Incest and the Medieval Imagination Elizabeth Archibald 2001-05-24 Incest is a remarkably frequent theme in medieval literature; it occurs in a wide range of genres, including romances, saints's lives, and exempla. Historically, the Church in the later Middle Ages was very concerned about breaches of the complex laws against incest, which was defined very broadly at the time to cover family relationships outside the nuclear family and also spiritual relationships through baptism. Medieval writers accepted that incestuous desire was a widespread phenomenon among women as well as men. They are surprisingly open about incest, though of course they disapprove of it; in many exemplary stories incest is identified with original sin, but the moral emphasizes the importance of contrition and the availability of grace even to such heinous sinners. This study begins with a brief account of the development of medieval incest laws, and the extent to which they were obeyed. Next comes a survey of classical incest stories and their legacy; many were retold in the Middle Ages, but they were frequently adapted to the purposes of Christian moralizers. In the three chapters that follow, homegrown medieval incest stories are grouped by relationship: mother-son (focusing on the Gregorius legend), father-daughter (focusing on La Manekine and its analogues), and sibling (focusing on the Arthurian legend). The final chapter considers the very common medieval trope of the Virgin Mary as mother, daughter, sister and bride of Christ, the one exception to the incest taboo. In western society today, incest has recently been recognized as a serious social problem, and has also become a frequent theme in both fiction and non-fiction, just as it was in the Middle Ages. This interdisciplinary study is the first broad survey of medieval incest stories in Latin and the vernaculars (mainly French, English and German). It situates the incest theme in both literary and cultural contexts, and offers many thought-provoking comparisons and contrasts to our own society in terms of gender relations, the power of patriarchy, the role of religious institutions in regulating morality, and the relationship between life and literature.

Crap CVs Jenny Crompton 2014-10-09 Application for Employment I refer to the recent death of the Technical Manager at your company and hereby apply for the replacement of the deceased manager. Each time I apply for a job, I get a reply that there is no vacancy but in this case I have caught you red-handed and you have no excuse because I even attended the funeral to be sure that he was truly dead and buried before applying. Attached to my letter is a copy of my CV and his death certificate. Crap CVs is a hilarious compilation of the worst job applications imaginable, including overly-honest cover letters, embarrassing typos, mortifying personal revelations, awkward interview questions, misplaced self-confidence, self-aggrandizing gibberish, blatant truth-twisting and, of course, outright lies.

Ancestral Fault in Ancient Greece Renaud Gagné 2013-11-07 Ancestral fault is a core idea of Greek literature. "The guiltless will pay for the deeds later: either the man's children, or his descendants

thereafter', said Solon in the sixth century BC, a statement echoed throughout the rest of antiquity. This notion lies at the heart of ancient Greek thinking on theodicy, inheritance and privilege, the meaning of suffering, the links between wealth and morality, individual responsibility, the bonds that unite generations and the grand movements of history. From Homer to Proclus, it played a major role in some of the most critical and pressing reflections of Greek culture on divinity, society and knowledge. The burning modern preoccupation with collective responsibility across generations has a long, deep antecedent in classical Greek literature and its reception. This book retraces the trajectories of Greek ancestral fault and the varieties of its expression through the many genres and centuries where it is found.

Direct and Indirect Speech Florian Coulmas 1986-01-01 TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language. The series publishes state-of-the-art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science. TRENDS IN LINGUISTICS considers itself a forum for cutting-edge research based on solid empirical data on language in its various manifestations, including sign languages. It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language. TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes, which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints. High quality standards are ensured through anonymous reviewing.

Mont-Saint-Michel and Chartres Henry Adams 2020-12-01 Using architecture, sculpture, culture and history, Adams humanizes the medieval period and provides valuable insight on religious philosophy. Mont-Saint Michel and Chartes provides a background and description of the construction of two French landmarks built in the 11th century. The Mont-Saint Michel cathedral was built during a militant time; it was not enough to simply be steadfast in one's own beliefs, but also to make others believe them. Religious conversion was a form of defense. Mont-Saint Michel was built in a period where faith was aggressive, almost violent, and to accommodate this, Mont-Saint Michel was built in honor of a warrior angel. In contrast, the Chartes cathedral, another French monument built in the Gothic period, was built as a shrine to Mary, the mother of God. Using Mary's image and inspiration, this church set a welcoming tone. While the cathedral of Mont-Saint Michel represents a more aggressive side of faith, the cathedral of Chartes is the embodiment of love and peace. In the same way that this contrast exists between the two cathedrals, a similar duality is present in the Christian faith. It is both a safe haven and a weapon wielded by the religious in order to conform others to their faith. Through descriptions and comparisons between Mont-

Saint Michel and Chartes, Adams provides thoughtful reflection on both Christianity and the magnificent structures of the Gothic period. *Mont-Saint Michel and Chartes* by Henry Adams is a subjective and personal view on history written in beautiful prose. With the stories behind two grand French cathedrals, *Mont-Saint Michel and Chartes* explore themes of Christianity, gender, and medieval culture with eloquent and enlightened discourse on history and the politics within Christianity. Now in a modern, readable font and new, striking cover design, *Mont-Saint Michel and Chartes* by the prolific American author and philosopher, Henry Adams provides meaningful meditation on the duality of religion and insight on the French Gothic period.

