A Lot Like Love Julie James
2011-03-01 An FBI agent and an heiress have to get up close

and personal on an undercover assignment in this thrilling romance from the author of *The Thing About Love*. As the daughter of a billionaire and the owner of the city's top wine store, Jordan Rhodes is invited to the most exclusive parties in Chicago. In exchange for her brother's release from prison, Jordan is going to be there—with a date supplied by the Bureau. As the top undercover agent in Chicago, Nick McCall has one rule: never get personal. This “date” with

Jordan Rhodes is merely an assignment—one they're both determined to pull off even if they can't be together for five minutes before the sarcasm and sparks begin to fly. But when Nick's investigation is compromised, he and Jordan have no choice but to pretend they're a couple, and what starts out as a simple assignment begins to feel a lot like something more...

Catalina Eddy Daniel Pyne

2017-03-07 "Daniel Pyne flips all the standards upside-down with Catalina Eddy and in the process delivers a classic California noir – times three. This is Pyne's masterpiece. I guarantee no reader will go

wanting." –Michael Connelly
Times may change, but crimes never do, and neither do the people who investigate them. A collection of three loosely connected crime novellas, each set in a distinct era, Catalina Eddy is a gritty, hard-boiled exploration into the immutable police underworld of Southern California. In *The Big Empty*, an obstinate Los Angeles detective investigates the murder of his estranged wife while fears of nuclear war and Communism grip the nation; in *Losertown*, a mid-career attorney in San Diego chases down a legendary drug kingpin but chafes against the Reagan Revolution policies of his new boss; and in

Portuguese Bend, set in the present day, an undercover cop is paralyzed in a gunfight but determined to solve what may be her last case as a police officer in Long Beach. They are all, in one way or another, stuck in dreary endless loops of love, murder, and the quest for clarity, release, and redemption. Reminiscent of James Ellroy's grittiness and Raymond Chandler's dark wit, Catalina Eddy is Daniel Pyne's clever homage to—and skillful deconstruction of—traditional noir storytelling. Moody, enthralling, and keenly imagined, Catalina Eddy evokes the characters and ambiance of a singular, peculiar landscape

with cinematic flair.

Doing Justice Preet Bharara
2019-03-19 *A New York Times Bestseller* An important overview of the way our justice system works, and why the rule of law is essential to our survival as a society—from the one-time federal prosecutor for the Southern District of New York, and host of the *Doing Justice* podcast. Preet Bharara has spent much of his life examining our legal system, pushing to make it better, and prosecuting those looking to subvert it. Bharara believes in our system and knows it must be protected, but to do so, he argues, we must also acknowledge and allow for flaws both in our justice system

and in human nature. Bharara uses the many illustrative anecdotes and case histories from his storied, formidable career—the successes as well as the failures—to shed light on the realities of the legal system and the consequences of taking action. Inspiring and inspiringly written, *Doing Justice* gives us hope that rational and objective fact-based thinking, combined with compassion, can help us achieve truth and justice in our daily lives. Sometimes poignant and sometimes controversial, Bharara's expose is a thought-provoking, entertaining book about the need to find the humanity in our legal system as well as in our society.

The FBI Story

Timeless Lucinda Franks

2014-08-19 "Words by the millions have been printed about you, but none have revealed your real life, your secret life--which is that you belong to me." In this beautifully rendered literary memoir, Lucinda Franks, a Pulitzer Prize-winning journalist, tells the intimate story of her marriage to Manhattan District Attorney Robert Morgenthau, one of the

great men of our time. After Lucinda interviewed Bob for The New York Times in 1973, the two took a while to understand that they had fallen in love. Franks was a self-styled radical who marched with protesters and chained herself to fences. Morgenthau was a famous lawyer, a symbol of the establishment, who could have helped put her in jail. She was twenty-six. He was fifty-three. Now, thirty-six years into a marriage that was never supposed to happen, one between two people as deeply in love as they are different, they are living proof that opposites can forge an unbreakable life bond. In

Timeless, Franks offers a confidential tour of their unconventional years together, years that are both hilarious and interlaced with suspense. At the same time, she takes us behind the scenes to reveal the untold stories behind some of Morgenthau's most famous cases, many of which she helped him brainstorm for. A compelling memoir with piercing insights into how a relationship grows and develops over a lifetime, Timeless grants us an enlightening window into one of New York's most famous yet defiant and iconoclastic couples, and the trials and successes of their union.

