Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

Lethal Lemon Bars Addison Moore 2019-02-12 A baker who sees the dead. One too many suitors. And a killer. Living in Honey Hollow can be murder. This is a standalone novel. *A laugh out loud cozy mystery by New York Times bestseller Addison Moore* Each book in the series can be enjoyed on its own but for maximum enjoyment you might want to read them in order. My name is Lottie Lemon and I see dead pets. On occasion I see a once-upon-a human too but mostly it's just cute little furry beasts who have come back from the other side to warn me of their previous owners impending doom. A divorce party. Of all the asinine things I've been asked to cater, this is at the top of the list. And the guests are some of the wealthiest people I've ever met. Everything seems to be going well, but right after the ex-bride and groom make a bonfire out of their legal documents, disaster strikes, and one of my lemon bars just so happens to be in the thick of it. A socialite is murdered right before our eyes, and the blame is quickly pinned on my bakery. I'm going to get to the bottom of this before it ruins me. And while I'm at it, I'm hoping to repair things between Noah and Everett. Lord knows I've already ruined things in that department-perhaps forever. Lottie Lemon has a brand new bakery to tend to, a budding romance with perhaps one too many suitors, and she has the supernatural ability to see dead pets-which are always harbingers for ominous things to come. Throw in the occasional ghost of the human variety, a string of murders, and her insatiable thirst for justice, and you'll have more chaos than you know what to do with. Living in the small town of Honey Hollow can be murder.

Dirty Kisses Addison Moore 2019-05-20 Jet Madden is notoriously good in bed. Regardless of the

fact, I'll do anything to keep my distance from that egotistical, giant ball of muscles. The last thing I want is to become another notch on that totem pole of seduction he keeps tucked in his pants. The very last thing I want is to befriend or, God forbid, fall for Hollow Brook's resident wick dipper. I'm trying to resist him, really I am, but I have to see if those rumors are true.Each night I dream of falling asleep in Jet Madden's arms, and each day I pretend as if I loathe his existence.
