A Place for Weakness Michael Horton 2010-08-24 In a world of hype, we may buy into the idea that through Jesus, we'll be healthier and wealthier as well as wiser. So what happens when we become ill, or depressed, or bankrupt? Did we do something wrong? Has God abandoned us? As a child, Michael Horton would run up the down escalator, trying to beat it to the top. As Christians, he notes, we sometimes seek God the same way, believing we can climb to him under our own steam. But we can't, which is why we are blessed that Jesus descends to us, especially during times of trial. In Too Good to Be True, Horton exposes the pop culture that sells Jesus like a product for health and happiness and reminds us that our lives often lead us on difficult routes we must follow by faith. This book offers a series of powerful readings that demonstrate how, through every type of earthly difficulty, our Father keeps his promises from Scripture and works all things together for our good.

Mission from a Position of Weakness Paul Yonggap Jeong 2007 This book deals with mission from a position of weakness from the perspective of Kingdom of God missiology. Both in the Bible and history, God’s power in mission is manifested through the weakness of the cross of Jesus and of his disciples in any era. In this book, the author asserts that the principles of mission from a position of weakness should be the foundational and guiding value for mission of the whole Church of Christ.

Making Eye Health a Population Health Imperative
National Academies of Sciences, Engineering, and Medicine 2017-01-15 The ability to see deeply affects how human beings perceive and interpret the world around them. For most people, eyesight is part of everyday communication, social activities, educational and professional pursuits, the care of others, and the maintenance of personal health, independence, and mobility. Functioning eyes and vision system can reduce an adult’s risk of chronic health conditions, death, falls and injuries, social isolation, depression, and other psychological problems. In children, properly maintained eye and vision health contributes to a child’s social development, academic achievement, and better health across the lifespan. The public generally recognizes its reliance on sight and fears its loss, but emphasis on eye and vision health, in general, has not been integrated into daily life to the same extent as other health promotion activities, such as teeth brushing; hand washing; physical and mental exercise; and various injury prevention behaviors. A larger population health approach is needed to engage a wide range of stakeholders in coordinated efforts that can sustain the scope of behavior change. The shaping of socioeconomic environments can eventually lead to new social norms that promote eye and vision health. Making Eye Health a Population Health Imperative: Vision for Tomorrow proposes a new population-centered framework to guide action and coordination among various, and sometimes competing, stakeholders in pursuit of improved eye and vision health and health equity in the United States. Building on the momentum of previous public health efforts, this report also introduces a model for action that highlights different levels of prevention activities across a range of stakeholders and provides specific examples of how population health strategies can be translated into cohesive areas for action at federal, state, and local levels.

Mercy for Today
Jonathan Parnell 2020-01-07 You cannot make it without God’s mercy. Do we just need God’s grace in dark and shameful moments? Are prayers for mercy only for those times when we really mess up? Jonathan Parnell says we need God’s mercy all the time. In fact, contrary to many church cultures, Parnell shows that asking God for mercy should be as regular as asking God for our daily bread. There’s no doubt that David was in a terrible predicament when he first prayed the words of Psalm 51. It was a dark and shameful moment in the Bible, and one so dark and shameful it seldom feels relevant to us today. But David’s most desperate prayer is really a prayer for all of us—and not just for our worst moments, but for our every moment. In these pages, you’ll discover: how to pray a daily, memorable prayer derived from Psalm 51 how to practice daily repentance and soul care how to pursue God and experience his joy in the Christian life This is God’s mercy, and it’s Mercy for Today.

Walking Through Fire
Vaneetha Rendall Risner 2021-01-19 The astonishing, Job-like story of how an existence filled with loss, suffering, questioning, and anger became a life filled with shocking and incomprehensible peace and joy. Vaneetha Risner contracted polio as an infant, was misdiagnosed, and lived with widespread paralysis. She lived in and out of the hospital for ten years and, after each stay,
would return to a life filled with bullying. When she became a Christian, though, she thought things would get easier, and they did: carefree college days, a dream job in Boston, and an MBA from Stanford where she met and married a classmate. But life unraveled. Again. She had four miscarriages. Her son died because of a doctor’s mistake. And Vaneetha was diagnosed with post-polio syndrome, meaning she would likely become a quadriplegic. And then her husband betrayed her and moved out, leaving her to raise two adolescent daughters alone. This was not the abundant life she thought God had promised her. But, as Vaneetha discovered, everything she experienced was designed to draw her closer to Christ as she discovered "that intimacy with God in suffering can be breathtakingly beautiful."

