The Mask of Troy David Gibbins 2011-05-24
Here is the most explosive adventure yet from the New York Times bestselling author of Atlantis and The Lost Tomb—a whiplash-inducing novel that sends marine archaeologist Jack Howard and his team on a treasure hunt . . . and a race against time to stop a terrifying threat.

Greece, 1876. Renowned archaeologist Heinrich Schliemann unearths the tomb of legendary King Agamemnon and makes a mind-blowing discovery. Determined to keep it secret until the time is right, he dies before it can be revealed to the world.

Germany, 1945. The liberation of a concentration camp reveals clues to the lost antiquities stolen by the Nazis. But the operation is covered up after a horrific secret surfaces.

Northern Aegean, present day. Jack Howard, head of the International Maritime University, and his team discover the wreckage of
the legendary Greek fleet from the Trojan War, sending shockwaves around the world. But the biggest surprise is yet to come, for Jack is on the trail not only of Agamemnon, but of Schliemann’s true discovery—and a mystery so explosive that it leads to the kidnapping of Jack’s daughter and a confrontation with a new and evil foe.

Rewire Your Brain

John B. Arden, PhD 2010-03-22

How to rewire your brain to improve virtually every aspect of your life-based on the latest research in neuroscience and psychology on neuroplasticity and evidence-based practices

Not long ago, it was thought that the brain you were born with was the brain you would die with, and that the brain cells you had at birth were the most you would ever possess. Your brain was thought to be “hardwired” to function in predetermined ways. It turns out that's not true. Your brain is not hardwired, it's "softwired" by experience. This book shows you how you can rewire parts of the brain to feel more positive about your life, remain calm during stressful times, and improve your social relationships. Written by a leader in the field of Brain-Based Therapy, it teaches you how to activate the parts of your brain that have been underactivated and calm down those areas that have been hyperactivated so that you feel positive about your life and remain calm during stressful times. You will also learn to improve your memory, boost your mood, have better relationships, and get a good night sleep. Reveals how cutting-edge developments in neuroscience, and evidence-based practices can be used to improve your everyday life Other titles by Dr. Arden include: Brain-Based Therapy-Adult, Brain-Based Therapy-Children.
Therapy-Child, Improving Your Memory For Dummies and Heal Your Anxiety Workbook Dr. Arden is a leader in integrating the new developments in neuroscience with psychotherapy and Director of Training in Mental Health for Kaiser Permanente for the Northern California Region Explaining exciting new developments in neuroscience and their applications to daily living, Rewire Your Brain will guide you through the process of changing your brain so you can change your life and be free of self-imposed limitations.

Conspiracy (The Plot to Kill Hitler #1) Andy Marino 2020-04-21 Based on the real-life scheme to take down one of history's greatest monsters, this heart-pounding trilogy puts two courageous kids at the center of the plot to kill Adolf Hitler. Berlin, November 1943. With bombing raids commencing, the city is blanketed by explosions. Siblings Gerta and Max Hoffmann live a surprisingly carefree childhood amid the raids. Berlin is a city going about its business, even as it's attacked almost nightly. But one night, the air raid sirens wail, and the Hoffmanns' neighborhood is hit. A mortally wounded man comes to their door, begging to be let in. He asks for Karl Hoffmann, their father. Gerta and Max watch as Karl tries in vain to save the man's life. Before he dies, the stranger gives their father a bloodstained packet of documents, along with a message: "For the sake of humanity, the Führer must die. Finish it, Karl!" Based on real events, this is the story of two children swept up in a fight for the soul of Germany -- and the world.

