Conversations with Joanna Scott

Michael Lackey 2020-07-15 Joanna Scott (b. 1960) has been one of America's leading writers since the 1990s. Both critically acclaimed and winner of numerous prestigious awards, Scott's unique and probing vision and masterful writing has inspired readers to adjust their perceptions of life and of fiction. Her fiction and nonfiction, frequently appearing in the New York Times, has illuminated the degree to which the perverse is natural and the ordinary is twisted and demented. Conversations with Joanna Scott presents eighteen interviews that span two decades and are as much about the process of reading as they are about writing. Witty, probing, wide-ranging, and insightful, Scott's off-the-cuff observations about literature and life are as thought-provoking as some of the most memorable lines and scenes in her fiction. Not only shedding new light on Scott's fiction, Conversations with Joanna Scott also illuminates enduring areas of inquiry, like the challenge of trying to make art out of ever-changing life; the effort to recover and imagine lost stories from the past; the changing state of the literary imagination; fictional portraiture and the productive possibilities that flow from blending biography and fiction; and concerns about literacy. Joanna Scott has made her name through brilliant, award-winning novels, but this volume clarifies why she is also one of America's leading public intellectuals and an astute critic of literature and culture.