Preparing for the Psychological Consequences of Terrorism

Institute of Medicine 2003-09-26
The Oklahoma City bombing, intentional crashing of airliners on September 11, 2001, and anthrax attacks in the fall of 2001 have made Americans acutely aware of the impacts of terrorism. These events and continued threats of terrorism have raised questions about the impact on the psychological health of the nation and how well the public health infrastructure is able to meet the psychological needs that will likely result. Preparing for the Psychological Consequences of Terrorism highlights some of the critical issues in responding to the psychological needs that result from terrorism and provides possible options for intervention. The committee offers an example for a public health strategy that may serve as a base from which plans to prevent and respond to the psychological consequences of a variety of terrorism events can be formulated. The report includes recommendations for the training and education of service providers, ensuring appropriate guidelines for the protection of service providers, and developing public health surveillance for preevent, event, and postevent factors related to psychological consequences.

A Place for Weakness
Michael S. Horton 2010-08-06
The good news that God’s Word proclaims is a recipe to use in times of disaster. That is to say, it comes as a relevant announcement only to those who are in trouble for one reason or another. A Place for Weakness, formerly titled Too Good to Be True, by award-winning Michael Horton, calls for more realism in facing life’s challenges and a richer view of God and his purposes to match them.

Making a Stand for Animals
Oscar Horta 2022-06-23
Engaging and thought-provoking, this book examines how humans see and treat other animals and argues that we should extend equal consideration and respect to all beings, human and nonhuman alike. Our world is plighted by ‘isms’ such as racism and sexism, but we may have overlooked a very important one: speciesism. Speciesism is a form of discrimination against those who don’t belong to a certain species. It drives us to see nonhuman animals as objects, rather than individuals with their own interests and with the
ability to feel and suffer. This book questions all of
the assumptions speciesism is based upon. It raises
many challenging questions over humans’ very
complicated attitudes toward other animals.
Thinking about how animals are used as well as the
suffering of wild animals, and what the future may
be for all beings, this book calls for society to
seriously take into account the interests of all
animals. For all who care about animals, or simply
how to make the world a better place, this book is
essential reading.

The Two Voices Within  Nickolas Martin and Linda
M. Martin  2015-12-21

Ego and Spirit both speak profoundly within our lives. Can you hear what
they are saying to you? These two voices are the
main energies that rise up and give shape to our
thoughts, feelings, behaviors, and physical health.
As we go about meeting life’s challenges—such as
change, adversity, stressors, conflicts, relationships,
self-esteem, achievement, and our ability to
experience genuine happiness—the voice of an
unconscious, imbalanced ego is unfortunately the
one we more often hear and heed, leading us into a
lesser version of ourselves. The Two Voices Within:
Balancing the Energies of Ego and Spirit to
Enhance Your Life invites you to more clearly hear
what both of these voices are saying so that you can
speak with more of your true voice and recognize
the One Voice of the Universe. This awakening
will enable you to be the best version of yourself
and optimally meet life’s challenges.

THE MILLION COPY INTERNATIONAL BESTSELLER

Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power.

