U.S. History P. Scott Corbett 2017-12-19 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Discovering Our Past: A History of the World-Early Ages, Student Edition SPIELVOGEL 2013-01-22 Connect to core World History content with an accessible, student-friendly text built on the principles of Understanding by Design.

Dinosaurs for Kids shares the unique world of dinosaurs and their true history like never before as you: meet the most unusual creatures to ever walk the earth, stalk the seas, or soar across the sky! discover how dinosaur bonebeds are made, and other kinds of fossils beyond just bones! learn the truth behind museum exhibits and flawed evolutionary timelines! Within these pages kids will uncover the facts about dinosaur history from the Creation to recent discoveries. Let Ken Ham take you on a journey through time to explore these awesome wonders of God's design. From where dinosaurs lived to what scientists assume they know about these great creatures, dinosaurs have never been this exciting, revealing and simply amazing! The 7 Fs of dinosaur history: formed, fearless, fallen, flood, faded, found, fiction.

Forms of Modernity Rachel Schmidt 2011 It's a critical cliché that Cervantes' Don Quixote is the first modern novel, but this distinction raises two fundamental questions. First, how does one define a novel? And second, what is the relationship between this genre and understandings of modernity? In *Forms of Modernity*, Rachel Schmidt examines how seminal theorists and philosophers have wrestled with the status of Cervantes' masterpiece as an "exemplary novel," in turn contributing to the emergence of key concepts within genre theory. Schmidt's discussion covers the views of well-known thinkers such as Friedrich Schlegel, José Ortega y Gasset, and Mikhail Bakhtin, but also the pivotal contributions of philosophers such as Hermann Cohen and Miguel de Unamuno. These theorists' examinations of Cervantes's fictional knight errant character point to an ever-shifting boundary between the real and the virtual. Drawing from both intellectual and literary history, *Forms of Modernity* richly explores the development of the categories and theories that we use today to analyze and understand novels.

Divorce and Remarriage Guy Duty 2002 First published in 1967, "Divorce & Remarriage" continues to help those who have been divorced—or are considering it—as well as their pastors and counselors. The final chapter contains a helpful summary of all evidence for the author's position that Scripture allows for divorce and remarriage in certain circumstances.

Community, Solidarity and Multilingualism in a Transnational Social Movement Maria Rosa Garrido Sardà 2020-09-02 Community, solidarity and multilingualism in a transnational social movement presents a critical sociolinguistic ethnography of the Emmaus movement that analyses linguistic and discursive practices in two local communities in order to provide insight into solidarity discourses and transnational communication more broadly. Integrating perspectives from a range of disciplines, the monograph seeks to understand the ways in which social movements are maintained across disparate communities grounded in shared cultural referents and communicative practices but not necessarily a shared language. The book focuses on Emmaus, the solidarity movement that emerged in post-war France which brings formerly marginalised people together with others looking for an alternative lifestyle into live-in communities dedicated to recycling work and social projects. The book first offers a historical overview of the Emmaus movement more generally, moving into an account of its development and spread across national and linguistic borders. The volume draws on data from two Emmaus communities in Barcelona and London to analyse the everyday communicative and discursive practices that appropriate and resignify the shared transnational movement ideas in different socio-political, economic, historical and linguistic contexts. Community, solidarity and multilingualism in a transnational social movement considers the social implications of local practices on the situated (re)production and evolution of transnational social movements more generally and will be of particular interest to students and researchers in sociolinguistics, linguistic anthropology, discourse studies, cultural studies, and sociology.

