South Carolina Advanced Real Estate Principles Stephen Mettling 2021-12-06 The South Carolina Advanced Real Estate Principles: the “SCAP” Unit II Program has been developed to satisfy South Carolina’s 30-hour Unit II requirement. The course also fulfills the Real Estate Commission’s objective of giving South Carolina real estate licensees a carefully developed reinforcement of key real estate brokerage principles, concepts, and practices necessary to initiate a productive, professional career in real estate. Beyond an initial review of key principles, the SCAP Program takes on a further examination of essential skills and practices that will be necessary to meet client and customer transactional requirements within South Carolina’s legal framework. Such skills examined include compliance with South Carolina agency and disclosure laws; how to properly represent and disclose property characteristics; and an intensive look at South Carolina transaction contracts: listings; the sales contract; options and contracts for deed. Beyond its agency and contracts topics, the SCAP further examines the other key subjects required by the Commission: ethics; handling trust funds; regulatory compliance; and critical cornerstones of professional practice. Finally, the last two modules of the SCAP program examine the various methods used to measure real property; price and appraise real property; and evaluate how real property is evaluated as a professional investment. These considerations encompass income properties as well as residential non-income property, and include pre-tax analysis as well as after-tax analysis. Taken as a whole, the South Carolina Advanced Real Estate Principles program is designed to deepen the new licensee’s understanding of how brokerage works in actual practice – and how it is supposed to be undertaken in view of today’s standards of professionalism, ethics, and legal compliance.

Fundamentals of Advanced Accounting Joe Ben Hoyle 2003-07-01 Fundamentals of Advanced Accounting, 1e, by Hoyle/Schaefer/Doupnik is ideal for those schools wanting to cover 12 chapters in their advanced Accounting course. Typically, this course covers 5-6 consolidations chapters, two foreign currency chapters, two partnership chapters, and 2-3 governmental and not-for-profit chapters.

Fundamentals of Advanced Accounting will boast all the great talents of the Advanced Accounting, 7e, by Hoyle/Schaefer/Doupnik, including the incorporation of the latest FASB pronouncements, the integration of skill preparation for the new CPA exam (research, analysis, judgment, and communication), and finally - great authorship.

Advanced Accounting Debra C. Jeter 2019-01-30 Advanced Accounting delivers an in-depth, comprehensive introduction to advanced accounting theory and application, using actual business examples and relevant news stories to demonstrate how core principles translate into real-world business scenarios. Clearly defined and logically organized Learning Objectives aid in student comprehension, while highlighted Related Concepts illustrate how individual concepts fit into the larger picture. Short answer questions throughout the chapter allow students to test their knowledge before reaching the more in-depth end-of-chapter questions, promoting a deeper understanding of both technical and conceptual aspects of the field. Written by active accounting researchers, this text brings clarity and flexibility to the central ideas underlying business combinations, consolidated financial statements, foreign currency transactions, partnerships, non-profit accounting and more. This new Seventh Edition has been updated to reflect the latest changes to FASB and GASB standards, allowing students to build a skill set based on up-to-date practices. With a student-oriented pedagogy designed to enhance comprehension, promote engagement, and build real-world understanding, this user-friendly book provides an essential foundation in current advanced accounting methods and standards.

Advanced Level Financial Reporting Exam Room Notes 2019 A. C. A. ACA Simplified 2019-04-05 Our Advanced Level Financial Reporting Exam Room Notes 2019 provide an alphabetically-organised set of quick reference notes of relevance to both the Corporate Reporting and Strategic Business Management Advanced Level examinations. The 2019 edition of the book has been extensively revised to allow for IFRS 9 and IFRS 15 becoming the main examinable standards on financial instruments and revenue (respectively) in the 2019 Advanced Level syllabus. We have worked backwards from the model answers to all Advanced Level past papers, Mock exams and Question Bank questions to summarise approximately 75 highly examinable financial reporting areas into sets of key mark-scoring points - ideal to prevent you dropping easy marks by forgetting basic points and also helpful when attacking harder parts of the questions. In addition, it is vital to revise brought-forward knowledge from the Professional Level paper in Financial Accounting and Reporting (FAR) as part of your preparations for the Advanced Level examinations (in many Corporate Reporting examinations, brought-forward FAR knowledge is worth at least as many marks as the new Advanced Level FR topics). Therefore, the book also includes key model answer points from our review of all FAR past papers, Mock exams and Question Bank questions to provide useful reminders - examiner feedback is often that the brought-forward knowledge of candidates is weak, losing many potentially easy marks. All content is organised in a sensible alphabetical format so that you can very quickly find the content that you need. This organisation is more efficient than organisation by Study Manual chapter and should save you time in finding the information you require - just head to the “D” section for Deferred Tax, rather than having to remember to look in chapter 22 of the Study Manual. The book has been developed by the same authors behind our very successful BPT Exam Room Notes and SBM Exam Room Notes books and is based on our trademark style of simple, clear and succinct explanations of syllabus content with a focus on what you really need to do to get the marks as quickly as possible. Important notice: this set of Exam Room Notes has been designed as a quick reference resource to remind you of content that you should already have studied in detail based on the ICAEW Study Manual and your tuition provider’s notes. You must already have studied the Advanced Level syllabus in detail before using this book - the book is in no way designed to replace the Study Manual as a learning resource. If you have invested insufficient time in learning the syllabus content then our Exam Room Notes will not be comprehensible or useful as the book only provides reminders regarding material you must already have studied. Look out for our other Advanced Level Exam Room Notes

Advanced Accounting Joe Ben Hoyle 2014-02-01 The approach used by Hoyle, Schaefer, and Doupnik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field’s many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards.
