The United Nations Security Council and War Alan Vaughan Lowe 2010 The book brings together leading scholars and practitioners to provide the definitive analysis of the legal, historical, and political context in which the Security Council operates. They explore the different functions that the Council has acquired over the last 60 years, partly in response to the changing nature of war.

Fight For Your Money David Bach 2009-03-03 A war for your money is raging and it is time to fight back! In a book that will forever change how you spend your hard earned money, America's favorite financial coach, David Bach, shows you how to save thousands of dollars every year by taking on the "corporate machines." In these times when every dollar counts, big businesses are using dishonest tricks to rip you off, making themselves billions while they keep you living paycheck to paycheck. David Bach knows that until you learn to fight for your money, you will overpay for almost everything you buy. In Fight For Your Money, he gives you the tools to FIGHT BACK and WIN. Bach shows you how every dollar you spend is present in a recurrent business cycle—between businesses—and the government—who want to take it as profit. When you know how the system is rigged—the extra points, the hidden fees, the late charges, the unused tax breaks, the escalating rates—you can fight back against the pickpockets and save literally thousands every year—money in your pocket that can help you live your dreams. Fight for Your Money shows how you are being taken on your cell phone contract, cable bill, car purchase, credit card, life insurance, healthcare, 401(k) plan, airfare, hotel bills, and much more. Bach gives you all the tools you need to fight back, with websites, phone numbers, sample letters and real-life stories of ordinary people who have fought for their money and won. You'll learn how to: Beat the credit card companies at the games they play that cost you thousands annually in interest and fees Make your bank accounts work for you with higher yields and lower fees Save thousands by pre-paying college tuition at TODAY's prices Raise your credit score and pay thousands less in mortgage interest Cut your life insurance premiums in half by making one call Save hundreds on air travel, hotels, and car rentals—just by being an informed consumer Avoid huge rip-offs like bank-issued gift cards, medical credit cards, 401(k) debit cards, and sneaky renewals of your cell-phone plan. David Bach knows that when you are being taken financially, you work harder than you have to, for longer than you need to. This book helps you fight for your money, so you can live your life doing what you really want to do.

Lords of Poverty Graham Hancock 1992 Takes a critical look at the international business of charity and relief efforts, exposing the bureaucratic inefficiency

Babylon's Ark Lawrence Anthony 2007-03-06 The astonishing story of the soldiers, conservationists, and ordinary Iraqis who united to save the animals of the Baghdad Zoo When the Iraq war began, conservationist Lawrence Anthony could think of only one thing: the fate of the Baghdad Zoo. Working with members of the zoo staff and a few compassionate U.S. soldiers, he defended the zoo, bartered for food on war-torn streets, and scoured bombed palaces for desperately needed supplies. Babylon's Ark chronicles Anthony's hair-raising efforts to save a pride of Saddam's lions, close a deplorable black-market zoo, run ostriches through shoot-to-kill checkpoints, and rescue the dictator's personal herd of Thoroughbred Arabian horses. A tale of the selfless courage and humanity of a few men and women living dangerously for all the right reasons, Babylon's Ark is an inspiring and uplifting true-life adventure of individuals on both sides working together for the sake of magnificent wildlife caught in a war zone.

The Education of an Idealist Samantha Power 2019-09-10 A NEW YORK TIMES, WALL STREET JOURNAL, AND USA TODAY BESTSELLER An intimate, powerful, and galvanizing memoir by Pulitzer Prize winner, human rights advocate, and former US Ambassador to the UN Samantha Power. Named one of the best books of the year: The New York Times • National Public Radio • Time • The Economist • The Washington Post • Vanity Fair • Christian Science Monitor • Publishers Weekly • Audible “Her highly personal and reflective memoir . . . is a must-read for anyone who cares about our role in a changing world.”—President Barack Obama Includes an updated afterward Tracing her distinctly American journey from immigrant to war correspondent to presidential Cabinet official, Samantha Power’s acclaimed memoir is a unique blend of suspenseful storytelling, vivid character portraits, and shrewd political insight. After her critiques of US foreign policy caught the eye of Senator Barack Obama, he invited her to work with him on Capitol Hill and then on his presidential campaign. When Obama won the presidency, Power went from being an activist outsider to serving as his human rights adviser and, in 2013, becoming the youngest-ever US Ambassador to the United Nations. Power transports us from her childhood in Dublin to the streets of war-torn Bosnia to the White House Situation Room and the world of high-stakes diplomacy, offering a compelling and deeply honest look at navigating the halls of power while trying to put one’s ideals into practice. Along the way, she lays bare the bickering battles and defining moments of her life, shows how she juggled the demands of a 24/7 national security job with raising two young children, and makes the case for how we each can advance the cause of human dignity. This is an unforgettable account of the power of idealism—and of one person’s fierce determination to make a difference. “This is a wonderful book. […] The interweaving of Power’s personal story, family story, diplomatic history and moral arguments is executed seamlessly and with unblinking honesty.”—THOMAS L. FRIEDMAN, The New York Times Book Review “Truly engrossing…A pleasure to read.”—RACHEL MADDOW “A beautiful memoir about the times we’re living in and the questions we must ask ourselves…I honestly couldn’t put it down.”—CHERYL STRAYED, author of Wild “Power’s compelling memoir provides critically important insights we should all understand as we face some of the most vexing issues of our time.”—BRYAN STEVENSON, author of Just Mercy

Radical Innocent: Upton Sinclair Muhsin Mahdi, Jewett Professor of Arabic Literature, Harvard University. This is a beautifully written, and vastly informative ethnographic study, this is an absolutely must-read for students of the Middle East and of Upton Sinclair’s radical career. The book provides a fresh and unique perspective on the life and work of this quintessential American radical, and should be required reading for all serious students of American literature.

