How Lamar's Bad Prank Won a Bubba-Sized Trophy Crystal Allen 2011-02-22 Thirteen-year-old Lamar Washington is the maddest, baddest, most spectacular bowler at Striker's Bowling Paradise. But while Lamar's a whiz at rolling strikes, he always strikes out with girls. And his brother, Xavier the Basketball Savior, is no help. Xavier earns trophy after trophy on the basketball court and soaks up Dad's attention, leaving no room for Lamar's problems. Until bad boy Billy Jenks convinces Lamar that hustling at the alley will help him win his dream girl, plus earn him enough money to buy an expensive pro ball and impress celebrity bowler Bubba Sanders. But when Billy's scheme goes awry, Lamar ends up ruining his brother's shot at college and every relationship in his life. Can Lamar figure out how to mend his broken ties, no matter what the cost? From debut author Crystal Allen comes an unforgettable story of one boy's struggle to win his family's respect and get the girl of his dreams while playing the sport he loves.

The Hunger Pains The Harvard Lampoon 2012-02-07 The hilarious instant New York Times bestseller, The Hunger Pains is a loving parody of the dystopian YA novel and film, The Hunger Games. Winning means wealth, fame, and a life of therapy losing means death, but also fame! This is The Hunger Pains. When Kantkiss Neverclean replaces her sister as a contestant on the Hunger Games—the second-highest-rated reality TV show in Peaceland, behind Extreme Home Makeover—she has no idea what to expect. Having lived her entire life in the telemarketing district's worst neighborhood, the Crack, Kantkiss feels unprepared to fight to the death while simultaneously winking and looking adorable for the cameras. But when her survival rests on choosing between the dreamy hunk from home, Carol Handsomestein, or the doughy klutz, Pita Malarkey, Kantkiss discovers that the toughest conflicts may not be found on the battlefield but in her own heart . . . which is unfortunately on a battlefield.

The Year in Television, 2008 Vincent Terrace 2009-06-08 In 2008, the broadcast networks, cable channels and syndication produced nearly 1,100 new and continuing entertainment programs—the most original productions in one year since the medium first took hold in 1948. This reference book covers all the first run entertainment programs broadcast over the airwaves and on cable from January 1 through December 31, 2008, including series, specials, miniseries, made-for-television movies, pilot films, Internet series and specialized series (those broadcast on gay and lesbian channels). Alphabetically arranged entries provide storylines, performer/character casts, production credits, day/month/year broadcast dates, type, length, network(s), and review excerpts.

Didn't We Almost Have It All Gerrick Kennedy 2022-02-01 A candid exploration of the genius, shame, and celebrity of Whitney Houston a decade after her passing On February 11, 2012, Whitney Houston was found submerged in the bathtub of her suite at the Beverly Hilton Hotel. In the decade since, the world has mourned her death amid new revelations about her relationship to her Blackness, her sexuality, and her addictions. Didn't We Almost Have It All is author Gerrick Kennedy's exploration of the duality of Whitney's life as both a woman in the spotlight and someone who often had to hide who she was. This is the story of Whitney's life, her whole life, told with both grace and honesty. Long before that fateful day in 2012, Whitney split the world wide open with her voice. Hers was a once-in-a-generation talent forged in Newark, NJ, and blessed with the grace of the church and the wisdom of a long lineage of famous gospel singers. She redefined "The Star-Spangled Banner." She became a box-office powerhouse, a queen of the pop charts, and an international superstar. But all the while, she was forced to rein in who she was amid constant accusations that her music wasn't Black enough, original enough, honest enough. Kennedy deftly peels back the layers of Whitney's complex story to get to the truth at the core of what drove her, what inspired her, and what haunted her. He pulls the narrative apart into the key elements that informed her life—growing up in the famed Drinkard family; the two romantic relationships that shaped the entirety of her adult life, with Robyn Crawford and Bobby Brown; her fraught relationship to her own Blackness and the ways in which she was judged by the Black community; her drug and alcohol addiction; and, finally, the shame that she carried in her heart, which informed every facet of her life. Drawing on hundreds of sources, Kennedy takes readers back to a world in which someone like Whitney simply could not be, and explains in excruciating detail the ways in which her fame did not and could not protect her. In the time since her passing, the world and the way we view celebrity have changed dramatically. A sweeping look at Whitney's life, Didn't We Almost Have It All contextualizes her struggles against the backdrop of tabloid culture, audience consumption, mental health stigmas, and racial divisions in America. It explores exactly how and why we lost a beloved icon far too soon.

Opening Our Hearts 2007 "We can find hope from those who have walked this path before us. As we begin to heal from our losses, we in turn offer this same hope to others. Through our willingness to face our loss openly and honestly, we discover our strength and resilience - not despite it, but because of it"--Publisher.

A Dance Farewell Cheri Dean 2021-12-15 Following the death of his mother, Josh Allen decides to tell the story of the 24 year relationship between his mother, Kenzie, and his best friend, Todd. What makes their story unique is the 14 year age difference separating them. Whereas society readily accepts the difference between an older man and a woman young enough to be his daughter, it doesn't when

the woman is older. Kenzie's tragic loss of her husband in a fatal car accident and the gruesome deaths of Todd's wife and infant son inflicted scars so deep neither believed they would ever heal. But when they looked at each other, the reflections they saw pulled at them like magnets. Slowly, with time, they became kindred spirits--but not without trials and tribulations. There were barriers to be broken and demons to put to bed before they could move forward with their relationship. When cancer reared it's ugly head, they took control of their destiny and chose to die with dignity in a farewell dance.

