Unfortunately, she seems to be asking too much of fate, because suddenly she's lumbered with a number of distractions that have the potential to postpone, or even cancel, the Binding.

There's a guarded fiancé to crack, a complicated potential to postpone, or even cancel, the Binding. She's not about to cede any of those problems to Jared's ex to alienate, and a bunch of snobbish Master Vampires to win over - or offend, whichever. On the upside, things couldn't possibly be any worse, could they? Actually, yes they could. Due to a cruel twist of fate, something strange is happening to Sam - something that is changing her in ways she doesn't like or understand. With the help of Jared and those closest to her, she has to not only handle the threats to the Binding Ceremony, but find a way to fix what has been done to her - and fast.

Warning: This book contains a stubborn and occasionally homicidal female vampire, a powerful and overprotective male vampire who refuses to lose her, and scenes of a sexual explicit nature.

**Spiritual Purification in Islam**

Gavin Picken 2011-03-21

Purification of the soul is a principle that is central to understanding Islamic spirituality but despite this, relatively little has been written explicitly in the English language on this subject. This book provides an overview of spiritual purification. This book examines the work of a scholar of this discipline, al-Hārith al-Muhāsibī, who lived and worked during the classical Islamic period under the Abbāsid Caliphate, and who is known for his skills in many disciplines, including the Qur'ān, Prophetic narration and scholastic theology, it is his mastery of the field of Islamic spirituality and moral psychology for which he is best remembered. Assessing the extent to which the religious, philosophical and economic factors played a part in his life and work, Gavin Picken provides a comprehensive overview of his work and its great significance in the development of Islamic spirituality. The book is laid out in chronological order and providing the most comprehensive appraisal of his works to date, it explores a facet of al-Muhāsibī’s teaching which as yet has not been studied, namely his understanding, concept and methodology regarding the purification of the soul within the Islamic paradigm. As such, it will be of great interest not only to researchers and students of Sufism but also to scholars of comparative spirituality and mysticism.