Worthy Fights Leon Panetta 2015-09-15 Leon Panetta has had two of the most consequential careers of any American public servant in the past fifty years. His first, beginning as an army intelligence officer and including a run as one of Congress’s most powerful and respected members, lasted 35 years and culminated in his role as Clinton’s budget czar and White House chief of staff. He then ‘retired’ to establish the Panetta Institute, to serve on the Iraq Study Group; and to protect the California coast. In 2009 he accepted what many said was a thankless task: returning to public office as the director of the CIA. Panetta’s life story is open in our digital library an online entry to it is set as public thus you can download it instantly. Our digital library saves in merged countries, allowing you to acquire the most less latency times to download any of our books past this one. Merely said, the Worthy Fights is universally compatible bearing in mind any devices to read.
selves so fully as Upton Sinclair, and virtually none over such a long lifetime (1878–1968). Sinclair’s writing, even at its most poignant or electrifying, blurred the line between politics and art—and, indeed, his life followed a similar arc. In Radical Innocent: Upton Sinclair, Anthony Arthur weaves the strands of Sinclair’s contentious public career and his often-troubled private life into a compelling personal narrative. An unassuming teetotaler with a fiery streak, called a propagandist by some, the most conservative of revolutionaries by others, Sinclair was such a driving force of history that one could easily mistake his life story for historical fiction. He counted dozens of epochal figures as friends or confidants, including Mark Twain, Jack London, Henry Ford, Thomas Mann, H. G. Wells, Theodore and Franklin Roosevelt, Albert Einstein, Charlie Chaplin, Albert Camus, and Carl Jung. Starting with The Jungle in 1906, Sinclair’s fiction and nonfiction helped to inform and mold American opinions about socialism, labor and industry, religion and sexual hygiene, the military, the biomedical sciences, pacifism, civil liberties, and mental and physical health. In his later years, Sinclair twice reinvented himself, first as the Democratic candidate for governor of California in 1934, and later, in his sixties and seventies, as a historical novelist. In 1943 he won a Pulitzer Prize for Dragon’s Teeth, one of eleven novels featuring super-spy Lanny Budd. Outside the literary realm, the ever-restless Sinclair was seemingly everywhere: forming Utopian artists’ colonies, funding and producing Sergei Eisenstein’s film documentaries, and waging consciousness-raising political campaigns. Even when he wasn’t involved in progressive causes or counter-causes, his monumental correspondences—them—an arrangement that frequently embroiled Sinclair in controversy. Sinclair’s passion and optimistic zeal inspired America, but privately he could be a frustrated, petty man who connected better with his readers than with members of his own family. His life with his first wife, Meta, his son David, and various friends and professional acquaintances was a web of conflict and strain. Personally and professionally ambitious, Sinclair engaged in financial speculation, although his wealth-generating schemes often benefited his pet causes—and he loathed as tirelessly for professional recognition and awards as he did for government reform. As the tenor of his work would suggest, Sinclair was supremely human. In Radical Innocent, Upton Sinclair, Anthony Arthur offers an engrossing and enlightening account of Sinclair’s life and the country he helped to transform. Taking readers from the Reconstruction South to the rise of American power to the pinnacle of Hollywood culture to the Civil Rights era, this is historical biography at its entertaining and thought-provoking finest.