Jewels Of Stringology: Text Algorithms Maxime Crochemore 2002-09-16 The term "stringology" is a popular nickname for text algorithms, or algorithms on strings. This book deals with the most basic algorithms in the area. Most of them can be viewed as "algorithmic jewels" and deserve reader-friendly presentation. One of the main aims of the book is to present several of the most celebrated algorithms in a simple way by omitting obscuring details and separating algorithmic structure from combinatorial theoretical background. The book reflects the relationships between applications of text-algorithmic techniques and the classification of algorithms according to the measures of complexity considered. The text can be viewed as a parade of algorithms in which the main purpose is to discuss the foundations of the algorithms and their interconnections. One can partition the algorithmic problems discussed into practical and theoretical problems. Certainly, string matching and data compression are in the former class, while most problems related to symmetries and repetitions in texts are in the latter. However, all the problems are interesting from an algorithmic point of view and enable the reader to appreciate the importance of combinatorics on words as a tool in the design of efficient text algorithms. In most textbooks on algorithms and data structures, the presentation of efficient algorithms on words is quite short as compared to issues in graph theory, sorting, searching, and some other areas. At the same time, there are many presentations of interesting algorithms on words accessible only in journals and in a form directed mainly at specialists. This book fills the gap in the book literature on algorithms on words, and brings together the many results presently dispersed in the masses of journal articles. The presentation is reader-friendly; many examples and about two hundred figures illustrate nicely the behaviour of otherwise very complex algorithms.

Jude Kate Morgenroth 2010-05-11 "Listen, you're young. We don't send kids to jail. If you had something to do with this, it's better to tell us. Then we can help you. Maybe it was a friend of yours come to take care of things for you. You've got a nasty bruise there, and your neighbors told us that you tend to get a lot of bruises. We take those things into account, you know. We understand about things like that." "You don't understand anything," Jude said. After Jude watches his drug-dealer father get gunned down at the kitchen table, he's taken from their dangerous neighborhood to a comfortable home, an elite private school, and a mother he doesn't remember. Only fifteen, Jude is under suspicion for his father's murder, but to save his own life, he can't tell the police what he knows. To make things worse, Jude's mother is the district attorney. She can protect him from the police -- but when Jude's classmate overdoses on heroin, Jude is implicated, and his mother decides to prosecute. Jude is determined to clear his name, though he doesn't know that mysteries from his past have yet to be revealed -- secrets that will forever alter the course of his life. Jude's gripping story is at once moving and horrifying as it traces a young man's quest for acceptance and his incredible capacity for hope and resilience. Kate Morgenroth, whose adult novels have been called "nearly impossible to put down" by *Time Out New York* and "compulsively readable" by *Entertainment Weekly*, here shows more of her considerable talent.

Cue the Bunny on the Rainbow Alan Rafkin 1998-11-01 For director Alan Rafkin, television is probably the silliest and most volatile business in the world. Yet whether he was catching a pie in the face or working with an array of eccentric and talented stars, Rafkin was addicted to television from day one. In this autobiography, Rafkin recounts his behind-the-scenes experience working in over 80 different television series. Some of the most beloved sitcoms of all time, such as *The Andy Griffith Show*, *The Dick Van Dyke Show*, *M*A*S*H*, *Murphy Brown*, and *Coach* adorn his directorial resume and illuminate Rafkin's ability to change with the times and persevere in the young world of show business. He recounts how directing strung-out actors and dodging their blows made life on the set a world unto itself. Rafkin further describes how having a good sense of humor helped him survive three divorces and three open-heart surgeries.

Wittgenstein: Mind and Language R. Egidi 2013-03-09 Wittgenstein: Mind and Language brings together a collection of previously unpublished essays which offer a systematic account of Wittgenstein's philosophy of mind and contribute in an absolutely new and original way to illuminating his later conception of human perceptive, emotional and cognitive language from both a theoretical and an historical point of view. The focus is on the fundamental categories of philosophical grammar, on the analysis of intentionality, of belief and Moore's paradox, on certainty and doubt, on will, memory, sensations and emotions, as well as on the theory of aspects and private language and the relationship with relativism and psychologism. In the recent literature there are undoubtedly numerous qualified publications dedicated to the themes of philosophical psychology as they emerge from Wittgenstein's Nachlaß and from his writings on this subject published in the last decade. This book, however, provides the essential points of reference of Wittgenstein's late treatment of psychological concepts in the context of the general features of his early philosophy of science and language and in the framework of the trends of his time. The book is of special interest to scholars and students, philosophers, linguists, psychologists, sociologists, cognitive scientists, logicians, historians of contemporary philosophy and science.

Charlie's Chocolate Mike Martin 2021-12-21 Masta J. L. Abernathy ruled with an iron fist. He didn't believe in fate or chance because to him there were no such thing. This Masta took care of his negros and they made sure to take care of him;
