Losers Bracket Chris Crutcher 2018-04-03 When a family argument turns into an urgent hunt for a missing child, seventeen-year-old Annie Boots must do everything in her power to bring her nephew home safely. Chris Crutcher, the acclaimed and bestselling author of Staying Fat for Sarah Byrnes, shares a provocative story about family, loss, and loyalty that is perfect for fans of Jason Reynolds and Laurie Halse Anderson. The Bulletin of the Center for Children's Books called Losers Bracket “Genuine and affecting.” When it comes to family, Annie is in the losers bracket. While her foster parents are great (mostly), her birth family would not have been her first pick. And no matter how many times Annie tries to write them out of her life, she always gets sucked back into their drama. Love is like that. But when a family argument breaks out at Annie’s swim meet and her nephew goes missing, Annie might be the only one who can get him back. With help from her friends, her foster brother, and her social service worker, Annie puts the pieces of the puzzle together, determined to find her nephew and finally get him into a safe home. Award-winning author Chris Crutcher’s books are strikingly authentic and unflinchingly honest. Losers Bracket is by turns gripping, heartbreaking, hopeful, and devastating, and hits the sweet spot for fans of Andrew Smith and Marieke Nijkamp.

King of the Mild Frontier Chris Crutcher 2009-09-22 ALA
Best Fiction for Young Adults * New York Public Library Books for the Teen Age A riveting, scorching—and hilarious—autobiography by the award-winning author of Staying Fat for Sarah Byrnes and Deadline. From trying to impress a member of the girls’ softball team (with disastrous dental results) to enduring the humiliation of his high school athletic club initiation (olives and oysters play unforgettable roles), Chris Crutcher’s memoir of the tricky road to adulthood is candid, disarming, laugh-out-loud funny, relevant, and never less than riveting. He vividly describes a temper that was always waiting to trip him up even as it sustained him through some of the most memorable mishaps any child has survived. And how did this guy (he lifted his brother’s homework through the entire tenth grade) ever become a writer, not to mention the author of fourteen critically acclaimed books for young people? The frontier may be mild, but the book is not. Fans of Tara Westover’s Educated, Jack Gantos’s Hole in My Life, and Walter Dean Myers’s Bad Boy will laugh, will cry, and will remember. “Funny, bittersweet and brutally honest. Readers will clasp this hard-to-put-down book to their hearts even as they laugh sympathetically.”—Publishers Weekly (starred review)

Darius & Twig Walter Dean Myers 2013-04-23 New York Times bestselling author and Printz Award winner Walter Dean Myers once again connects with teenagers everywhere in Darius & Twig, a novel about friendship and needing to live one's own dream. This touching and raw teen novel from the author of Monster, Kick, We Are America, Bad Boy, and many other celebrated literary works for children and teens is a Coretta Scott King Honor Book. Darius and Twig are an unlikely pair: Darius is a writer whose only escape is his alter ego, a peregrine falcon named Fury, and Twig is a middle-distance runner striving for athletic success. But they are drawn together in the struggle to
overcome the obstacles that life in Harlem throws at them. The two friends must face down bullies, an abusive uncle, and the idea that they'll be stuck in the same place forever. Maria Russo, writing in the New York Times, included Darius & Twig on her list of "great kids' books with diverse characters." She commented: "The late Myers, one of the greats and a champion of diversity in children’s books well before the cause got mainstream attention, is at his elegant, heartfelt best in this 2013 novel. It’s about two friends growing up in Harlem, one a writer, one an athlete, facing daily challenges and trying to dream of a brighter future."

**Period 8** Chris Crutcher  
2013-03-26 In this terrifying and provocative novel by the bestselling and award-winning author of Deadline and Staying Fat for Sarah Byrnes, a teenage boy tries to uncover what happened to a girl who has vanished from his high school. Was she abducted, or did she run for her life? Paul "The Bomb" Baum tells the truth. No matter what. It was something he learned at Sunday school. But telling the truth can cause problems, and not just minor ones. And as Paulie discovers, finding the truth can be even more problematic. Period 8 is supposed to be that one period in high school where the truth can shine, a safe haven. Only what Paulie and Hannah (his ex-girlfriend, unfortunately) and his other classmates don't know is that the ultimate liar is in their midst. Terrifying, thought-provoking, and original, this novel combines all the qualities of a great psychological thriller with the controversy, ethics, athletics, humor, and raw emotion of a classic Crutcher story.

**The Deep End** Chris Crutcher
1994 A therapist treating abused children and families in crisis, Wilson Corder faces his most horrifying experience yet when seven-year-old Sabrina Parker is kidnapped and his own children's lives are threatened. Reprint.