Leviathan David L. Golemon 2009-08-04 The ships of the world are under attack, attacks so sudden and vicious that many ships are lost without a single
distress call. The navies of the world start a frenzied search, but even these ships disappear without a trace. Enter the Event Group, the most secret organization in U.S. history. Armed with proof that history is repeating itself, the Group finds themselves in the grasp of an insane genius straight out of the pages of Jules Verne. They are up against the descendent of the man who was the inspiration for the captain of a vessel known to the world as Nautilus. Legend comes to life in the form of Leviathan, the most advanced undersea vessel in history. She will stop at nothing to save the seas and to render justice to humankind for a world that has long been dying, a world Leviathan plans to alter forever, unless the Event Group can stop her!

Business Ethics O. C. Ferrell 1990-12

The Andromeda Evolution Michael Crichton 2019-12-01 "Both a kick-ass sequel and a loving tribute to one of the greatest science fiction novels ever written." Ernest Cline, author of Ready Player One. Fifty years after The Andromeda Strain made Michael Crichton a household name - and spawned a new genre, the technothriller - the threat returns, in a gripping sequel that is terrifyingly realistic and resonant. Half a century ago, a military satellite was knocked out of orbit and fell to Earth in northern Arizona, bringing with it a hostile microbe that nearly wiped out an entire town. The two survivors and the fallen satellite were taken to an underground laboratory code--named Project Wildfire--a top-secret emergency response protocol headed by the nation's most elite scientists, who quickly isolated an extraterrestrial organism they dubbed the Andromeda Strain. With its ability to mutate suddenly
and adapt to any environment, the organism threatened to annihilate all human life from the planet. And then it disappeared. In the ensuing decades, a group assigned to track and identify any trace of the microbe has seen no sign of Andromeda. But when a bizarre anomaly appears without warning, the team discovers the tell-tale chemical signature of the deadly microparticle. Now, a new generation of Project Wildfire scientists must race to understand the Andromeda Strain and destroy it before it sets off an unprecedented worldwide catastrophe. The book is a collaboration between CrichtonSun and author Daniel H. Wilson (Robopocalypse). "The Andromeda Evolution is both a kick-ass sequel and a loving tribute to one of the greatest science fiction novels ever written. Daniel H. Wilson has taken up Crichton's mantle and reinvented the techno-thriller, by continuing the tale that invented that genre. This is a meticulously crafted adventure story, packed with action, mystery, wonder, and just enough hard science to scare the hell out of you. So good!" -Ernest Cline, author of Ready Player One

How to Change Your Mind Michael Pollan
2018-05-15 “Pollan keeps you turning the pages . . . cleareyed and assured.” —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people
suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and elegant blend of science, memoir, travel writing, history, and medicine, How to Change Your Mind is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind, the self, and our place in the world. The true subject of Pollan's "mental travelogue" is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

