These were common dinner table conversations while I was growing up. So, needless to say, I have had a lot of practical training with respect to taking care of different breeds of animals. American Bobtail Dr Jeffrey John 2021-10-18 Bobtailed cats are a natural genetic mutation that creates a shorter tail. They have appeared in countries like Japan and the Isle of Man. Sometimes the proper people notice them, and presto! A new breed. The American Bobtail is descended from a short-tailed kitten John and Brenda Sanders obtained in Arizona. They christened him Yodi, and he fathered the breed in the swinging '60s when he had his way with the Sanders' female, Mishi. Yodi and Mishi's kittens had short tails, indicating a dominant gene caused the condition. Mindy Shoultz, an experienced Persian breeder, teamed together with Charlotte Bentley to create a new breed. They bred the kittens to other naturally short-tailed cats found throughout the US and
Canada. They bred the cats to be huge, tough, and sweet-tempered. The breed was developed from non-pedigreed domestic shorthairs and longhairs. After 50 years, the cats' pedigrees are longer than their tails, so no more outcrossing is required.

Bengal Cats. Bengal Cat Owners Manual. Guide to Owning a Happy Bengal Cat. Steve Richardson 2015-02-20 A descendant of a regular domestic cat and the wild Asian Leopard cat, the Bengal breed of cat is one of the best breeds to keep as a pet. The fact that the breed has some level of wild blood does not in any way mean that it is wild. The modern Bengal cat turns out to have a sweet temperament while still maintaining the wild appearance of the Asian Leopard cat. Breeding programs in place have gone a long way in eliminating the wildness of the Asian Leopard cat, leading to development of a breed of cat similar to any other domestic cat, except for its unique characteristics. The large, muscular and attractive Bengal breed of cat is fast becoming very popular with cat lovers across the world. Its growing popularity definitely stems from the fact that it has a sweet temperament and is a very active breed. Apart from its affection and love for human company, this breed also has a very strong personality. Its love for water, which is indeed unique, continues to amaze those who own the cat for the first time. This is one breed of cat that suits almost everyone who loves cats because it bonds very well with all family members including children. The only category of people who may find this breed inappropriate are the elderly simply because of the cat's extreme level of activity. This book will teach you how to make your Bengal cat a happy cat. The Cat Owner's Manual David Brunner 2014-07-01 At Last! A Beginner's Guide to Feline Technology Scratch marks on your furniture. Korat Cats. Korat Cat Owners Manual. Korat Cat Care, Personality, Grooming, Health, Training, Costs and Feeding All Included Robert Ronderdale 2015-01-08 The Korat cat is not only one of the oldest natural domestic cat breeds; it is also a very unique breed. One prominent thing about the breed is certainly it’s appearance. Unlike most cat breeds whose heads are wedge-shaped, that of a Korat cat is heart-shaped. Indeed, most proud Korat cat owners point out that the Korat is the only cat with three hearts; one visible when the cat is viewed from the front, the other visible when the cat’s head is viewed from above and the actual heart inside the cat’s body. The other unique thing about Korat cat is its coat. A pure-bred Korat cat has a single coat with short hair that is very easy to groom. The hair is however unusual. All pre-bred Korats have hair in the same colour; silver-tipped blue. The Korat also happens to be one of the very few natural cat breeds whose traditional characteristics and behaviour have not been altered in any way through breeding programs. The uniqueness in this breed is one of reasons why many homeowners, families and cat lovers decide to buy the Korat cat. In addition to it’s uniqueness, the cat also has a very good character and temperament, which makes it one of the best indoor cats anyone can have at home as a pet. It is indeed not surprising that the breed’s popularity that has remained low over the years is fast rising right across
the world. I happen to have had parents who were very fond of cats, to a point where they kept different cat breeds at any given time. Our home was similar to a cattery. The experience of living with such diverse cat breeds, as I now realize, was very beneficial. Not only did I become fond of cats, I have gone a step further and ventured into breeding and showing cats. Covered in this book: - General information - What to know before you buy - Bringing your cat home - Feeding - Grooming - Health - Breeding - The aging cat - Costs - General tips and advice ... and much more

The experience of living with such diverse cat breeds, as I now realize, was very beneficial. Not only did I become fond of cats, I have gone a step further and ventured into breeding and showing cats. Although I am fond of a few cat breeds because of their intelligence and attention that they seek and offer, the Ragdoll cat breed remains one of my favourites. Of all cat breeds that I have lived with and kept as pets, I have never come across a cat as expressive as the Ragdoll. Perhaps the joy of living with a Ragdoll cat is not only its beauty but also in its habit of collapsing in your hands as if it is lifeless.