A Knight's Own Book of Chivalry Geoffroi de Charny 2013-03-01 On the great influence of a valiant lord: "The companions, who see that good warriors are honored by the great lords for their prowess, become more determined to attain this level of prowess." On the lady who sees her knight honored: "All of this makes the noble lady rejoice greatly within herself at the fact that she has set her mind and heart on loving and helping to make such a good knight or good man-at-arms." On the worthiest amusements: "The best pastime of all is to be often in good company, far from unworthy men and from unworthy activities from which no good can come." Enter the real world of knights and their code of ethics and behavior. Read how an aspiring knight of the fourteenth century would conduct himself and learn what he would have needed to know when traveling, fighting, appearing in court, and engaging fellow knights. Composed at the height of the Hundred Years War by Geoffroi de Charny, one of the most respected knights of his age, *A Knight's Own Book of Chivalry* was designed as a guide for members of the Company of the Star, an order created by Jean II of France in 1352 to rival the English Order of the Garter. This is the most authentic and complete manual on the day-to-day life of the knight that has survived the centuries, and this edition contains a specially commissioned introduction from historian Richard W. Kaeuper that gives the history of both the book and its author, who, among his other achievements, was the original owner of the Shroud of Turin.

International Public Health: Diseases, Programs, Systems and Policies Michael Merson 2006 In this text for graduate students in various disciplines who are studying international public health, the author focuses on conditions in low- and middle-income countries, occasionally making reference to high-income countries. He suggests approaches for fostering public health, and discusses future challenges for health promotion and disease prevention around the world. The text can also be used as a reference by those working in government agencies, international health and development agencies, and NGOs.

[Dialogues between Media](#) Paul Ferstl 2021-01-18 Comparative Literature is changing fast with methodologies, topics, and research interests emerging and reemerging. The fifth volume of ICLA 2016 proceedings, *Dialogues between Media*, focuses on the current interest in inter-arts studies, as well as papers on comics studies, further testimony to the fact that comics have truly arrived in mainstream academic discourse. "Adaptation" is a key term for the studies presented in this volume; various articles discuss the adaptation of literary source texts in different target media - cinematic versions, comics adaptations, TV series, theatre, and opera. Essays on the interplay of media beyond adaptation further show many of the strands that are woven into dialogues between media, and thus the expanding range of comparative literature.

[Research on Old French: The State of the Art](#) Deborah L Arteaga 2012-11-02 The present volume presents scholarly study into Old French as it is practiced today, in all of its forms, within a variety of theoretical frameworks, from Optimality Theory to Minimalism to Discourse Analysis. Many of the chapters are corpus-based, reflecting a new trend in the field, as more electronic corpora become available. The chapters contribute to our understanding of both the synchronic state and diachronic evolution, not only of Old French, but of language in general. Its breadth is extensive in that contributors pursue research on a wide

variety of topics in Old French focusing on the various subsystems of language. All examples are carefully glossed and the relevant characteristics of Old French are clearly explained, which makes it uniquely accessible to non-specialists and linguists at all levels of training.

Nominal Apposition in Indo-European Brigitte L. M. Bauer 2017-05-08 Nominal apposition—the combining of two equivalent nouns—has been a neglected topic in linguistics, despite its prominence in syntax and morphology in some languages. This book presents an extensive comparative and diachronic analysis of nominal apposition in Indo-European, examining its occurrence, characteristics and functions in early languages, identifying parallels with similar phenomena elsewhere, and tracing its evolution in Latin-Romance.

Financial Budget Manual E. S. Burt 1997

Beards and Texts Sebastian Coxon 2021-09-08 *Beards and Texts* explores the literary portrayal of beards in medieval German texts from the mid-twelfth to the early sixteenth centuries. It argues that as the pre-eminent symbol for masculinity the beard played a distinctive role throughout the Middle Ages in literary discussions of such major themes as majesty and humanity. At the same time beards served as an important point of reference in didactic poetry concerned with wisdom, teaching and learning, and in comedic texts that were designed to make their audiences laugh, not least by submitting various figure-types to the indignity of having their beards manhandled. Four main chapters each offer a reading of a work or poetic tradition of particular significance (Pfafe Konrad's *Rolandslied*; Wolfram von Eschenbach's *Willehalm*; 'Sangspruchdichtung'; Heinrich Wittenwiler's *Ring*), before examining cognate material of various kinds, including sources or later versions of the same story, manuscript variants and miniatures and further relevant beard-motifs from the same period. The book concludes by reviewing the portrayal of Jesus in vernacular German literature, which represents a special test-case in the literary history of beards. As the first study of its kind in medieval German studies, this investigation submits beard-motifs to sustained and detailed analysis in order to shed light both on medieval poetic techniques and the normative construction of masculinity in a wide range of literary genres.