**Athletic Shorts** Chris Crutcher 2009-09-22 These six powerful short stories chronicle bits of the lives of characters, major and minor, who have walked the rugged terrain of Chris Crutcher's earlier works. They also introduce some new and unforgettable personalities who may well be heard from again in future books. As with all Crutcher's work, these are stories about athletes, and yet they are not sport stories. They are tales of love and death, bigotry and heroism, of real people doing their best even when that best isn't very good. Crutcher's straightforward style and total honesty have earned him an admiring audience and made readers of many nonreaders.

**The Natural** Bernard Malamud 2003-07-07 Introduction by Kevin Baker The Natural, Bernard Malamud's first novel, published in 1952, is also the first—and some would say still the best—novel ever written about baseball. In it Malamud, usually appreciated for his unerrering portrayals of postwar Jewish life, took on very different material—the story of a superbly gifted "natural" at play in the fields of the old daylight baseball era—and invested it with the hardscrabble poetry, at once grand and altogether believable, that runs through all his best work. Four decades later, Alfred Kazin's comment still holds true: "Malamud has done something which—now that he has done it!—looks as if we have been waiting for it all our lives. He has really raised the whole passion and craziness and fanaticism of baseball as a popular spectacle to its ordained place in mythology."

**Ironman** Chris Crutcher 2009-09-22 Bo Brewster has been at war with his father for as long as he can remember. Following angry outbursts at his football coach and English
teacher that have cost him his spot on the football team and moved him dangerously close to expulsion from school, he turns to the only adult he believes will listen: Larry King. In his letters to Larry, Bo describes his quest for excellence on his own terms. No more coaches for me, he tells the talk show icon, no more dads. I'm going to be a triathlete, an Ironman. Relegated to Mr. Nak's before-school Anger Management group (which he initially believes to be populated with future serial killers and freeway snipers), Bo meets a hard-edged, down-on-their-luck pack of survivors with stainless steel shields against the world that Bo comes to see are not so different from his own. It is here he meets and falls in love with Shelly, a future American Gladiator, whose passion for physical challenge more than matches his. Ironman is a funny, sometimes heartbreaking story about growing up in the heart of struggle. It is about standing up, getting knocked down, and standing up again. It is about being heard--and learning to listen.

Read Between the Lines Jo Knowles 2015-03-10 Does anyone ever see us for who we really are? Jo Knowles's revelatory novel of interlocking stories peers behind the scrim as it follows nine teens and one teacher through a seemingly ordinary day. Thanks to a bully in gym class, unpopular Nate suffers a broken finger—the middle one, splinted to flip off the world. It won’t be the last time a middle finger is raised on this day. Dreamer Claire envisions herself sitting in an artsy café, filling a journal, but fate has other plans. One cheerleader dates a closeted basketball star; another questions just how, as a “big girl,” she fits in. A group of boys scam drivers for beer money without remorse—or so it seems. Over the course of a single day, these voices and others speak loud and clear about the complex dance that is life in a small town. They resonate in a gritty and unflinching portrayal of a day like any other, with ordinary traumas, heartbreak, and revenge. But on any given day, the line where presentation and perception meet is a tenuous one, so hard to discern. Unless, of course, one looks a little closer—and reads between the lines.

Whale Talk Chris Crutcher 2009-09-22 “A truly exceptional book.”—Washington Post There's bad news and good news about the Cutter High School swim team. The bad news is that they don't have a pool. The good news is that only one of them can swim anyway. Bestselling author Chris Crutcher’s controversial and acclaimed novel follows a group of outcasts as they take on inequality and injustice in their high school. "Crutcher's superior gifts as a storyteller and his background as a working therapist combine to make magic in Whale Talk. The thread of truth in his fiction reminds us that heroes can come in any shape, color, ability or size, and friendship can bridge nearly any divide.”—Washington Post T.J. Jones hates the blatant preferential treatment jocks receive at his high school, and the reverence paid to the varsity lettermen. When he sees a member of the wrestling team threatening an underclassman, T.J. decides he's had enough. He recruits some of the biggest misfits at Cutter High to form a swim team. They may not have very much talent, but the All-Night Mermen prove to be way more
than T.J. anticipated. As the unlikely athletes move closer to their goal, these new friends might learn that the journey is worth more than the reward. For fans of Andrew Smith and Marieke Nijkamp. "Crutcher offers an unusual yet resonant mixture of black comedy and tragedy that lays bare the superficiality of the high-school scene. The book's shocking climax will force readers to re-examine their own values and may cause them to alter their perception of individuals pegged as 'losers.'"—Publishers Weekly
