The Great Game of Business Jack Stack 2013-07-04 In the early 1980s, Springfield Remanufacturing Corporation [SRC] in Springfield, Missouri, was a near bankruptcy division of General Motors. To turn it around, SRC's new owner, Jack Stack, and his revolutionary system of Open-Book Management, in which every employee understands the company's key figures, can act on them and has a real stake in the business. This breakthrough approach begins with a view of employees as productive, predictable assets distributed across users, manufacturers, and suppliers. Innovation, he argues, will take place where there is greatest economic benefit to the customer.

Capitolin's Achilles Heel Raymond W. Baker 2005-08-05 For over forty years in more than sixty countries, Raymond Baker has witnessed the free-market system operating illicitly and corruptly, with devastating consequences. In Capitolin's Achilles Heel, Baker takes readers on a fascinating journey through the global free-market system and reveals how dirty money, poverty, and inequality are inexorably interlinked. Readers will discover how small illicit transactions lead to massive illegalities and how staggering global income disparities are woven into the fabric of the world economy that permeates international capital. Drawing on his experiences, Baker shows how Western banks and businesses use secret transactions and ignore laws while handling some $1 trillion in illicit proceeds each year. This is also a book about business as a system as well as a product, and kleptocrats perfect the same techniques to shift funds and how these tactics negatively affect individuals, institutions, and countries.

Marine Mammals Ashore: A Field Guide for Strandings (J.R. Geraci & V.J. Lounsbury) in the hardcover format back! A comprehensive manual for understanding and dealing with stranded seals, manatees, dolphin, whale, or sea otter, this book contains information for the interested beach dweller or student and for the scientist or marine resource manager. This 372-page second edition features water- and tear-resistant paper, a vinyl cover, and durable plastic coil binding. There are even strategically placed lined pages for adding personal notes and contact information.

International California Mining Journal 1996 International Directory of Company Histories Thomas Berdik 2001 Much like a major reference work, this book contains stories. Some of the stories are a leading influence in a particular industry or geographic location. For students, job seekers, or researchers who might be interested in companies, this is a valuable resource.

The Great Game of Business Jack Stack 1994 The Great Game of Business started a business revolution by introducing the world to open-book management, a new way of running a business. This book presents the story of SRC's turnaround, a revised and updated edition of The Great Game of Business lays out an entirely different way of running a company. It wasn’t dreamed up in an executive think tank or an Ivy League business school or around the conference table by big-time consultants. It was forged on the factory floors of the heartland by ordinary folks hoping to figure out how to save their jobs when their parent company, International Harvester, was about to close the plant. What these workers created was a revolutionary approach to management that has proven itself in every industry and in every country.

Psychodynamic Psychotherapy 1995-12-01 Two influential psychotherapies, analytic and freudian, are the foci of this volume, which includes a guide to both.
