of evolution. This is Homo Deus. With the same insight and clarity that made Sapiens an international hit and a New York Times bestseller, Harari maps out our future. The Blight Way

Patrick F. McManus 2007-01-02 A new series by the author of The Bear in the Attic finds Idaho sheriff Bo Tully’s hopes about a rekindled romance with his high-school sweetheart challenged by his father’s upcoming seventy-fifth birthday celebration and a ranch murder involving numerous possible suspects. Reprint. 25,000 first printing.

Pushing to the Front

Orison Swett Marden 1911

Here are the hilarious tales of a sportsman’s life in the great and often not-so great outdoors.

If You Didn’t Bring Jerky, What Did I Just Eat?

Bill Heavey 2008-10-07 A hilarious collection of essays dedicated to life in the great outdoors from Field & Stream’s acclaimed Sportsman’s Life columnist. For nearly a decade, Bill Heavey, an outdoorsman marooned in suburbia, has written the Sportsman’s Life column on the back page of Field & Stream, where he does for hunting and fishing what David Feherty does for golf and Lewis Grizzard did for the South. If You Didn’t Bring Jerky, What Did I Just Eat? is the first collection of Heavey’s sidesplitting observations on life as a hardcore (but often hapless) outdoorsman. Whether he’s hunting cougars in the desert, scheming to make his five-year-old daughter love fishing, or chronicling his father’s life through a succession of canine companions, Heavey brings his trademark wit to a wide-range of outdoor enthusiasms, running the gamut from elite expeditions to ordinary occupations. In turns hysterical and poignant, entertaining and educational, this is an irresistible addition to the collection of any avid outdoorsman—or any suburbanite intrigued by the call of the wild.