Anil’s Ghost Michael Ondaatje 2010-10-08 Following the phenomenal success of Michael Ondaatje’s Booker Prize-winning third novel, The English Patient, expectations were almost insurmountable. The internationally acclaimed #1 bestseller had made Ondaatje the first Canadian novelist ever to win the Booker. Four years later, in 1996, a motion picture based on the book brought the story to a vast new audience. The film, starring Ralph Fiennes and Juliette Binoche, went on to win numerous prizes, among them nine Academy Awards, including Best Picture. Worldwide English-language sales of the book topped two million copies. But in April 2000, Anil’s Ghost was widely hailed as Ondaatje’s most powerful and engrossing novel to date. Winning a Governor General’s Literary Award for Fiction, the Kiriyama Pacific Rim Book Prize and the Giller Prize, Anil’s Ghost became an international bestseller. “Nowhere has Ondaatje written more beautifully,” said The New York Times Book Review. The setting is Sri Lanka. Steeped in centuries of cultural achievement and tradition, the country has been ravaged in the late twentieth century by bloody civil war. As in The English Patient, Ondaatje’s latest novel follows a woman’s attempt to piece together the lost life of a victim of war. Anil Tissera, born in Sri Lanka but educated in England and the U.S., is sent by an international human rights group to participate in an investigation into suspected mass political murders in her homeland. Working with an archaeologist, she discovers a skeleton whose identity takes Anil on a fascinating journey that involves a riveting mystery. What follows, in a novel rich with character, emotion, and incident, is a story about love and loss, about family, identity and the unknown enemy. And it is a quest to unlock the hidden past – like a handful of soil analyzed by an archaeologist, the story becomes a kind of search, a journey, a quest to see and to be seen. A universal tale of the casualties of war, unfolding as a detective story, the book gradually gives way to a more intricate exploration of its characters, a symphony of loss and loneliness haunted by a cast of solitary strangers and ghosts. The atrocities of a seemingly futile, muddled war are juxtaposed against the ancient, complex and ultimately redemptive culture and landscape of Sri Lanka. Anil’s Ghost is Michael Ondaatje’s first novel to be set in the country of his birth. “There’s a tendency with us in England and North America to say it’s a book ‘about Sri Lanka.’ But it’s just my take on a few characters, a personal tunnelling into that … The book’s not just about Sri Lanka; it’s a story that’s very familiar in other parts of the world” – in Africa, in Yugoslavia, in South America, in Ireland. “I didn’t want it to be a political tract. I wanted it to be a human study of people in the midst of fear.”

Chasing the Flame Samantha Power 2014-03 This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, has been elected to bring it back into print as part of our continuing commitment to preserve the knowledge of past cultures. This book is printed on acid-free paper.

Imperial Life in the Emerald City Rajiv Chandrasekaran 2006-09-19 NEW YORK TIMES BESTSELLER • National Book Award Finalist • This “eyewitness history of the first order … should be read by anyone who wants to understand how things went so badly wrong in Iraq” (The New York Times Book Review). The Green Zone, Baghdad, Iraq, 2003: in this walled-off compound of swimming pools and luxurious amenities, Paul Bremer and his Coalition Provisional Authority set out to fashion a new, democratic Iraq. Staffed by idealistic aides chosen primarily for their views on issues such as abortion and capital punishment, the CPA spent the crucial first year of occupation pursuing goals that had little to do with the immediate needs of a postwar nation: flat taxes instead of electricity and deregulated health care instead of emergency medical supplies. In this acclaimed firsthand account, the former Baghdad bureau chief of The Washington Post gives us an intimate portrait of life inside this Oz-like bubble, which continued unaffected by the growing mayhem outside. This is a quietly devastating tale of imperial folly, and the definitive history of those early days when things went irrevocably wrong in Iraq.

Manifest Now Idil Ahmed 2018-06-26 Manifest Now provides a step-by-step guide with tools, techniques, and proven strategies to raise your frequency and create the reality you want. This book is designed to guide you through the mental, physical, and spiritual aspects of manifesting and creating all that your heart desires. You’ll learn how to start removing mental and emotional blocks so you can rediscover that manifesting is your natural birthright. You’ll feel more confident, reconnected, and powerful as you turn every page. Everything in your life will begin to shift as you begin to realize that you are a conscious creator. What’s Inside? - Release It: 10 powerful techniques you can use on a daily basis to release any mental, physical, or emotional blocks that hinder your manifesting powers. - Think It: 35 powerful thoughts to keep your mind on track and create the reality you want. - Affirm It: 100 affirmations that will help you start speaking, feeling, and acting in line with the reality you want to manifest. - Magnetic Money Mindset: Tools that help you discover your purpose, tap into your creative genius, do what you love, and attract financial freedom along the way. Begin your journey and watch magical things unfold in your life.

Realizing Human Rights NA NA 2016-09-27 At the dawn of a new era, this book brings together leading activists, policy-makers and critics to reflect upon fifty years of attempts to improve respect for human rights. Authors include President Jimmy Carter, who helped inject human rights concerns into US policy; Wei Jingsheng, who struggled to do so in China; Louis Fischer, the fatherin international law, and Richard Goldstone, the former chief prosecutor for the Yugoslav and Rwandan war crimes tribunals. A half-century since the adoption of the Universal Declaration of Human Rights the time is right to assess how policies and actions effect the realization of human rights and to point to new directions and challenges that lie ahead. A must have for everyone in the
human rights community and the broader foreign policy community as well as the reader who is increasingly aware of the visibility of human rights concerns on the public stage.

**The Unquiet American**

Derek H. Chollet 2011-11-08 A book that includes Richard Holbrooke’s own writings as well as reflections by friends and colleagues looks at the life of a master American diplomat who worked for presidents Clinton and Obama in places like Bosnia, Iraq and Afghanistan.

**The Street of Good Fortune**

Maryam Manteghi 2014-04-04 The Street of Good Fortune is the compelling memoir of Iranian-Canadian Maryann Manteghi who goes to Bosnia in the early 2000s to follow in the footsteps of her then heroine, Christiane Amanpour. When she is diagnosed with breast-cancer at the age of just 34 her world spins out of control, compelling her to a new life, a new city and even a new heroine; the stylish and sexy Kyle Minogue. Humorous, witty and light-hearted, this memoir is a true story of a woman who possesses the ability to triumph over the most challenging obstacles, and makes up a woman’s journey from strength to strength.

