Which is why Lord Francis Powerscourt finds himself summoned by the British Museum to attend a most urgent matter. The Caryatid has been stolen and an inferior copy left in her place. Powerscourt agrees to handle the case discreetly - but then comes the first death: an employee of the British Museum is pushed under a rush hour train before he and the police can question him. **The Cold Cold Ground** Adrian McKinty 2019-05-28 McKinty’s previous book, Falling Glass, was an Audible.com Best Thriller of 2011 Northern Ireland, spring 1981. Hunger strikes, riots, power cuts, a homophobic serial killer with a penchant for opera, and a young woman’s suicide that may yet turn out to be murder: on the surface, the events are unconnected, but then things—and people—aren’t always what they seem. Detective Sergeant Duffy is the man tasked with trying to get to the bottom of it all. It’s no easy job—especially when it turns out that one of the victims was involved in the IRA but was last seen discussing the police’s plans with someone from the loyalist Ulster Volunteer Force. Add to this the fact that, as a Catholic policeman, it doesn’t matter which side he’s on, because nobody trusts him, and Duffy really is in a no-win situation. Fast-paced, evocative, and brutal, The Cold Cold Ground is a brilliant depiction of Belfast at the height of the Troubles—and of a cop treading a thin, thin line.

**The Good Death** Ann Neumann 2017-02-07 Following the death of her father, journalist and hospice volunteer Ann Neumann sets out to examine what it means to die well in the United States. When Ann Neumann’s father was diagnosed with non-Hodgkin’s lymphoma, she left her job and moved back to her hometown of Lancaster, Pennsylvania. She became his full-time caregiver—cooking, cleaning, and administering medications. When her father died, she was undone by the experience, by grief and the visceral quality of dying. Neumann struggled to put her life back in order and found herself haunted by a question: Was her father’s death a good death? The way we talk about dying and the way we actually die are two very different things, she discovered, and many of us are shielded from what death actually looks like. To gain a better understanding, Neumann became a hospice volunteer and set out to discover what a good death is today. She attended conferences, academic lectures, and grief sessions in church basements. She went to Montana to talk with the attorneys who successfully argued for the legalisation of aid in dying, and to Scranton, Pennsylvania, to listen to “pro-life” groups who believe the removal of feeding tubes from some patients is tantamount to murder. Above all, she listened to the stories of those who were close to death. What Neumann found is that death in contemporary America is much more complicated than we think. Medical technologies and increased life expectancies have changed the very definition of medical death. And although death is our common fate, it is also a divisive issue that we all experience differently. What constitutes a good death is unique to each of us, depending on our age, race, economic status, culture, and beliefs. What’s more, differing concepts of choice, autonomy, and consent make death a contested landscape, governed by social, medical, legal, and religious systems. In these pages, Neumann brings us intimate portraits of the nurses, patients, bishops, bioethicists, and activists who are shaping the way we die. The Good Death presents a fearless examination of how we approach death, and how those of us close to dying loved ones live in death’s wake.

**Natural Causes** James Oswald 2013-10-08 Edinburgh Detective Inspector Tony McLean is drawn into a set of cases separated by six decades, but connected by a macabre and brutal ritual killing in the first entry of the Detective Inspector MacLean mystery series. A young girl's mutilated body is discovered in a room that has lain sealed for the last sixty years. Her remains are carefully arranged in what seems to have been a macabre ritual. For newly appointed Edinburgh Detective Inspector Tony McLean, this baffling cold case ought to be a low priority, but he is haunted by the young victim and her grisly death. Meanwhile, the city is horrified by a series of bloody killings—deaths for which there appears to be neither rhyme nor reason, and which leave Edinburgh’s police at a loss. McLean is convinced that these deaths are somehow connected to the terrible ceremonial killing of the girl, all those years ago. It is an irrational theory. And one that will lead McLean closer to the heart of a terrifying and ancient evil . . .