Woodstock Nation Abbie

Hoffman 1969 "Abbie Hoffman, Yippie non-leader, notorious dope addict and up-and-coming rock group (the WHAT), is currently on trial with seven others for conspiracy to incite riot during the Democratic Convention. When he returned from the Woodstock Festival he had five days before leaving for Chicago to prepare for the trial. Woodstock Nation, which the author wrote in longhand while lying upside down, stoned, on the floor of an unused office of the publisher, is the product of those five days. Other works by Mr. Hoffman include Revolution for the Hell of It and Fuck the System, which he describes as a "tender love epic".-- Back

Saving Justice James Comey
2021-01-12 James Comey, former FBI Director and New York Times bestselling author of *A Higher Loyalty*, uses his long career in federal law enforcement to explore issues of justice and fairness in the US

justice system. James Comey might best be known as the FBI director that Donald Trump fired in 2017, but he's had a long, varied career in the law and justice system. He knows better than most just what a force for good the US justice system can be, and how far afield it has strayed during the Trump Presidency. In his much-anticipated follow-up to *A Higher Loyalty*, Comey uses anecdotes and lessons from his career to show how the federal justice system works. From prosecuting mobsters as an Assistant US Attorney in the Southern District of New York in the 1980s to grappling with the legalities of anti-terrorism work

as the Deputy Attorney General in the early 2000s to, of course, his tumultuous stint as FBI director beginning in 2013, Comey shows just how essential it is to pursue the primacy of truth for federal law enforcement. Saving Justice is gracefully written and honestly told, a clarion call for a return to fairness and equity in the law.

In One Person John Irving

2012-05-08 “My dear boy, please don’t put a label on me – don’t make me a category before you get to know me!”

John Irving’s new novel is a glorious ode to sexual difference, a poignant story of a life that no reader will be able to forget, a book that no one else

could have written. Told with the panache and assurance of a master storyteller, *In One Person* takes the reader along a dizzying path: from a private school in Vermont in the 1950s to the gay bars of Madrid’s Chueca district, from the Vienna State Opera to the wrestling mat at the New York Athletic Club. It takes in the ways that cross-dressing passes from one generation to the next in a family, the trouble with amateur performances of Ibsen, and what happens if you fall in love at first sight while reading *Madame Bovary* on a troop transport ship, in the middle of an Atlantic storm. For the sheer pleasure of the tale, there is no

writer alive as entertaining and enthralling as John Irving at his best. But this is also a heartfelt, intimate book about one person, a novelist named William Francis Dean. By his side as he tells his own story, we follow Billy on a fifty-year journey toward himself, meeting some uniquely unconventional characters along the way. For all his long and short relationships with both men and women, Billy remains somehow alone, never quite able to fit into society's neat categories. And as Billy searches for the truth about himself, *In One Person* grows into an unforgettable call for compassion in a world marked by failures of love and

failures of understanding. Utterly contemporary and topical in its themes, *In One Person* is one of John Irving's most political novels. It is a book that grapples with the mysteries of identity and the multiple tragedies of the AIDS epidemic, a book about everything that has changed in our sexual life over the last fifty years and everything that still needs to. It's also one of Irving's most sincere and human novels, a book imbued on every page with a spirit of openness that expands and challenges the reader's world. A brand new story in a grand old tradition, *In One Person* stands out as one of John Irving's

finest works – and as such, one of the best and most important American books of the last four decades.

The Plague Year Lawrence Wright 2021-06-08 From the Pulitzer Prize-winning author of The Looming Tower, and the pandemic novel The End of October: an unprecedented, momentous account of Covid-19—its origins, its wide-ranging repercussions, and the ongoing global fight to contain it

"A book of panoramic breadth ... managing to surprise us about even those episodes we ... thought we knew well ... [With] lively exchanges about spike proteins and nonpharmaceutical interventions and disease waves, Wright's storytelling dexterity makes all this come alive." —The New York Times Book Review From the fateful first moments of the outbreak in China to the storming of the U.S. Capitol to the extraordinary vaccine rollout, Lawrence Wright's *The Plague Year* tells the story of Covid-19 in authoritative, galvanizing detail and with the full drama of events on both a global and intimate scale, illuminating the

medical, economic, political, and social ramifications of the pandemic. Wright takes us inside the CDC, where a first round of faulty test kits lost America precious time . . . inside the halls of the White House, where Deputy National Security Adviser Matthew Pottinger's early alarm about the virus was met with confounding and drastically costly skepticism . . . into a Covid ward in a Charlottesville hospital, with an idealistic young woman doctor from the town of Little Africa, South Carolina . . . into the precincts of prediction specialists at Goldman Sachs . . . into Broadway's darkened theaters and Austin's struggling

music venues . . . inside the human body, diving deep into the science of how the virus and vaccines function—with an eye-opening detour into the history of vaccination and of the modern anti-vaccination movement. And in this full accounting, Wright makes clear that the medical professionals around the country who've risked their lives to fight the virus reveal and embody an America in all its vulnerability, courage, and potential. In turns steely-eyed, sympathetic, infuriated, unexpectedly comical, and always precise, Lawrence Wright is a formidable guide, slicing through the dense fog of misinformation to give us

a 360-degree portrait of the catastrophe we thought we knew.