Event David L. Golemon 2010-04-01 In the summer of 1947, an unidentified object crashed in Roswell, New Mexico. There were no survivors. Now it's happened again. But this time, two creatures have emerged from the wreckage alive . . . One is a small
being that is kind and benevolent, brimming with intense emotion and intelligence. The other, however, is an animal of remarkable strength and power. It has been brought clandestinely to our world with one sole purpose: the total extinction of all life on Earth. It is called the Destroyer of Worlds. Only the Event Group, the most secret agency in the history of the U.S. government, is prepared to wage battle against such a creature. The Event Group is a dedicated collection of the nation's most brilliant men and women of science, philosophy and the military. Their difficult task: solving the mysteries of the past and uncovering the hidden truths behind the myths and legends propagated throughout world history. In doing so they protect America from past mistakes--and ensure that history's errors will never be repeated. An act of war that started in New Mexico decades ago, and was covered up by another far darker organization, has been discovered by the Group at the same time as the new and seemingly identical incident threatens to wipe out the Earth's population. In the desert wastelands of the American Southwest, a battle is about to commence as the two creatures set out to fulfill their own destinies among the human race. Led by the valiant Major Jack Collins, the Event Group wages total war in the heat-soaked sands of the desert landscape. Using the benevolent creature as an ally and resource, they combine forces with the powerful might of the U.S. military and prepare themselves for an epic battle against the most dangerous threat against human existence that history has ever seen. Event tells of an epic struggle between two worlds. Author David Lynn Golemon has written a classic
supernatural thriller, each page bringing human civilization closer to extinction, that proves a blistering roller-coaster ride of thrills and adventure. *The Shadow Project (Ben Hope, Book 5)* Scott Mariani 2010-01-21 AN ADRENALINE-FUELLED THRILLER FROM THE #1 BESTSELLING AUTHOR ‘Deadly conspiracies, bone-crunching action and a tormented hero with a heart . . . packs a real punch’ Andy McDermott *Legend* David L. Golemon 2007-08-21 Go down a river of no return, toward a fateful meeting with an animal that predates mankind's existence by ninety million years---after a treasure that has captured man's desires for centuries. This is what Legends are made of. The year 1533: Sent by Francisco Pizarro, Captain Hernando Padilla and his small Spanish expedition found the legend that men had only dared to whisper. In a lost valley deep in Brazil, he discovered what had driven men of greatness into sheer madness: El Dorado, the largest gold deposit in the world, hidden away from the march of time, preserved as the pristine Eden of wondrous sights and forgotten people. But what he found wasn't just gold. Instead, Padilla and his crew awakened a devil hidden in the lost valley, a beast of the Amazon who rises from the mother of all waters to viciously kill any who threaten the secret of the long-vanished Incas. But one soldier survives the bloody savagery and, before dying, shares his story with a lone priest in Peru. A secret the Vatican quickly buried away. The Present: Professor Helen Zachary is searching for a hidden legend, buried deep within the Amazon Basin---a great beast who has survived there since the dawn of time, a being ready to plunge modern science into a world of darkness. And
into this darkness, Professor Zachary and her team vanish. Now a letter from a colleague of Zachary's sends the Event Group, led by Major Jack Collins, chasing down the professor's lost expedition and into the legendary darkness of the Amazon. Dedicated to discovering the truth behind the myths and legends propagated throughout world history, the Event Group---an agency within the U.S. government that officially doesn't exist---ensures that mistakes from the past are never repeated. They are a dedicated collection of the nation's most brilliant men and women of science, philosophy and the military. Using cutting-edge technology exclusively designed for the Event Group by the U.S. military, they travel from Brazil to the Little Bighorn, from Columbia to the hallowed grounds of Arlington National Cemetery. As they do, the Event Group faces mounting opposition from several different adversaries bent on either discovering the whereabouts of El Dorado . . . or trying to bury the legend forever.

Communication Between Cultures Larry A. Samovar
2016-01-01 Packed with current research and examples, bestselling COMMUNICATION BETWEEN CULTURES, 9E equips readers with a deep understanding and appreciation of different cultures while helping them develop practical communication skills. Part I introduces the study of communication and culture; Part II focuses on the ability of culture to shape and modify our view of reality; Part III puts the theory of intercultural communication into practice; and Part IV converts knowledge into action. This is the only text to consistently emphasize religion and history as key variables in intercultural communication. Compelling
examples help readers examine their own assumptions, perceptions, and cultural biases—so they can understand the subtle and profound ways culture affects communication. The ninth edition offers expanded discussions of the impact of globalization, a new chapter on intercultural communication competence, and more coverage of new technology. OUT NOW: the second volume in the bestselling, exhilarating WWII treasure-hunt thriller series for fans of Dan Brown

*** RATED 5 STARS BY REAL READERS ***

November 1941. Germany is about to win the war. Only one thing still separates the Nazis from a certain victory: they must find the three remaining all-powerful swastikas and reunite them with a fourth that is safely hidden away in Himmler's mountain stronghold. Churchill has no choice but to mobilize his best man, double agent Tristan Marcas, and employ the most risky techniques to beat them to it. It all comes to a showdown at a ball in Venice...

