Managerial Accounting Susan V. Crosson 2013-03-05 Owners and managers rely on today’s accounting professional to identify and monitor enterprise risks and to provide quality assurance for a company’s information systems. MANAGERIAL ACCOUNTING, 1e, focuses on three critical accounting information systems in use today: enterprise systems, e-Business systems, and controls for maintaining those systems. The text fully explores the integrated nature of AIS with its foundations in information technology, business processes, strategic management, security, and internal controls. All three of these systems are explored extensively to illustrate AIS topics discussed in a conversational and relaxed tone rather than complex technical language. The tenth edition provides students with the necessary tools for organizing and managing information to help them succeed and protect the enterprise.

Managerial Accounting, 1st Canadian Edition, by Spiceland/Sepe/Nelson is gaining support in traditional and technology-driven classes before being included in Intermediate Accounting. Few areas see the kind of rapid change that accounting does, and the Spiceland team is committed to staying current. The sixth edition fully integrates all the latest FASB standards, and the authors are committed to keeping you updated with all relevant content changes throughout the edition.

Financial Accounting: The Impact on Decision Makers Gary A. Porter 2016-01-01 FINANCIAL ACCOUNTING: THE IMPACT ON DECISION MAKERS, 10E makes it easy to demonstrate that accounting is a powerful tool for business decision-making by going beyond debits and credits and keeping students focused on the big picture. For example, journal entries require students to demonstrate the balance sheet and income statement impact of transactions, helping students see how business events ultimately impact the financial statements. In addition to exposing students to annual reports of highly recognizable companies such as Nike, Porter’s exclusive Ratio Decision-Model provides students with a framework for reading and interpreting financial statements to make decisions. The focus on financial statements and decision-making carries through to the end-of-chapter with a suite of case materials that have students reading and interpreting financial statements.
