He sees a self-assured, stunning woman...who wants to crush the most intimate—and prized—parts of his anatomy beneath the heels of her Louboutins. When Kennedy looks at Brent, all she sees is the selfish, Abercrombie & Fitch catalogue–worthy teenager who humiliated her in high school in order to join the popular crowd. A crowd that made those years a living hell for her. But she’s not a lovesick social outcast anymore—she’s a Washington, DC, prosecutor with a long winning streak. Brent is the opposing attorney in her next case, and Kennedy thinks it’s time to put him through a little hell of his own. But things aren’t exactly working out the way she planned. Brent has his sights set on Kennedy, and every fiery exchange only makes him want her more—and makes her wonder if he’s as passionate in the bedroom as he is in the courtroom. Chokehold  
Paul Butler

2018-09-18 Finalist for the 2018 National Council on Crime & Delinquency's Media for a Just Society Awards Nominated for the 49th NAACP Image Award for Outstanding Literary Work (Nonfiction) A 2017 Washington Post Notable Book A Kirkus Best Book of 2017 “Butler has hit his stride. This is a meditation, a sonnet, a legal brief, a poetry slam and a dissertation that represents the full bloom of his early thesis: The justice system does not work for blacks, particularly black men.” —The Washington Post “The most readable and provocative account of the consequences of the war on drugs since Michelle Alexander’s The New Jim Crow . . . .” —The New York Times Book Review “Powerful . . . deeply informed from a legal standpoint and yet in some ways still highly personal” —The Times Literary Supplement (London) With the eloquence of Ta-Nehisi Coates and the persuasive research of Michelle Alexander, a former federal prosecutor explains how the system really works, and how to
disrupt it. Cops, politicians, and ordinary people are afraid of black men. The result is the Chokehold: laws and practices that treat every African American man like a thug. In this explosive new book, an African American former federal prosecutor shows that the system is working exactly the way it’s supposed to. Black men are always under watch, and police violence is widespread—all with the support of judges and politicians. In his no-holds-barred style, Butler, whose scholarship has been featured on 60 Minutes, uses new data to demonstrate that white men commit the majority of violent crime in the United States. For example, a white woman is ten times more likely to be raped by a white male acquaintance than be the victim of a violent crime perpetrated by a black man. Butler also frankly discusses the problem of black on black violence and how to keep communities safer—without relying as much on police.

Chokehold powerfully demonstrates why current efforts to reform law enforcement will not create lasting change. Butler’s controversial recommendations about how to crash the system, and when it’s better for a black man to plead guilty—even if he’s innocent—are sure to be game-changers in the national debate about policing, criminal justice, and race relations.

Her Honor LaDoris Hazzard Cordell 2021-10-26 In Her Honor, Judge LaDoris Hazzard Cordell provides a rare and thought-provoking insider account of our legal system, sharing vivid stories of the cases that came through her courtroom and revealing the strengths, flaws, and much-needed changes within our courts. Judge Cordell, the first African American woman to sit on the Superior Court of Northern California, knows firsthand how prejudice has permeated our legal system.
And yet, she believes in the system. From ending school segregation to legalizing same-sex marriage, its progress relies on legal professionals and jurors who strive to make the imperfect system as fair as possible. Her Honor is an entertaining and provocative look into the hearts and minds of judges. Cordell takes you into her chambers where she haggles with prosecutors and defense attorneys and into the courtroom during jury selection and sentencing hearings. She uses real cases to highlight how judges make difficult decisions, all the while facing outside pressures from the media, law enforcement, lobbyists, and the friends and families of the people involved. Cordell’s candid account of her years on the bench shines light on all areas of the legal system, from juvenile delinquency and the shift from rehabilitation to punishment, along with the racial biases therein, to the thousands of plea bargains that allow our overburdened courts to stay afloat—as long as innocent people are willing to plead guilty. There are tales of marriages and divorces, adoptions, and contested wills—some humorous, others heartwarming, still others deeply troubling. Her Honor is for anyone who’s had the good or bad fortune to stand before a judge or sit on a jury. It is for true-crime junkies and people who vote in judicial elections. Most importantly, this is a book for anyone who wants to know what our legal system, for better or worse, means to the everyday lives of all Americans.