**Love Affair**

Leslie Kenton 2011-01-18 A searing literary memoir of a disconnected childhood, a multigenerational upbringing and incest—from the daughter of legendary jazz pianist Stan Kenton Leslie Kenton was the only child of Violet, a stunning Hitchcock blonde, and the legendary jazz giant Stan Kenton. The story takes place on the road in 1950s America and in the mania of Hollywood—a world of jazz clubs, dance halls and onensheighers, where lives were lived on a razor’s edge. Love Affair takes us beyond the bright lights and glamour into an intimate world of clans and the complex, claustrophobic nature of a father and the only child of his troubled marriage. As Stanley grapples with alcohol and his personal demons, gradually his actions threaten to destroy the only real, untainted thing in his life: Leslie. A true story of obsession, tragedy and grace, Love Affair is Leslie Kenton’s powerful memoir. At its heart is the complex, ultimately incestuous, relationship with her father—a union so powerful it defines all that came after. As their lives become increasingly entangled, so do the forces of darkness and light that exist within us all, leading to destruction for him and heartbreaking redemption for her. There have been memoirs about incest before, but Love Affair is a surprisingly moving and elegant treatment of a young life, shared passion, and boundaries crossed.

**The Tiebreaker**

Rebecca Gibboney 2020-03-31 Do you have what it takes to be THE TIEBREAKER for your colleagues? When did work become so serious? What did it have to be? Imagine heading into a workplace where the fun is just as important as the work. What if you (yes you!) were the only one who could unlock all of the fun for your colleagues? In The Tiebreaker, Rebecca Gibboney gives educators the scouting report on how to build a culture of gamification for professional learning. Filled with gamification examples, a game plan, and the keys to victory, the question remains... Do you have what it takes to lead your team to victory? After all, you could be THE TIEBREAKER.

**Emma’s War**

Deborah Scroggins 2011-11-23 Emma McCune’s passion for Africa, her unstinting commitment to the children of Sudan, and her youthful beauty and glamour set her apart from other relief workers from the moment she arrived in southern Sudan. But no one was prepared for her decision to marry a local warlord—a man who seemed to embody everything she was working against—and to throw herself into his violent quest to take over southern Sudan’s rebel movement. With precision and insight, Deborah Scroggins—who met McCune in Sudan—charts the process by which McCune’s romantic delusions led to her descent into the hell of Africa’s longest-running civil war. Emma’s War is at once a disturbing love story and an up-close look at Sudan: a world where international aid fuels armies as well as the starving population, and where the northern-based Islamic government—backed by Osama bin Laden—is locked in a war with the Christian and pagan south over religion, oil, and slaves. A timely, revelatory account of the nature of relief work, of the men and women who choose to carry it out, and of one woman’s sacrifice to its ideals.

**A Man of Good Hope**

Jonny Steinberg 2015-01-06 In January 1991, when civil war came to Mogadishu, the capital of Somalia, two-thirds of the city’s population fled. Among them was eight-year-old Asad Abdullahi. His mother murdered by a militia, his father somewhere in hiding, he and his family were forced to leave their home and the only real, untainted thing in his life: Leslie. A true story of obsession, tragedy and grace, Love Affair is Leslie Kenton’s powerful memoir. At its heart is the complex, ultimately incestuous, relationship with her father—a union so powerful it defines all that came after. As their lives become increasingly entangled, so do the forces of darkness and light that exist within us all, leading to destruction for him and heartbreaking redemption for her. There have been memoirs about incest before, but Love Affair is a surprisingly moving and elegant treatment of a young life, shared passion, and boundaries crossed.

**Interventions**

Derek H. Chollet 2011-11-08 A book that includes Richard Holbrooke’s own writings as well as reflections by friends and colleagues looks at the life of a master American diplomat who worked for presidents Clinton and Obama in places like Bosnia, Iraq and Afghanistan.

