Little House Living Merissa A. Alink 2021-02-23 The immensely popular blogger behind Little House Living provides a timeless and “heartwarming guide to modern homesteading” (BookPage) that will inspire you to live your life simply and frugally—perfect for fans of The Pioneer Woman and The Hands-On Home. Shortly after getting married, Merissa Alink and her husband found themselves with nothing in their pantry but a package of spaghetti and some breadcrumbs. Their life had seemingly hit rock bottom, and it was only after a touching act of charity that they were able to get back on their feet again. Inspired by this gesture of kindness as well as the beloved Little House on the Prairie books, Merissa was determined to live an entirely made-from-scratch life, and as a result, she rescued her household budget—saving thousands of dollars a year. Now, she reveals the powerful and moving lessons she’s learned after years of homesteading, homemaking, and cooking from scratch. Filled with charm, practical advice, and gorgeous full-color photographs, Merissa shares everything from tips on budgeting to natural, easy-to-make recipes for taco seasoning mix, sunscreen, lemon poppy hand scrub, furniture polish, and much more. Inviting and charming, Little House Living is the epitome of heartland warmth and prairie inspiration.

The Manchurian Candidate Richard Condon 2013-11-25 The classic thriller about a hostile foreign power infiltrating American politics: “Brilliant . . . wild and exhilarating.” —The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors’ signal. Now he’s been returned to the United States with a covert mission: to kill a candidate running for US president . . . This “shocking, tense” and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). “Crammed with suspense.” —Chicago Tribune “Condon is wickedly skillful.” —Time

Laboratory Techniques in Thrombosis - A Manual J. Jespersen 2000-06-30 The first edition of this manual appeared in 1992 and was entitled ECAT Assay Procedures. This completely revised new edition combines the strengths of the first edition with new and useful features. Laboratory Techniques in Thrombosis - a Manual still gives detailed descriptions of the recommended assays and their alternatives. However, the manual now has a broader scope because it is no longer limited by the frontiers of ECAT. Experts all over the world have contributed to this edition. Furthermore, new assays have been introduced, improvements have been suggested for other assays, while a few others have become redundant or no longer available. The list of manufacturers is fully updated and a list of the recommended nomenclature of quantities in thrombosis and haemostasis is new to this edition, further facilitating the use of this manual. Laboratory Techniques in Thrombosis - a Manual will contribute to furthering the much needed harmonization and standardization of tests within the field and should have a place in all working haemostasis laboratories.

Purification of Laboratory Chemicals W. L. F. Armarego 2003 Now in its fifth edition, the book has been updated to include more detailed

descriptions of new or more commonly used techniques since the last edition as well as remove those that are no longer used, procedures which have been developed recently, ionization constants (pKa values) and also more detail about the trivial names of compounds. In addition to having two general chapters on purification procedures, this book provides details of the physical properties and purification procedures, taken from literature, of a very extensive number of organic, inorganic and biochemical compounds which are commercially available. This is the only complete source that covers the purification of laboratory chemicals that are commercially available in this manner and format. * Complete update of this valuable, well-known reference * Provides purification procedures of commercially available chemicals and biochemicals * Includes an extremely useful compilation of ionisation constants

My Boyfriend Barfed in My Handbag . . . and Other Things You Can't Ask Martha Jolie Kerr 2014-02-25 NEW YORK TIMES

BESTSELLER "Wise and funny. . . . The Lorrie Moore short story, or the Tina Fey memoir, of cleaning tutorials."—Dwight Garner, The New York Times "Thrillingly titled. . . . For a generation overwhelmed not just by dust bunnies, but by bong water on the carpet, pee stains on the ceiling and vomit seemingly everywhere, Jolie Kerr dispenses cleaning advice free of judgment. . . . A Mrs. Beeton for the postcollege set." —Penelope Green, The New York Times "Jolie Kerr really cuts through the grease and grime with her new book. I do what she tells me to do." —Amy Sedaris The author of the hit column "Ask a Clean Person" offers a hilarious and practical guide to cleaning up life's little emergencies Life is filled with spills, odors, and those oh-so embarrassing stains you just can't tell your parents about. And let's be honest: no one is going to ask

Martha Stewart what to do when your boyfriend barfs in your handbag. Thankfully, Jolie Kerr has both staggering cleaning knowledge and a sense of humor. With signature sass and straight talk, Jolie takes on questions ranging from the basic—how do I use a mop? —to the esoteric—what should I do when bottles of homebrewed ginger beer explode in my kitchen? *My Boyfriend Barfed in My Handbag* proves that even the most nightmarish cleaning conundrums can be solved with a smile, the right supplies, and a little music.

Clean It Right Ruth Bollo 2015-12-12

Earth Day Melissa Ferguson 2021 Earth Day celebrates our beautiful planet and calls us to act on its behalf. Some people spend the day planting flowers or trees. Others organize neighborhood clean-ups, go on nature walks, or make recycled crafts. Readers will discover how a shared holiday can have multiple traditions and be celebrated in all sorts of ways.

Clean My Space Melissa Maker 2017-03-07 The wildly popular YouTube star behind Clean My Space presents the breakthrough solution to cleaning better with less effort. Melissa Maker is beloved by fans all over the world for her completely re-engineered approach to cleaning. As the dynamic new authority on home and living, Melissa knows that to invest any of our precious time in cleaning, we need to see big, long-lasting results. So, she developed her method to help us get the most out of our effort and keep our homes fresh and welcoming every day. In her long-awaited debut book, she shares her revolutionary 3-step solution:

- Identify the most important areas (MIAs) in your home that need attention
- Select the proper products, tools, and techniques (PTT) for the job
- Implement these new cleaning routines so that they stick

Clean My Space takes the chore out of cleaning with Melissa's incredible tips and cleaning hacks (the power of pretreating!) her lightning fast 5-10 minute "express clean" routines for every room when time is tightest, and her techniques for cleaning even the most daunting places and spaces. And a big bonus: Melissa gives guidance on the best non-toxic, eco-conscious cleaning products and offers natural cleaning solution recipes you can make at home using essential oils to soothe and refresh.

With Melissa's simple groundbreaking method you can truly live in a cleaner, more cheerful, and calming home all the time.

American Military History Volume 1 Army Center of Military History 2016-06-05 American Military History provides the United States Army—in particular, its young officers, NCOs, and cadets—with a comprehensive but brief account of its past. The Center of Military History first published this work in 1956 as a textbook for senior ROTC courses. Since then it has gone through a number of updates and revisions, but the primary intent has remained the same. Support for military history education has always been a principal mission of the Center, and this new edition of an invaluable history furthers that purpose. The history of an active organization tends to expand rapidly as the organization grows larger and more complex. The period since the Vietnam War, at which point the most recent edition ended, has been a significant one for the Army, a busy period of expanding roles and missions and of fundamental organizational changes. In particular, the explosion of missions and deployments since 11 September 2001 has necessitated the creation of additional, open-ended chapters in the story of the U.S. Army in action. This first volume covers the Army's history from its birth in 1775 to the eve of World War I. By 1917, the United States was already a world power. The Army had sent large expeditionary forces beyond the American hemisphere, and at the beginning of the new century Secretary of War Elihu Root had proposed changes and reforms that within a generation would shape the Army of the future. But world war—global war—was still to come. The second volume of this new edition will take up that story and extend it into the twenty-first century and the early years of the war on terrorism and includes an analysis of the wars in Afghanistan and Iraq up to January 2009.