Doing Justice Preet Bharara 2019-03-19 *A New York Times Bestseller* An important overview of the way our justice system works, and why the rule of law is essential to our survival as a society—from the one-time federal prosecutor for the Southern District of New York, and host of the Doing Justice podcast. Preet Bharara has spent much of his life examining our legal system, pushing to make it better, and prosecuting those looking to subvert it. system and the consequences of taking action. Sometimes poignant and sometimes controversial, Bharara’s expose is a thought-provoking, entertaining book about the need to find the humanity in our legal system as well as in our society.

**The President's Book of Secrets**

David Priess 2016-03-01

Every president has had a unique and complicated relationship with the intelligence community. While some have been coolly distant, even adversarial, others have found their intelligence agencies to be among the most valuable instruments of policy and power. Since John F. Kennedy's presidency, this relationship has been distilled into a personalized daily report: a short summary of what the intelligence apparatus considers the most crucial information for the president to know that day about global threats and opportunities. This top-secret document is known as the President's Daily Brief, or, within national security circles, simply “the Book.” Presidents have spent anywhere from a few moments (Richard Nixon) to a healthy part of their day (George W. Bush) consumed by its contents; some (Bill Clinton and George H. W. Bush) consider it far and away the most important document they saw on a regular basis while commander in chief. The details of most PDBs are highly classified, and will remain so for many years. But the process by which the intelligence community develops and presents the Book is a fascinating look into the operation of power at the highest levels. David Priess, a former intelligence officer and daily briefer, has interviewed every living president and vice president as
well as more than one hundred others intimately involved with the production and delivery of the president's book of secrets. He offers an unprecedented window into the decision making of every president from Kennedy to Obama, with many character-rich stories revealed here for the first time.

journalist Julie K. Brown recounts her uncompromising and risky investigation of Jeffrey Epstein's underage sex trafficking operation, and the explosive reporting for the Miami Herald that finally brought him to justice while exposing the powerful people and broken system that protected him. For many years, billionaire Jeffrey Epstein's penchant for teenage girls was an open secret in the high society of Palm Beach, Florida and Upper East Side, Manhattan. Charged in 2008 with soliciting prostitution from minors, Epstein was treated with unheard of leniency, dictating the terms of his non-prosecution. The media virtually ignored the failures of the criminal justice system, and Epstein's friends and business partners brushed the allegations aside. But when in 2017 the U.S Attorney who approved Epstein's plea deal, Alexander Acosta, was chosen by President Trump as Labor Secretary, reporter Julie K. Brown was compelled to ask questions. Despite her editor's skepticism that she could add a new dimension to a known story, Brown determined that her goal would be to track down the victims themselves. Poring over thousands of redacted court documents, traveling across the country and chasing down information in difficulty and sometimes dangerous circumstances, Brown tracked down dozens of Epstein's victims, now young women struggling to reclaim their lives after the trauma and shame they had endured. Brown's resulting three-part series in the Miami Herald was one of the most explosive news stories of the decade, revealing how Epstein ran a global sex trafficking pyramid scheme with impunity for years, targeting vulnerable teens, often from fractured homes and then turning them into recruiters. The outrage led to
Epstein's arrest, the disappearance and eventual arrest of his closest accomplice Ghislaine Maxwell, and the resignation of Acosta. The financier's mysterious suicide in a New York City jail cell prompted wild speculation about the secrets he took to the grave—and whether his death was intentional or the result of foul play. Tracking Epstein's evolution from a college dropout to one of the most successful financiers in the country—whose associates included Donald Trump, Prince Andrew, and Bill Clinton—Perversion of Justice builds on Brown's original award-winning series, showing the power of truth, the value of local reportage and the tenacity of one woman in the face of the deep-seated corruption of powerful men.