**The Unquiet American**

unique experiences during the terrorist attacks of September 11; the American invasions of Iraq and Afghanistan; the war between Israel, Hizbollah, and Lebanon; the brutal conflicts of Somalia, Rwanda, and Bosnia; and the geopolitical transformations following the end of the Cold War. A personal biography of global statecraft, Interventions is as much a memoir as a guide to world order—past, present, and future. The Idealist's Survival Kit Alessandra Pigni 2016-12-27 75 brief self-care reflections to help aid workers, activists, and volunteers renew purpose and achieve fulfillment. Heal from over-exhaustion, prevent burnout, and regain your motivation with these short readings from a psychologist who has spent many years in the field working in conflict and disaster areas. Gathered from Alessandra Pigni’s interaction with humanitarian professionals and backed up by cutting-edge research, these concrete tools offer new perspectives and inspiration to anyone whose work is focused on helping others. The New World of UN Peace Operations Thorsten Benner 2011-06-09 Peace operations are the UN’s flagship activity. Over the past decade, UN blue helmets have been dispatched to ever more challenging environments from the Congo to Timor to perform an expanding set of tasks. From protecting civilians in the midst of violent conflict to rebuilding state institutions after war, a new range of tasks has transformed the business of the blue helmets into an inherently knowledge-based venture. But all too often, the UN blue helmets, policemen, and other civilian officials have been “flying blind” in their efforts to stabilize countries ravaged by war. The UN realized the need to put into practice the new doctrines of UN peacekeeping. Through interviews and accounts at the center of the institution, Building on an innovative multidisciplinary framework, this study provides a first comprehensive account of learning in peacekeeping. Covering the crucial past decade of expansion in peace operations, it zooms into a dozen cases of attempted learning across four crucial domains: police assistance, judicial reform, reintegration of former combatants, and mission integration. Throughout the different cases, the study analyzes the role of key variables as enablers and stumbling blocks for learning: bureaucratic politics, the learning infrastructure, leadership as well as power and interests of member states. Building on five years of research and access to key documents and decision-makers, the book presents a vivid portrait of an international bureaucracy struggling to turn itself into a learning organization. Aimed at policy-makers, diplomats, and a wide academic audience (including those working in international relations, peace research, political science, public administration, and organizational sociology), the book is an indispensable resource for anyone interested in the evolution of modern peace operations. The Enough Moment John Prendergast 2010-09-07 Had Enough? Join activists, organizations, and celebrities to fight human rights crimes in Africa. Human rights activist John Prendergast and Oscar-nominated actor Don Cheadle bring us an empowering and hopeful new book, as they reveal the steps being taken by engaged citizens—“Upstanders”—famous and unknown, here and abroad, to combat genocide, rape, and child soldierrdom in Africa, and show how you can be a part of the movement. Learn how a high school student in Chicago rallied fellow students all over his city to raise awareness of genocide… a former child soldier in Uganda formed a group of others like him to aid in reconciliation… and a mother and teacher gang-raped by soldiers in Congo found strength to help other survivors. John and Don present ways for you to form alliances, contact Congress, alert the media, enlist corporations, and use social media to become part of the movement. Featuring testimonies and interviews with: • Ben Affleck • Madonna • Alfre Woodard • Romeo Dallaire • Angie Duk • Dave Eggers • Mia Farrow • Ryan Gosling • Mariska Hargitay • Emile Hirsch • Iman • Angelina Jolie • Nicholas Kristof • Joel Madden • Nicole Richie • Martin Sheen • Robin Wright • As well as a number of members of Congress and many others making a difference. Shake Hands With the Devil Romeo Dallaire 2009-02-24 On the tenth anniversary of the date that UN peacekeepers landed in Rwanda, Random House Canada is proud to publish the unforgettable first-hand account of the genocide by the man who led the UN mission. Digging deep into shattering memories, General Dallaire has written a powerful story of betrayal, naïveté, racism and international politics. His message is simple and undeniable: We were there. When UN peacekeepers first received the call to serve as force commander of the UN intervention in Rwanda in 1993, he thought he was heading off on a modest and straightforward peacekeeping mission. Thirteen months later he flew home from Africa, broken, disillusioned and suicidal, having witnessed the slaughter of 800,000 Rwandans in only a hundred days. In Shake Hands with the Devil, he takes the reader with him on a return voyage into the hell of Rwanda, vividly recreating the events the international community turned its back on. This book is an unsparring eyewitness account of the failure by humanity to stop the genocide, despite timely warnings. Woven through the story of this disastrous mission is Dallaire’s own journey from confident Cold Warrior, to devastated UN commander, to retired general engaged in a painful struggle to find a measure of peace, reconciliation and hope. This book is General Dallaire’s personal account of his conversion from a man certain of his worthiness and secure in his assumptions to a man conscious of his own weaknesses and failures and critical of the institutions he’d relied on. It might not sit easily with standard ideas of military leadership, but understanding what happened to General Dallaire and his mission to Rwanda is crucial to understanding the moral minefields our peacekeepers are forced to negotiate when we ask them to step into the world’s dirty wars. Excerpt from Shake Hands with the Devil: My story is not a clinical study nor a clinical, academic study of the breakdown of Rwanda. It is not a simplistic indictment of the many failures of the UN as a force for peace in the world. It is not a story of heroes and villains, although such a work could easily be written. This book is a cri de coeur for the slaughtered thousands, a tribute to the souls hacked apart by machetes because of their supposed difference from those who sought to hang on to power. . . . This book is the account of a few humans who were entrusted with the role of helping others taste the fruits of peace. Instead, we watched as the devil took control of paradise on earth and plunged it into the depths of hell. As such, this book was supposed to be a warning. The Lucifer Effect Philip Zimbardo 2008-01-22 The definitive firsthand account of the groundbreaking research of Philip Zimbardo—the basis for the award-winning film The Stanford Prison Experiment Renowned social psychologist and creator of the Stanford Prison Experiment Philip Zimbardo explores the mechanisms that make good people do bad things, how moral people can be seduced into acting immorally, and what this says about the line separating good from evil. The Lucifer Effect explains how—and the myriad reasons why—we are all susceptible to the lure of “the dark side.” Drawing on examples from history as well as his own trailblazing research, Zimbardo details how situational forces and group dynamics can work in concert to make monsters out of decent men and women. Here, for the first time and in detail, Zimbardo tells the full story of the Stanford Prison Experiment, the landmark study in which a group of college-student volunteers was randomly divided into “guards” and “inmates” and then placed in a mock prison environment. Within a week the study was abandoned, as ordinary college students were transformed into either brutal, sadistic guards or emotionally broken prisoners. By illuminating the psychological causes behind such disturbing metamorphoses, Zimbardo enables us to better understand a variety of harrowing phenomena, from corporate malfeasance to organized genocide to how once upstanding American soldiers came to abuse and torture Iraqi detainees in Abu Ghraib. He replaces the long-held notion of the “bad apple” with that of the “bad barrel”—the idea that the social setting and the system contaminate the individual, rather than the other way around. This is a book that dares to hold a mirror up to mankind, showing us that we might not be who we think we are. While forcing us to reexamine what we can be capable of doing when caught up in the crucible of behavioral dynamics, Zimbardo also offers hope. We are capable of resisting evil, he argues, and can even teach ourselves to act heroically. Like Hannah Arendt’s Eichmann in Jerusalem and Steven Pinker’s The Blank Slate, The Lucifer Effect is a shocking, engrossing study that will change the way we view human behavior. Praise for The Lucifer Effect “Erik Erikson’s The Life Cycle of the Healthy Personality offers the way you think about why we behave the way we do—and, in particular, about the human potential for evil. This is a disturbing book, but one that has never been more necessary.”—Malcolm Gladwell “An important book . . . All politicians and social commentators . . . should read this.”—The Times (London) “Powerful . . . an extraordinarily valuable addition to the literature of the psychology of violence or ‘evil’. . . .”—The American Prospect “Penetrating . . . Combining a dense but readable and oftenengrossing exposition of social psychology research with an impassioned moral seriousness, Zimbardo challenges readers to look beyond glib denunciations of evil-doers and ponder our collective responsibility for the world’sills.”—Publishers Weekly “A sprawling discussion . . . Zimbardo couples a thorough narrative of the Stanford Prison Experiment with analysis of the question of the roles prisoners played in the abuse of the prisoners.”—Booklist “Zimbardo bottled evil in a laboratory. The lessons he learned show us our dark nature but also fill us with hope if we heed their counsel. The Lucifer Effect reads like a novel.”—Anthony
Pratkanis, Ph.D., professor emeritus of psychology, University of California