Exploring Spanish Joan Sheeran 2002

Guided Reading Irene Fountas 2016-08-12 Much has been written on the topic of guided reading over the last twenty years, but no other leaders in literacy education have championed the topic with such depth and breadth as Irene Fountas and Gay Su Pinnell. In the highly anticipated second edition of *Guided Reading*, Fountas and Pinnell remind you of guided reading's critical value within a comprehensive literacy system, and the reflective, responsive teaching required to realize its full potential. Now with *Guided Reading, Second Edition*, (re)discover the essential elements of guided reading through: a wider and more comprehensive look at its place within a coherent literacy system a refined and deeper understanding of its complexity an examination of the steps in implementation-from observing and assessing literacy behaviors, to grouping in a thoughtful and dynamic way, to analyzing texts, to teaching the lesson the teaching for systems of strategic actions a rich text base that can support and extend student learning the re-emerging role of shared reading as a way to lead guided and independent reading forward the development of managed independent learning across the grades an in-depth exploration of responsive teaching the role of facilitative language in supporting change over time in students' processing systems the identification of high-priority shifts in learning to focus on at each text level the creation of a learning environment within which literacy and language can flourish. Through guided reading, students learn how to engage in every facet of the reading process and apply their reading power to all literacy contexts. Also check out our new on-demand mini-course: *Introducing Texts Effectively* in *Guided Reading Lessons Process Experiential Psychotherapy* Leslie S. Greenberg 1994-01-01 In process experiential psychotherapy, the therapist works to guide the client's affective and cognitive processing of experience through the use of appropriate active interventions that facilitate the resolution of painful emotions. This book demonstrates this emotion-focused approach to treatment.

Put Reading First Bonnie B. Armbruster, Ph.D. 2010-11

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you’re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You’ll be laughing and learning at the same time.

Business Forecasting John E. Hanke 2014-02-12 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For undergraduate and graduate courses in Business Forecasting. Written in a simple, straightforward style, *Business Forecasting, 9th Edition* presents basic statistical techniques using practical business examples to teach readers how to predict long-term forecasts.

Dinosaurs Kathleen Weidner Zoehfeld 2011 Introduces dinosaurs, including how scientists know they existed, what they ate, how they cared for their young, and what the descendants of dinosaurs may look like today. **What Makes a Marriage Last** Marlo Thomas 2020-05-05 NEW YORK TIMES BESTSELLER Power couple Marlo Thomas and Phil Donahue have created a compelling and intimate collection of intriguing conversations with famous couples about their enduring marriages and how they have made them last through the challenges we all share. What makes a marriage last? Who doesn't want to know the answer to that question? To unlock this mystery, iconic couple Marlo Thomas and Phil Donahue crisscrossed the country and conducted intimate conversations with forty celebrated couples whose long marriages they've admired—from award-winning actors, athletes, and newsmakers to writers, comedians, musicians, and a former U.S. president and First Lady. Through these conversations, Marlo and Phil also revealed the rich journey of their own marriage. **What Makes a Marriage Last** offers practical and heartfelt wisdom for couples of all ages, and a rare glimpse into the lives of husbands and wives we have come to know and love. Marlo and Phil's frequently funny, often touching, and always engaging conversations span the marital landscape—from that first rush of new love to keeping that precious spark alive, from navigating hard times to celebrating triumphs, from balancing work and play and family to growing better and stronger together. At once intimate, candid, revelatory, hilarious, instructive, and poignant, this book is a beautiful gift for couples of every age and stage. Featuring interviews with: Alan and Arlene Alda • Kevin Bacon and Kyra Sedgwick President Jimmy and Rosalynn Carter • James Carville and Mary Matalin Deepak and Rita Chopra • Patricia Cornwell and Staci Gruber Bryan Cranston and Robin Dearden • Billy and Janice Crystal Jamie Lee Curtis and Christopher Guest • Ted Danson and Mary Steenburgen Viola Davis and Julius Tennon • Gloria and Emilio Estefan Michael J. Discovering Our Past: A History of the United States-Modern Times, Reading Essentials and Study Guide, Student Workbook McGraw-Hill Education 2015-05-19

I Can Read and Speak in Spanish Maurice Hazan 2005-08-18 A unique learning experience geared to the way children learn best The biggest hurdle young children face when learning a new language is stringing words together into coherent sentences. Developmental psychologist and veteran language teacher Maurice Hazan has created an ingenious new way to help kids over that hurdle. The I Can Read and Speak series makes learning fun with an exciting combination of dramatic action pictures, sounds, symbols, and learning activities including flash cards and stickers. Kids are introduced to 60 new words that are used in simple illustrated stories. Learning activities at the end of each story encourage kids to re-create the sentences and create new sentences of their own, using specially designed flash-card symbols. Each book includes: A colorful storybook illustrated with photographs Lively storybook narration (on CD) for proper pronunciation Flash cards and stickers to encourage sentence and story creation Tips for parents on how to adapt the material to their child’s learning style *Peppa Pig: 1000 First Words Sticker Book* 2017-07-13 Learn 1000 first words with Peppa Pig in this fantastic new bumper sticker book!