*Ragnarok* Jeremy Robinson
2012

It starts with a thunderous crack and a flash of light. Screams come next. Then the hunters. With a staccato flicker, light disappears and everything within a hundred-yard radius goes with it. All that remains is a massive crater where a chunk of the world has gone missing. As the deadly phenomenon repeats and expands amidst the world's most densely populated cities, Jack Sigler, Callsign: King, and his black ops team take action. But the team is broken, spread across the...
globe, and vulnerable. Scrambling to make sense of the violent disappearances and fighting to reunite, the team comes face to face with an otherworldly enemy. Taking the battle to the ends of the Earth—and beyond—the team combats a savage enemy whose centuries-old plan for mankind has nearly reached fruition. If they fail, the planet will become little more than a fully stocked food cache, and the human race will walk willingly to their doom with smiles on their faces.

**Savage (a Jack Sigler Thriller)** Jeremy Robinson 2014-07-25 For more than a hundred million years, the Dark Continent has kept a savage secret. While on the trail of a stolen tactical nuclear weapon, Jack Sigler, callsign: King, and his black ops Chess Team, answer a cry for help. The Democratic Republic of the Congo is on the verge of exploding into another bloody civil war that will engulf all of Africa and put millions at risk, a crisis too politically volatile for any outside nation to touch. As the team, unfettered by political constraints, deploys across the globe, the threats spin out of control. A search for the Congo's missing president becomes a quest to solve a century old mystery, and uncover a secret that powerful men will kill to protect. A mission to rescue a team of scientists from violent revolutionaries devolves into a desperate run through the jungle, pursued by both modern man and ancient beast. And the effort to stop a revolution becomes a brutal contest, pitting King against the most cunning and sadistic foe he has ever faced—a deadly mercenary known as the Red Queen. King has traveled around the globe and across time to protect the people he loves. Now, he must face a harsh truth: he cannot save everyone. Jeremy Robinson
and Sean Ellis, the bestselling team of The Brainstorm Trilogy and Prime return with an action-packed tale rivaling the best of Matthew Reilly and James Rollins. Savage is a fresh re-launch for Jack Sigler and the Chess Team, so if you've never tried a Jack Sigler thriller, this is the perfect point to jump in and enjoy the chaos. And if you're a long time fan, welcome back, and prepare yourself...

of all hands, is still sailing
the open sea. January of
2017: American Los Angeles
class submarine U.S.S.
Houston is tracking a
surface target that is not
listed as part of the Russian
navy’s response to the
NATO maneuvers. What
they find will set in motion
the answers to one of the
great mysteries of World
War II. With the Russian
navy bearing down on the
Houston and international
tensions running high, the
United States Navy declares
the Soviet-era derelict legal
salvage under international law. With the world’s most powerful navies going toe-to-toe in the North Atlantic, the President of the United States calls upon the one organization that has a chance to figure out why this ship is in this time, in this place—Department 5656, also known as the Event Group. When the Group arrives, they are confronted by three warships of the Russian Navy who have come to claim Russian property. The two groups meet and soon discover that the ancient battle cruiser is not a derelict at all, but fully functional with a mysterious apparatus that sent the original crew to their deaths. In the midst of their warfare in the tossing seas, both navies are sent into a realm of unimaginable terror—an alternate world of water, ice, and death. The Event Group has a new mission when relics of the fabled Philadelphia Experiment surface in Beyond the Sea, the twelfth thrilling hit in New York Times bestselling author David L. Golemon's Event Group series.