Up High in the Trees Kiara Brinkman 2008-06-17 An autistics boy struggles to cope with the loss of his mother in this “very moving” debut novel (Dave Eggers). Following the sudden death of Sebby’s mother, his father takes him to live in the family’s summer house, hoping it will give them both time and space to recover. But Sebby’s father deteriorates in this new isolation, leaving Sebby struggling to understand his mother’s death alone. Ultimately, he will reach out to a favorite teacher back home and to two nearby children, who force him out of the void of the past and help him to exist in the present. With an “impressive ability to connect with and portray the myopic grief of a bereft child,” this novel is filled with both sorrow and sweet humor, and with the buoyant life force of its unforgettable narrator (Kirkus Reviews). “Sebby’s innocent voice speaks for anyone bravely grasping for order and solace amid unbreakable loss,” adds the Washington Post — “The World “Sebby Lane will break your heart and delight your soul.” – People The Perfect Wife Ann Gerhart 2005-04-08 An intimate portrait of Laura Bush draws on unparalleled access to the First Lady to reveal the complex woman behind the image, discussing her journey from a segregated and traditional West Texas town, the tragedy that changed her life, her marriage to and acompanship to George W. Bush, and her diverse roles as wife, mother, and public figure, in a new edition featuring a new post-election afterword. Reissue. 75,000 first printing.

Freedom’s Battle Gary Jonathan Bass 2009 2009 Author Bass shows that there is an “inherent intransigence of the American military, a century of its refusal to learn from history, that has marked the nation’s wars for well over a hundred years, of humanitarian interventions—confronting the suffering of innocent foreigners. Bass describes the political and cultural landscapes out of which theseactivists arose, as an emerged press free exposed Americans and Americans to atrocities taking place beyond their shores and galvanized them to act. He brings alive a century of passionate advocacy in Britain, France, Russia, and the United States. He tells the stories of the activists themselves: Byron, Benton, Madison, Gladstone, Dostoevsky, and Theodore Roosevelt among them. Bass also demonstrates that even in the imperialis late nineteenth century, humanitarian ideals could play a significant role in shaping world politics, and argues that the failure of today’s leaders to challenge the norms that should such responsibilities has led to catastrophes such as those in Rwanda and Darfur—catastrophes that he maintains are neither inevitable nor traditional.—From publisher description.