The Chicano Latino Literary Prize Stephanie Fetta 2008-01-01 ñDavid is mine!ñ Mrs. Renteria shouts out to her neighbors gathered about the dead but handsome young man found in the dry riverbed next to their homes in a Los Angeles barrio. ñDavid?ñ Tiburcio asked. ñSince when is his name David? He looks to me more like a ññ Tiburcio glanced at the man’s face, ññ a Luis.ñ Mrs. Renterials neighbors call out a litany of names that better suit the mysterious corpse: Roberto, Antonio, Henry, Enrique, Miguel, Roy, Rafael. The very first winner of the Chicano / Latino Literary Prize in 1974, Ron Arias! ñThe Wetback! uses dark humor to reflect on the appearance of a dead brown man in their midst. This landmark collection of prize-winning fiction, poetry, and drama paints a historical and aesthetic panorama of Chicana/o and Latina/o letters over a twenty-five-year period beginning in 1974 and ending in 1999. Most, but not all, of the winning entries are featured in this anthology, which also includes second- and third-place winners, as well as honorable mentions. Now entering its thirty-first year, the award has recognized a wide variety of writers, from established ones such as Juan Felipe Herrera, Michael Nava, and Helena Maria Viramontes, to those that are lesser known. Many of the pieces in this anthology are considered to be foundational texts of Chicana/o and Latina/o literature, and those that are not as widely recognized deserve more serious study and attention. Presented in chronological order, the selected writings are primarily in English, although some are written in Spanish, and others in Spanglish. Some, like Francisco X. Alarcon’s poem ñRaices / Roots,ñ appear in both languages: ñMis raices / las cargo / siempre / conmigo / enrolladas / me sirven / de almohada.ñ ñI carry / my roots / with me / all the time / rolled up / I use them / as my pillow.ñ In addition to the diverse array of authors, styles, and genres, the works included in this collection cover a wide range of themes, from more political issues of ethnic, gender, and class.

Big Questions for Young Minds Janis Strasser 2017 Weave high-level questions into your teaching practices.

Five Hundred and One Spanish Verbs Christopher Kendris 2007 Students quickly discover that learning Spanish becomes easier with this book-and-CD combination because it teaches verbs and verb usage systematically. **NeuroWisdom** Mark Robert Waldman 2017-01-31 Perfect for readers of *How God Changes Your Brain*, two researchers present over thirty brain exercises to help readers generate happiness and success, in business and in life. “This remarkable book translates state-of-the art neuroscience into practical techniques that rapidly promote personal transformation. If you want to double your happiness and your income, start using these powerful brain-changing exercises today!” —John Assaraf, New York Times bestselling author and CEO of NeuroGym Adapted from a business school course they created for professionals, bestselling author Mark Waldman and Chris Manning present simple brain exercises, based on the latest neuroscience research, to guide readers to improvement in all parts of life, from work to home, from how we think to how we feel. Their promise is to help people create more “wealth” in their lives, defined as the combination of money, happiness, and success. Using the latest research studied by two experts in their field, the book presents both the scientific background and sets of “NeuroWisdom” exercises that will help people reduce neurological stress and increase happiness, motivation, and productivity. The “worry” centers of the brain are turned off and the optimism circuits are turned on. Work becomes more pleasurable and creativity is increased, enabling the brain to anticipate and solve problems more efficiently. From the cutting edge of brain science to real-world solutions, these exercises help readers gain the wisdom that leads to greater fulfillment.

Exceptional Lives Ann P. Turnbull 1999 This best-selling volume is widely recognized for its innovation and accessibility: it equips the reader with principles, values, and practices that support teaching the majority of students with disabilities within the scope of general education programs.