Catalina Eddy Daniel Pyne 2017-03-07 "Daniel Pyne flips all the standards upside-down with Catalina Eddy and in the process delivers a classic California noir—times three. This is Pyne's masterpiece. I guarantee no reader will go wanting.” —Michael Connelly Times may change, but crimes never do, and neither do the people who investigate them. A collection of three loosely connected crime novellas, each set in a distinct era, Catalina Eddy is a gritty, hard-boiled exploration into the immutable police underworld of Southern California. In The Big Empty, an obstinate Los Angeles detective investigates the murder of his estranged wife while fears of nuclear war and Communism grip the nation; in Losertown, a mid-career attorney in San Diego chases down a legendary drug kingpin but chafes against the Reagan Revolution policies of his new boss; and in Portuguese Bend, set in the present day, an undercover cop is paralyzed in a gunfight but determined to solve what may be her last case as a...
police officer in Long Beach. They are all, in one way or another, stuck in dreary endless loops of love, murder, and the quest for clarity, release, and redemption. Reminiscent of James Ellroy’s grittiness and Raymond Chandler’s dark wit, Catalina Eddy is Daniel Pyne’s clever homage to—and skillful deconstruction of—traditional noir storytelling. Moody, enthralling, and keenly imagined, Catalina Eddy evokes the characters and ambiance of a singular, peculiar landscape with cinematic flair. An Investigation Into the Removal of Nine U.S. Attorneys in 2006

United States.

*The Suspect* Kent Alexander
The “intensively reported and fluidly written” true-crime account of the heroic security guard accused of the 1996 Centennial Olympic Park bombing (Wall Street Journal).

On July 27, 1996, security guard Richard Jewell spotted a suspicious bag in Atlanta’s Centennial Olympic Park, the town square of the 1996 Summer Games. Inside was a bomb, the largest of its kind in FBI and ATF history. The bomb detonated amid a crowd of fifty thousand people. But thanks to Jewell, it only wounded 111 and killed two, not the untold scores who would have otherwise died.

Yet seventy-two hours later, the FBI turned Jewell from a national hero into their main suspect. The decision not only changed Jewell’s life, it let the true bomber roam free to strike again. Today, most of what we remember of this tragedy is wrong. In a triumph of investigative journalism, former U.S. Attorney Kent Alexander and reporter Kevin Salwen reconstruct events before, during, and after the bombing. Drawn from law enforcement evidence and the extensive personal records of key players—including Richard himself—The Suspect, is a gripping story of domestic terrorism and an innocent man’s fight to clear his name.

*A Lick of Frost* Laurell K. Hamilton 2007-10-23 I am Meredith Gentry, princess and heir apparent to the throne in the realm of faerie, onetime private investigator in the mortal world. To be crowned queen, I must first continue the royal bloodline and give birth to an heir of my own. If I fail, my aunt, Queen Andais, will be free to do what
she most desires: install her twisted son, Cel, as monarch . . . and kill me. My royal guards surround me, and my best loved—my Darkness and my Killing Frost—are always beside me, sworn to protect and make love to me. But still the threat grows greater. For despite all my carnal efforts, I remain childless, while the machinations of my sinister, sadistic Queen and her confederates remain tireless. So my bodyguards and I have slipped back into Los Angeles, hoping to outrun the gathering shadows of court intrigue. But even exile isn’t enough to escape the grasp of those with dark designs. Now King Taranis, powerful and vainglorious ruler of faerie’s Seelie Court, has leveled accusations against my noble guards of a heinous crime—and has gone so far as to ask the mortal authorities to prosecute. If he succeeds, my men face extradition to faerie and the hideous penalties that await them there. But I know that Taranis’s charges are baseless, and I sense that his true target is me. He tried to kill me when I was a child. Now I fear his intentions are far more terrifying.