(From the Playboy interview with Jay-Z, April 2003)

PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven’t? JAY-Z: I would say that it’s from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

**Reality Christianity: A Study of II Corinthians:** Radiating Christ in Our Cracked Lives Nancy W. Carroll 2021-08-10 My grace is enough; it’s all you need. My strength comes into its own in your weakness. II Corinthians 12:9a The Message In our increasingly "virtual reality world," we often wonder what or who is real. Paul shows what it means to be real in II Corinthians, even when that means facing suffering, failure, criticism, and weakness. He reveals the truth that we can, with unveiled faces, radiate the glory of God to those around us as we embrace Jesus Christ and his power in our cracked lives. II Corinthians deals with the paradox of God's grace being sufficient (even activated) in our weakness. "So we're not giving up. How could we! Even though on the outside it often looks like things are falling apart on us, on the inside, where God is making new life, not a day goes by without his unfolding grace. These hard times are small potatoes compared to the
coming good times, the lavish celebration prepared for us. There's far more here than meets the eye. The things we see now are here today, gone tomorrow. But the things we can't see now will last forever.” II Corinthians 4:16-18 The Message

Through this study, I pray you will: Increasingly know and love the real Christ, and relish and radiate Him. Increasingly know and love the real "you" and drop veils to reveal yourself to others. Increasingly embrace the reality that "real" ministry is through Christ’s power in your brokenness and weakness. This 13-week II Corinthians Bible Study is part of the Beholding-is-Becoming Series which reorients Christians to remember the truth of who they are and will become for the Kingdom of God. In Christ, God sees believers as His beloved. In His Spirit, they can fully, freely, and confidently behold Jesus Christ through Scripture and become more like Him. The Beholding-is-Becoming series connect people to the love of Christ through intelligent, intimate, and accessible Scripture studies using an integrated "head/heart/hands" rhythm with the following features: 10-minute daily devotional questions, Discovery sheets for deeper, personal connection with Scripture, Concise commentary Guides for teachers and small-group facilitators, Nancy speaks, teaches, provides soul care, and leads retreats. God and the Pandemic N. T. Wright 2020-06-02

Discover a different way of seeing and responding to the Coronavirus pandemic, an approach drawing on Scripture, Christian history, and the way of living, thinking, and praying revealed to us by Jesus. What are we supposed to think about the Coronavirus crisis? Some people think they know: "This is a sign of the End," they say. "It’s all predicted in the book of Revelation." Others disagree but are equally clear: "This is a call to repent. God is judging the world and through this disease he’s telling us to change." Some join in the chorus of blame and condemnation: "It’s the fault of the Chinese, the government, the World Health Organization..." N. T. Wright examines these reactions to the virus and finds them wanting. Instead, he shows that a careful reading of the Bible and Christian history offers simple though profound answers to our many questions, including: What should be the Christian response? How should we think about God? How do we live in the present? Why should we lament? What should we learn about ourselves? How do we recover? Written by one of the world’s foremost New Testament scholars, God and the Pandemic will serve as your guide to read the events of today through the light of Jesus’ death and resurrection.

The Joy of the Gospel Pope Francis 2014-10-07

The perfect gift! A specially priced, beautifully designed hardcover edition of The Joy of the Gospel with a foreword by Robert Barron and an afterword by James Martin, SJ. “The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church’s journey in years to
come.” – Pope Francis This special edition of Pope Francis’s popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for “the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned,” the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, “to recognize the traces of God’s Spirit in events great and small.” Profound in its insight, yet warm and accessible in its tone, The Joy of the Gospel is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Core Christianity Michael Horton 2016-04-05 What beliefs are core to the Christian faith? This book is here to help you understand the reason for your hope as a Christian so that you can see it with fresh sight and invite others into the conversation. A lot of Christians take their story—the narratives that give rise to their beliefs—for granted. They pray, go to church, perhaps even read their Bible. But they might be stuck if a stranger asked them to explain what they believe and why they believe it. Author, pastor, and theologian Mike Horton unpacks the essential and basic beliefs that all Christians share in a way that is easy to understand and applicable to our lives today. And in a way that will make you excited to be a Christian! Core Christianity covers topics like: Jesus as both fully God and fully man. The doctrine of the Trinity. The goodness of God despite a broken world. The ways God speaks. The meaning of salvation. What is the Christian calling? Includes discussion questions for individual or group use. This introduction to the basic doctrines of Christianity is perfect for those who are new to the faith, as well as those who have an interest in deepening their understanding of what it means to be a follower of Jesus Christ.