Alpha David Phillips 2021-08-24 An “infuriating, fast-paced” (The Washington Post) account of the Navy SEALs of Alpha platoon, the startling accusations against their chief, Eddie Gallagher, and the courtroom battle that exposed the dark underbelly of America’s special forces—from a Pulitzer Prize-winning reporter WINNER OF THE COLORADO BOOK AWARD • “Nearly impossible to put down.” —Jon Krakauer, New York Times bestselling author of Where Men Win Glory and Into the Wild In this “brilliantly written” (The New York Times Book Review) and startling account, Pulitzer Prize-winning New York Times correspondent David Phillips reveals a powerful moral crucible, one that would define the American military during the years of combat that became known as “the forever war.” When the Navy SEALs of Alpha platoon returned from their 2017 deployment to Iraq, a group of them reported their chief, Eddie Gallagher, for war crimes, alleging that he’d stabbed a prisoner in cold blood and taken lethal sniper shots at unarmed civilians. The story of Alpha’s war, both in Iraq and in the shocking trial that followed the men’s accusations, would complicate the understanding of a century—the story of the lives the nation’s warriors have lived. The book reveals to readers what the Navy SEALs really works in a crisis, and the devastating fights that elite soldiers face between loyalty to their unit and to their country. One of the great stories written about American special forces, Alpha is by turns a battlefield drama, a courtroom thriller, and a compelling examination of how soldiers define themselves and live with the decisions in the heat of combat.

The Blood Telegram Gary J. Bass 2013-09-24 A riveting history—the first full account—of the involvement of Richard Nixon and Henry Kissinger in the 1971 atrocities in Bangladesh that led to war between India and Pakistan, shaped the fate of Asia, and witnessed the birth of Bangladesh. The story of the turning point in Pakistan’s military dictatorship as it brutally quashed the results of a historic free election. The Pakistani army launched a crackdown on what was then East Pakistan (today an independent Bangladesh), killing hundreds of thousands of people and sending ten million refugees fleeing to India—one of the worst humanitarian crises of the twentieth century. Nixon and Kissinger, unsurpassed by detailed warnings of genocide from American diplomats witnessing the bloodshed, stood behind Pakistan’s military rulers. Driven not just by Cold War realpolitik but by a bitter personal dislike of India and its leader Indira Gandhi, Nixon and Kissinger actively helped the Pakistan government even as it careened toward a devastating war against India. They silenced American officials who dared to speak up, secretly encouraged China to mass troops on the Indian border, and illegally supplied weapons to the Pakistan military—an overlooked scandal that presages Watergate. Drawing on previously unheard White House tapes, recently declassified documents, and extensive interviews with White House staffers and Indian military leaders, The Blood Telegram tells this thrilling, shadowy story in full. Bringing us into the decisions of a crisis explaining war, Bass offers readers a mesmerizing and guerilla war on the ground—from the desperate refugee camps to the most secretive conversations in the Oval Office. Bass makes clear how the United States’ embrace of the military dictatorship in Islamabad would mold Asia’s destiny for decades, and confronts for the first time Nixon and Kissinger’s hidden role in a tragedy that was far bloodier than in the West—Russia—shaped the complex trade-offs, he maintained are neither inevitable nor traditional. —From publisher description.

A Journey Tony Blair 2010-09-02 In 1997, the biggest Labour victory in history swept England, ending eighteen years of Conservative government. Prime Minister Tony Blair — young,攒钱，and complete with a modern image — shaped the nation in the twenty-first years that followed. From his work in Northern Ireland to the wars in Iraq and Afghanistan, few of his decisions were free from scrutiny and debate. Alternately revered and reviled, he was an international figure to a degree matched by few British leaders — a role he continues in to this day through the Tony Blair Faith Foundation and his work in the Middle East. Now, for the first time, we see the fascinating journey and difficult choices of the prime minister through his own eyes. Grippingly candid and deeply intimate, A Journey is a must-read political memoir, full of startling insights into a host of world leaders, including George W. Bush and Bill Clinton. It is also a book that delivers deeply and profoundly into what it means to be in a position of great power today, and its emotional and personal toll.

*A "**A Problem From Hell**"* Samantha Power 2013-05-14 A character-driven study of some of the darkest moments in our national history, when America failed to prevent or stop 20th-century campaigns to exterminate Armenians, Jews, Cambodians, Iraqi Kurds, Bosnians, and Rwandans.

The Anger Gap Davin L. Phoenix 2019-12-26 Anger is a powerful mobilizing force in American politics on both sides of the political aisle, but does it motivate all groups equally? This book offers a new conceptualization of anger as a political resource that mobilizes black and white Americans differentially to exacerbate political inequality. Drawing on survey data from the last forty years, experiments, and narrative analysis, Phoenix finds that - from Reagan to Trump - black Americans register significantly less anger than their white counterparts and that anger (in contrast to pride) has a weaker mobilizing effect on their political participation. The book examines both the causes of this and the consequences. Pointing to black Americans’ tempered expectations of politics and the stigmas associated with black anger, it shows how race and lived experience moderate the emergence of emotions and their impact on behavior. The book makes multiple theoretical contributions and offers important practical insights for political strategy.

