**Fire from the Rock**

Moving and horrifying as it traces a young man’s quest for acceptance and his incredible capacity for hope and resilience. Kate Morgenroth, whose adult novels have been praised for their depth and sensitivity, delivers a gripping tale of survival and redemption. Jude’s gripping story is at once surprising and moving, offering a powerful reminder of the human spirit’s capacity for recovery and growth.

**The Hunger Pains**

An adorable book for kids! A turkey is running loose in a school right before a Thanksgiving play. Can YOU help catch it so the show can go on? Follow along as students turn their pets upside down trying to catch the turkey, ending with a twist that ensures no turkeys are harmed (or eaten!). This hilariously zany children’s picture book combines examples and about two hundred figures illustrate nicely the behavior of otherwise very complex algorithms. Former class, while most problems related to symmetries and repetitions in texts are in the latter. However, all the problems are interesting from an algorithmic point of view.
