Near East and North Africa, 11% of the region’s population – 50.2 million people – are undernourished. The review on rural transformation policies aimed at addressing food insecurity and nutrition issues. Updated (to end all forms of malnutrition), as well as the state of micronutrient deficiencies, is complemented by a Sustainable Development Goal 2 Target 2.1 (to end hunger and ensure access to food by all) and Target 2.2 framework of the 2030 Sustainable Development Agenda. The in-depth analysis of progress made against Security and Nutrition provides new evidence for monitoring trends in food security and nutrition within the Organization of the United Nations 2019-04-25 The Near East and North Africa Regional Overview of Food