Sergio Samantha Power 2010-03-30 Now a Netflix biopic, with Narcos star Wagner Moura playing diplomat Sergio Vieira de Mello. "The best way to understand today's messy world is to read about the inspiring life and diplomatic genius of Sergio Vieira de Mello." -Walter Isaacson Originally published as Chasing the Flame. Before his death in 2003 in Iraq's first major suicide bomb attack, Sergio Vieira de Mello—a humanitarian and peacemaker with the United Nations—placed himself at the center of the most significant geopolitical crises of the last half-century. He cut deals with the murderous Khmer Rouge in Cambodia, focused confront with the genocidal killers from Rwanda, and used his talent and charisma to try to tame militant extremists in Lebanon, Afghanistan, and Iraq. Known as a “cross between James Bond and Bobby Kennedy,” Vieira de Mello managed to save lives in the world’s most dangerous places, while also pressing the world’s most powerful countries to join him in grappling with such urgent dilemmas as: When should killers be
engaged, and when should they be shunned? When is military force justified? How can outsiders play a role in healing broken people and broken places? He did not have the luxury of merely posing these questions; Vieira de Mello had to find answers, apply them, and live with the consequences. With Sergio, Pulitzer Prize winner and author of The Education of an Idealist Samantha Power offers a profile in courage and humanity—and an unforgettable meditation on how best to manage the deadly challenges of the twenty-first century.

**A Life in Peace and War** Brian Urquhart 1991 The author depicts his life and his experiences as the Under Secretary-General of the United Nations

**Brothers of the Gun** Marwan Hisham 2018-05-15 A bracingly immediate memoir by a young man coming of age during the Syrian war, an intimate lens on the century’s bloodiest conflict, and a profound meditation on kinship, home, and freedom. A NEW YORK TIMES NOTABLE BOOK • LONGLISTED FOR THE NATIONAL BOOK AWARD • "This powerful memoir, illuminated with Molly Crabapple’s extraordinary art, provides a rare lens through which we can see a region in deadly conflict.”—Bryan Stevenson, author of Just Mercy In 2011, Marwan Hisham and his two friends—fellow working-class college students Nael and Tareq—joined the first protests of the Arab Spring in Syria, in response to a recent massacre. Arm-in-arm they marched, poured Coca-Cola into one another’s eyes to blunt the effects of tear gas, ran from the security forces, and cursed the country’s president, Bashar al-Assad. It was ecstasy. A long-bottled revolution was finally erupting, and freedom from a brutal dictator seemed, at last, imminent. Five years later, the three young friends were scattered: one now an Islamist revolutionary, another dead at the hands of government soldiers, and the last, Marwan, now a journalist in Turkish exile, trying to find a way back to a homeland reduced to rubble. Marwan was there to witness and document firsthand the Syrian war, from its inception to the present. He watched from the rooftops as regime warplanes bombed soldiers; as revolutionary activist groups, for a few dreamy days, spray-painted hope on Raqqa; as his friends died or threw in their lot with Islamist fighters. He became a journalist by courageously tweeting out news from a city under siege by ISIS, the Russians, and the Americans all at once. He saw the country that ran through his veins—the country that held his hopes, dreams, and fears—be destroyed in front of him, and eventually joined the relentless stream of refugees risking their lives to escape. Illustrated with more than eighty ink drawings by Molly Crabapple that bring to life the beauty and chaos, Brothers of the Gun offers a ground-level reflection on the Syrian revolution—and how it bled into international catastrophe and global war. This is a story of pragmatism and idealism, impossible violence and repression, and, even in the midst of war, profound acts of courage, creativity, and hope. "A book of startling emotional power and intellectual depth.”—Pankaj Mishra, author of Age of Anger and From the Ruins of Empire “A revelatory and necessary read on one of the most destructive wars of our time.”—Angela Davis

**Chasing the Flame** Samantha Power 2008-02-14 Now a Netflix biopic, Sergio, with Narcos star Wagner Moura playing diplomat Sergio Vieira de Mello. "The best way to understand today's messy world is to read about the inspiring life and diplomatic genius of Sergio Vieira de Mello."—Angela Davis

Before his death in 2003 in Iraq’s first major suicide bomb attack, Sergio Vieira de Mello—a humanitarian and peacemaker with the United Nations—placed himself at the center of the most significant geopolitical crises of the last half-century. He cut deals with the murderous Khmer Rouge in Cambodia, forcibly confronted genocidal killers from Rwanda, and used his intellect and charisma to try to tame militant extremists in Lebanon, Afghanistan, and Iraq. Known as a "cross between James Bond and Bobby Kennedy," Vieira de Mello managed to save lives in the world's most dangerous places, while also pressing the world's most powerful countries to join him in grappling with such urgent dilemmas as: When should killers be engaged, and when should they be shunned? When is military force justified? How can outsiders play a role in healing broken people and broken places? He did not have the luxury of merely posing these questions; Vieira de Mello had to find answers, apply them, and live with the consequences. With Chasing the Flame, Pulitzer Prize winner and author of The Education of an Idealist Samantha Power offers a profile in courage and humanity—and an unforgettable meditation on how best to manage the deadly challenges of the twenty-first century.