New Studies in the Manuscript Tradition of Njáls saga Svanhildur Óskarsdóttir 2018-10-22 *Njáls saga* is the best known and most highly regarded of all medieval Icelandic sagas and it occupies a special place in Icelandic cultural history. The manuscript tradition is exceptionally rich and extensive. The oldest extant manuscripts date to only a couple of decades after the saga's composition in the late 13th century and the saga was subsequently copied by hand continuously up until the 20th century, even alongside the circulation of printed text editions in latter centuries. The manuscript corpus as a whole has great socio-historical value, showcasing the myriad ways in which generations of Icelanders interpreted the saga and took an active part in its transmission; the manuscripts are also valuable sources for evidence of linguistic change and other phenomena. The essays in this volume present new research and a range of interdisciplinary perspectives on the *Njáls saga* manuscripts. Many of the authors took part in the international research project "The Variance of *Njáls saga*" which was funded by the Icelandic Research Council from 2011-2013.

Round the World in the Wrong Season Eric Troels Wiberg 2010-01 *Round the World in the Wrong Season*, by Eric T. Wiberg - Written between 1994 and 2009, is a memoir of global travel and an unfulfilled college crush. The book follows the narrator out of school and across the Pacific. At only 23 he has command of a 68-foot Burmese-teak ketch built in Scotland thrust upon him. The owner is on a voyage home to his death, and along the way they hire sailors twice the skipper's age. They makes it to New Zealand in a storm which sinks seven yachts, then spends months shearing sheep and writing a memoir. By the time the narrator makes a rendezvous with his college sweetheart (who has been teaching Thai students on the Burmese border), she seems to have all but forgotten him. This leads to a less than satisfactory denouement and puts at least one of them in the hospital. The book includes extensive photographs and hand-drawn charts and a detailed bibliography. It is over 400 pages in length, perfect

bound in cloth. More www.wrongseason.net and www.ericwiberg.com

The Medieval Saga Carol J. Clover 2019-03-15 Written in the thirteenth century, the Icelandic prose sagas, chronicling the lives of kings and commoners, give a dramatic account of the first century after the settlement of Iceland—the period from about 930 to 1050. To some extent these elaborate tales are written versions of traditional sagas passed down by word of mouth. How did they become the long and polished literary works that are still read today? The evolution of the written sagas is commonly regarded as an anomalous phenomenon, distinct from contemporary developments in European literature. In this groundbreaking study, Carol J. Clover challenges this view and relates the rise of imaginative prose in Iceland directly to the rise of imaginative prose on the Continent. Analyzing the narrative structure and composition of the sagas and comparing them with other medieval works, Clover shows that the Icelandic authors, using Continental models, owe the prose form of their writings, as well as some basic narrative strategies, to Latin historiography and to French romance.

Twelve Tests of Character Harry Emerson Fosdick 1923

Poetry and Philosophy from Homer to Rousseau S. Haines 2004-11-23 This accessible and jargon-free book features readings of over 20 key texts and authors in Western poetry and philosophy, including Homer, Plato, Beowulf, Dante, Chaucer, Shakespeare and Rousseau. Simon Haines presents a thought-provoking and theoretically aware account of Western literature and philosophy, arguing that the history of both can be seen as a struggle between two different conceptions of the self: the 'romantic' (or dualist) vs the 'realist' or ('extended').

Chivalry and Violence in Medieval Europe Richard W. Kaeuper 2001 Includes evidence from chivalric

literature, chivalric mythology, knights and hermits, the Church and governing power, war and violence, prowess/honor/piety/status, war and tournament, conduct of war, looting and destruction, loyalty, nobility, largesse, formal manners, male bonding, sexual violence, Song of Aspremont, Crowning of Louis, Raoul de Cambrai, The Quest of the Holy Grail, The Death of King Arthur, Robert the Devil/Sir Gowther, The Romance of the Wings, The Book of the Order of Chivalry, L'Histoire de Guillaume le Marechal, Livre de chevalerie, Morte Darthur, etc.

After Life Lessons (Book One) Laila Blake 2014-03-20 A year after a devastating epidemic swept the world, Emily and her six-year-old son, Song, are struggling south in search of more hospitable climates. A snowstorm traps them in an abandoned gas station, where starving and desperate, they encounter Aaron, an Army medic on a mission of his own, who offers them a ride to ease the journey.

Mastering Digital Photography Michael Freeman 2010-07-19 The whole world of photography is here presented in a single volume, allowing amateur and professional alike to develop their craft and get the perfect picture in any situation. Covering digital technology and techniques from a photographers perspective, the book will guide the reader through every aspect of photography: there are tips and techniques for studio and location shooting, plus advice on managing light and manipulating your original capture to obtain the best possible result. Mastering Digital Photography, first published in hardback in 2008, has established itself as one of the most successful popular references in the field. This new paperback, accessibly priced, is sure to bring Michael Freemans work to a new, and keen, audience of readers.
