Communication Essentials for Financial Planners John E. Grable 2017-02-02 Exploring the Human Element of Financial Planning Communication Essentials for Financial Planners tackles the counseling side of practice to help financial planners build more productive client relationships. CFP Board’s third book and first in the Financial Planning Series, Communication Essentials will help you learn how to relate to clients on a more fundamental level, and go beyond “hearing” their words to really listen and ultimately respond to what they’re saying. Expert coverage of body language, active listening, linguistic signals, and more, all based upon academic theory. There is also an accompanied set of videos that showcase both good and bad communication and counseling within a financial planning context. By merging written and experiential learning supplemented by practice assignments, this book provides an ideal resource for any client-facing financial professional as well as any student on their pathway to CFP® certification. Counseling is a central part of a financial planner’s practice, and attention to interpersonal communication goes a long way toward progressing in the field; this guide provides practical instruction on the proven techniques that make a good financial planner great. Build client relationships based on honesty and trust Learn to read body language and the words not spoken Master the art of active listening to help your clients feel heard Tailor your communications to suit the individual client’s needs The modern financial planning practice is more than just mathematics and statistical analysis—at its heart, it is based on trust, communication, and commitment. While interpersonal skills have always been a critical ingredient for success, only recently has this aspect been given the weight it deserves with its incorporation into the certification process. Communication Essentials for Financial Planners provides gold-standard guidance for certification and beyond.

Excellence in Business Communication John V. Thill 2007 This best-selling book captures the dynamics of business communication as no other on the market does. It presents the subject in a fascinating way, powerfully stimulating and motivating readers; this book gives the foundation for excellent, effective, and practical business communication. By offering “On the Job” simulations that feature actual companies, readers apply business communication concepts to real situations and sharpen their problem-solving skills. Incorporating a three-step approach to writing (planning, writing, and completing business messages), Excellence in Business Communication covers letters, memos, e-mail and other brief messages, reports and oral presentations, and employment messages (including resumes and application letters). With its helpful appendices and a “Handbook of Grammar, Mechanics, and Usage,” this a must-have desk reference for anyone responsible for writing business letters, e-mail, memos, and reports.

Business, Society, and Government Essentials Robert N. Lussier 2013-08-22 Understanding the interrelationship of business, society and government is vital to working at any level in a company of any size. This text uses a case analysis approach to explore this interrelationship in today’s high-tech global community. The authors crystallize the complex array of issues that business leaders, managers, and employees face in market and nonmarket environments, from balancing stakeholder interests and dealing with government regulations to managing crises and making socially responsible and ethical decisions. Technical concepts come to life through a variety of cases and case questions, thought-provoking personal and professional applications, ethical dilemmas, and practical exercises. Furthermore, an appendix offers approaches to case analysis and includes a case analysis table that serves as a model for students and professors. With its thorough coverage of relevant issues and skill-building elements to stimulate critical thinking, this text will prepare students to understand and confront real-world business concerns.

Christian Leadership Essentials David S. Dockery 2011-03-15 Christian Leadership Essentials finds university president David S. Dockery assembling a great wealth of tried and true insights on the distinctive methods of leading Christian organizations and institutions. A majority of the nineteen contributors are active academic presidents, including Robert B. Sloan (Houston Baptist University; “A Biblical Model of Leadership”), Judson Carlberg (Gordon College; “Managing the Organization”), Jon Wallace (Azusa Pacific University; “Financial Oversight and Budget Planning”), Evans Whitaker (Anderson University [South Carolina]; “Development, Campaigns, and Building Projects”), Carl Zylstra (Dordt College; “Accreditation and Government Relations”), Jim Edwards (Anderson University [Indiana]; “Relationships with Multiple and Various Constituencies”), Phil Eaton (Seattle Pacific University; “Employee Relations in a Grace-filled Community”), Barry Corey (Biola University; “Engaging the Culture”), and Randall O’Brien (Carson-Newman College; “The Leader as Mentor and Pastor”).

Ethics in Human Communication Richard L. Johannesen 2008-01-09 Broad in scope, yet precise in exposition, the Sixth Edition of this highly acclaimed ethics text has been infused with new insights and updated material. Richard Johannesen and new coauthors Kathleen Valde and Karen Whedbee provide a thorough, comprehensive overview of philosophical perspectives and communication contexts, pinpointing and explicating ethical issues unique to human communication. Chief among the authors’ objectives are to: provide classic and contemporary perspectives for making ethical judgments about human communication; sensitize communication participants to essential ethical issues in the human communication process; illuminate complexities and challenges involved in making evaluations of communication ethics; and offer ideas for becoming more discerning evaluators of others’ communication. Provocative questions and illustrative case studies stimulate reflexive thinking and aid readers in developing their own approach to communication ethics. A comprehensive list of resources spotlights books, scholarly articles, videos, and Web sites useful for further research or personal exploration.

Business Communication Mary Ellen Guffey 1996 Business Communication: Process and Product introduces a unique teaching/learning package that solves a major problem for instructors and students today. It provides the atmosphere of an exciting real-life business environment for business communication – without sacrificing sound pedagogy. This means that students experience the enrichment of real people and real business situations while at the same time learning a hands-on process that they can carry with them to apply long after they leave the classroom...Business Communication: Process and Product takes students inside some of the country’s best-run and most respected organizations, such as Liz Claiborne, Ben & Jerry’s, American Airlines, Bank of America, and Walt Disney Imagineering. More importantly, though, it balances this exposure with a well-developed and consistently applied process approach to communication. Students need more than real business settings in which to frame their learning. They need a process that outlines specific steps to follow in solving future communication problems, a tangible strategy they can apply in their careers. In addition to a process, we provide ample products of that process.

Storytelling with Data Cole Nussbaumer Knaflic 2015-10-09 Don’t simply show your data—tell a story with it! Storytelling with Data teaches you the fundamentals of data visualization and how to communicate effectively with data. You’ll discover the power of storytelling and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don’t make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you’ll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience’s attention to the most important parts of your data Think like a

designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—Storytelling with Data will give you the skills and power to tell it! **Business Communication, 3/e** P. D.