International Research on Multilingualism: Breaking with the Monolingual Perspective Eva Vetter 2019-10-22 This volume contributes to a better understanding of both psycho- and sociolinguistic levels of multilingualism and their interplay in development and use. The chapters stem from an international group of specialists in multilingualism with chapters from Austria, Canada, Germany, Hungary, Israel, Italy, Slovakia, South Africa, Spain and the United States. The chapters provide an update on research on third language acquisition and multilingualism, and pay particular attention to new research concepts and the exploration of contact phenomena such as transfer and language learning strategies in diverse language contact scenarios. Concepts covered include dominant language constellations, mother tongue, germination factors and communicative competence in national contexts. Multilingual use as described and applied in the volume aims at demonstrating and identifying current and future challenges for research on third language acquisition and multilingualism. The third languages in focus include widely and less widely used official, minority and migrant languages in instructed and/or natural contexts, including Albanian, Arabic, Basque, English, French, German, Hungarian, Italian, Romanian, Spanish, Punjabi, Russian, Turkish, and Vietnamese, thereby mapping a high variety of language constellations.

First Little Readers Parent Pack: Guided Reading Level A Deborah Schecter 2010-10 Contains twenty-five books about a variety of subjects that encourage beginning readers.

The Laws of War in International Thought Pablo Kalmanovitz 2020-09-14 Two broad competing normative conceptions of war can be distinguished in the history of legal and political thought. The first and nowadays more familiar belongs to the tradition of “just war.” It sees war as an instrument of justice, indeed the most extreme form of supra-national lawenforcement, justified only in the most serious cases of violation of right. The second conception has been labelled “lawful”, “legitimate”, or “regular war”, where war is not enforcement of justice, but a legally regulated procedure governing the pursuit of conflicting legitimate claims amonegual and autonomous political entities.This book sheds light on the relationship between law and morals in armed conflict, and can be read as a historical argument against the disappearance of the regular war concept. Kalmanovitz highlights three important contemporary challenges: the juridification of aggression and the “turn to ethics”in international law; the progressive individualization of war; and the predominance of asymmetrical warfare and armed nonstate actors.This study of the regular war tradition brings historical and theoretical perspective to these recent conceptual transformations, which undermine the fundamental and long-standing distinction between war and police action. It contributes to clarify the stakes in the erosion of internationalpluralism and the normative depoliticization of war. In revisiting the regular war tradition, a clearer sense of these ongoing transformations is realised, inspiring fresh perspectives on the justifiability of war.

21 Lessons for the 21st Century Yuval Noah Harari 2019-01-29 #1 NEW YORK TIMES BESTSELLER • In Sapiens, he explored our past. In Homo Deus, he looked to our future. Now, one of the most innovative thinkers on the planet turns to the present to make sense of today’s most pressing issues. “Fascinating . . . a crucial global conversation about how to take on the problems of the twenty-first century.”—Bill Gates, The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY FINANCIAL TIMES AND PAMELA PAUL, KQED How do computers and robots change the meaning of being human? How do we deal with the epidemic of fake news? Are nations and religions still relevant? What should we teach our children? Yuval Noah Harari’s 21 Lessons for the 21st Century is a probing and visionary investigation into today’s most urgent issues as we move into the uncharted territory of the future. As technology advances faster than our understanding of it, hacking becomes a tactic of war, and the world feels more polarized than ever, Harari addresses the challenge of navigating life in the face of constant and disorienting change and raises the important questions we need to ask ourselves in order to survive. In twenty-one accessible chapters that are both provocative and profound, Harari builds on the ideas explored in his previous books, untangling political, technological, social, and existential issues and offering advice on how to prepare for a very different future from the world we now live in: How can we retain freedom of choice when Big Data is watching us? What will the future workforce look like, and how should we ready ourselves for it? How should we deal with the threat of terrorism? Why is liberal democracy in crisis? Harari’s unique ability to make sense of where we have come from and where we are going has captured the imaginations of millions of readers. Here he invites us to consider values, meaning, and personal engagement in a world full of noise and uncertainty. When we are deluged with irrelevant information, clarity is power. Presenting complex contemporary challenges clearly and accessibly, 21 Lessons for the 21st Century is essential reading. “If there were such a thing as a required instruction manual for politicians and thought leaders, Israeli historian Yuval Noah Harari’s 21 Lessons for the 21st Century would deserve serious consideration. In this collection of provocative essays, Harari . . . tackles a daunting array of issues, endeavoring to answer a persistent question: ‘What is happening in the world today, and what is the deep meaning of these events?’”—BookPage (top pick)
