Economics for South African Students Philip Mohr 2015 "Economics for South African students is a comprehensive introduction to economics in general, set against a contemporary South African background. The easy style and many practical examples make this publication extremely accessible. The book covers all the material usually prescribed for introductory courses, and it lays a solid foundation for intermediate and advanced studies in economics. The fifth edition is a restructured, thoroughly revised and updated version of the popular fourth edition. As in the previous editions, the emphasis is on the application of economic theory. A wealth of relevant information about the South African economy is also provided. This book is also available in Afrikaans. South African workbook for economics is an additional resource that students can purchase at their local bookstore or online retailer. Please visit www.vanschaiknet.com for information on core and supplementary Economics I products."--Publisher's description.

Business Cycle Indicators Karl Heinrich Oppenländer 1997 The pressure to produce explanations and forecasts and the economic dichotomies which insist on appearing, lead to a desire to deal with the description, analysis and forecast of the phenomenon of business cycles using economic indicators. This text provides an introduction to business cycles and their theoretical and historical basis. It also includes work on early indicator research and provides examples of business cycle indicators.

Strengthening Forensic Science in the United States National Research Council 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application.

Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. **Strengthening Forensic Science in the United States** gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Nothing but the Truth John Kani 2002-01-01 An award-winning play about the relationship between brothers. Nothing but the Truth is the story of two brothers, of sibling rivalry, of exile, of memory and reconciliation, and the ambiguities of freedom. The play was John Kani's debut as sole playwright and was first performed in the Market Theatre in Johannesburg. It won the 2003 Fleur du Cap Award for best actor and best new South African play. In the same year Kani was also awarded a special Obie award for his extraordinary contribution to theatre in the USA.

Tourism and Hospitality Studies Irfan Yazicioglu 2020-12-16 This book discusses "tourism and hospitality" from different perspectives and disciplines. In addition, this book, considering the tourism and hotel management terminology, is expected to be a source book for the theoretical and practical scientific studies in the fields which is in close relationship such as gastronomy, recreation and marketing.

Academic Literacy Development Laura-Mihaela Muresan 2021-03-11 This edited book brings together an international cast of contributors to examine how academic literacy is learned and mastered in different tertiary education settings around the world. Bringing to the fore the value of qualitative enquiry through ethnographic methods, the authors illustrate in-depth descriptions of genre knowledge and academic literacy development in first and second language writing. All of the data presented in the chapters are original, as well as innovative in the field in terms of content and scope, and thought-provoking regarding theoretical, methodological and educational approaches. The contributions are also representative of both novice and advanced academic writing experiences, providing further insights into different stages of academic literacy development throughout the career-span of a researcher. Set against the backdrop of internationalisation trends in Higher Education and the pressure on multilingual academics to publish their research outcomes in English, this volume will be of use to academics and practitioners interested in the fields of Languages for Academic Purposes, Applied Linguistics, Literacy Skills, Genre Analysis and Acquisition and Language Education.

The African Film Industry UNESCO 2021-10-01 The production and distribution of film and audiovisual works is one of the most dynamic growth sectors in the world. Thanks to digital technologies, production has been growing rapidly in Africa in recent years. For the first time, a complete mapping of the film and audiovisual industry in 54 States of the African continent is available, including quantitative and qualitative data and an analysis of their strengths and weaknesses at the continental and regional levels. The report proposes strategic recommendations for the development of the film and audiovisual sectors in Africa and invites policymakers, professional organizations, firms, filmmakers and artists to implement them in a concerted manner.

Mastering Import and Export Management Thomas Cook 2012-03-21 With billions of dollars generated annually, importing and exporting is a potentially lucrative arena for growth—and a bewildering tangle of rules and regulations. Packed with hundreds of cost-effective strategies, ready-to-use forms, and valuable checklists, the second edition of *Mastering Import & Export Management* explains how to efficiently—and legally—navigate the complex world of international trade. From the big picture of pinpointing the best markets to the nitty-gritty of packing a container, this sweeping guide examines how to spot potential risks, apply quality control procedures, prepare documentation accurately, and more. This revised and updated edition addresses how best to handle recent crises like the earthquakes and tsunami in Japan, the economic downturn, or political instability in countries like Egypt, Tunisia, Bahrain, and Libya. It also covers every new compliance and security regulation, as well as evolving best practices, including: • C-TPAT guidelines • Incoterms • In-house compliance programs • Freight cost-reduction tips • Beefed-up TSA regulations • Improved technology options • President Obama's new export initiatives. It's an indispensable resource for today's complex and changing global marketplace.

Contemporary Economic Issues H. Wolf 2016-07-27 This volume contains chapters on a range of topics which include economic methodology in macroeconomics, central bank independence, policy signalling, public policy as second best analysis, the determinants of economic growth, a continuum approach to unemployment policy, and pensions. The volume dispels the notion that these are largely unrelated issues and illustrates the merger process which is taking place between hitherto rather separate economic sub-disciplines. They move the focus of attention and challenge received wisdom.
