Academic Literacy Development Laura-Mihaela Muresan 2021-03-11 This edited book brings together an international cast of contributors to examine how academic literacy is learned and mastered in different tertiary education settings around the world. Bringing to the fore the value of qualitative enquiry through
ethnographic methods, the authors illustrate in-depth descriptions of genre knowledge and academic literacy development in first and second language writing. All of the data presented in the chapters are original, as well as innovative in the field in terms of content and scope, and thought-provoking regarding theoretical, methodological and educational approaches. The contributions are also representative of both novice and advanced academic writing experiences, providing further insights into different stages of academic literacy development throughout the career-span of a researcher. Set against the backdrop of internationalisation trends in Higher Education and the pressure on multilingual academics to publish their research outcomes in English, this volume will be of use to academics and practitioners interested in the fields of Languages for Academic Purposes, Applied Linguistics, Literacy Skills, Genre Analysis and Acquisition and Language Education. Mastering Import and Export Management Thomas Cook 2012-03-21 With billions of dollars generated annually, importing and exporting is a potentially lucrative arena for growth—and a bewildering tangle of rules and regulations. Packed with hundreds of cost-effective strategies, ready-to-use forms, and valuable checklists, the second edition of Mastering Import & Export Management explains how to efficiently—and legally—navigate the complex world of international trade. From the big picture of pinpointing the best markets to the nitty-gritty of packing a container, this sweeping guide examines how to spot potential risks, apply quality control procedures, prepare documentation accurately, and more. This revised and updated edition addresses how best to handle recent crises like the earthquakes and tsunami in Japan, the economic downturn, or political instability in countries like Egypt, Tunisia, Bahrain, and Libya. It also covers every new compliance and security regulation, as well as evolving best practices, including: • C-TPAT guidelines • Incoterms • In-house compliance programs • Freight cost-reduction tips • Beefed-up TSA regulations • Improved technology options • President Obama’s new export initiatives. It’s an indispensable resource for today’s complex and changing global marketplace.

Contemporary Economic Issues H. Wolf 2016-07-27 This volume contains chapters on a range of topics which include economic methodology in macroeconomics, central bank independence, policy signalling, public policy as second best analysis, the determinants of economic growth, a continuum approach to unemployment policy, and pensions. The volume dispels the notion that these are largely unrelated issues and illustrates the merger process which is taking place between hitherto rather separate economic sub-disciplines. They move the focus of attention and challenge received wisdom. Growth, Employment and Redistribution 1996