**The Traveler** David L. Golemon 2016-07-05

267,000 BCE. The continent was its own world, untouched by the planet-wide catastrophe that ended the reign of the dinosaurs over sixty-five million years before. A traveler arrives in the jungles of this ancient world who will fight to survive carnivorous creatures in a land never meant for human kind. In another time and in a land far distant, men and women struggle to recover from the loss of so many of their own in a battle. Inside of this Group, Colonel Jack Collins has summoned the best of the best from the most secretive organization in the United States government, The Event Group, to help him in his quest. The new mission is to recover one of their own: to bring home a lost soldier from a world.
that existed in the distant past. To accomplish the impossible, Department 5656, the Event Group, will have to travel to a place and time far removed from their own world - almost 300,000 years in the past. The trail to find the technology to accomplish time travel will be ripe with treachery and murder as the Group fights to bring home their friend, Captain Carl Everett, a man that was lost in a battle to save the world. This will be a fight that if lost, will change the very history of the planet and thus our present.

The most secret agency inside the American government, Department 5656, otherwise known to a few in power as The Event Group, has finally encountered an entity they have no idea or plan on how to confront. With a past mystery over the strange disappearance of an old friend from its grave occupying the brilliant minds deep inside the underground desert complex, a strike against the very heart of the Group itself is underway. With roots going back to a desert battle in 2006, history has begun to repeat itself. The lives of many men and women of the Group are on the line as a mystical
creature more powerful than any they have ever encountered throughout the long history of Department 5656, is determined to rid the world of these cataloguers of the planet's hidden history through a means of bloody terror most sciences believed was mere legend. Join Colonel Jack Collins and the rest of the Event Group as they face the deadliest challenge in all of human history and fight the battle of their lives. The only question remaining is--who will be left to tell the tale!

**Exploiting Agility for Advantage**

David L. Francis

2020-09-07

Many argue that all organisations should strive to be agile. Exploiting Agility for Advantage takes a radically different view. The author’s research shows that requisite agility is required, meaning ‘not too much, not too little, of the right type and delivering wanted agility deliverables’. This is a book for managers who want their enterprise to be intelligently agile but don’t know how to achieve this. Part One shows why agility is a strategic option for commercial and not-for-profit enterprises. Part Two describes, in detail, a seven-step agility-orientated development programme for work-groups or entire organisations. Part Three provides academic underpinning on organisational agility for researchers and students of management. "Agility isn’t easy and developing it is going to need much more than a simple slogan. This book offers very helpful insights into the detailed mechanisms that underpin this capability, and practical guidance around how to build and embed them."

*Five Hundred and One Critical Reading Questions*

2004

The critical reading section on standardized tests, especially the SAT 1 exam, is often cited as a trouble section for even the
best test-takers. Examinees get test-targeted reading comprehension practice questions to score better with LearningExpress' series, Skill Builder in Focus. This specialized drill book provides the focused practice necessary for test-taking success. Plus, all answers are explained, using terms that clarify context, main ideas, themes, and critical thinking skills for effective studying and positive reinforcement. Almost every standardized test in verbal skills, including civil service exams, contains reading comprehension questions. Each practice consists of several passages followed by questions and answer explanations. The Supernaturals David L. Golemon 2016-10-18 Named One of Riffle's Ten Best Haunted House Books of All Time Built at the turn of the twentieth century by one of the richest and most powerful men in the world tucked away in the pristine Pocono Mountains, Summer Place, a retreat for the rich and famous, seems the very essence of charm and beauty, “a scene borrowed from a wondrous fairytale of gingerbread houses, bright forests, and glowing, sunny meadows.” But behind the yellow and white trimmed exterior lurks an evil, waiting to devour the unwary... Seven years ago, Professor Gabriel Kennedy’s investigation into paranormal activity at Summer Place ended in tragedy, and destroyed his career. Now, Kelly Delaphoy, the ambitious producer of a top-rated ghost-hunting television series, is determined to make Summer Place the centerpiece of an epic live broadcast on Halloween night. To ensure success, she needs help from the one man who has come face-to-face with the evil that dwells in Summer Place, a man still haunted by the ghosts of his own failure. Disgraced and alienated
from the academic community, Kennedy wants nothing to do with the event. But Summer Place has other plans... As Summer Place grows stronger, Kennedy, along with the paranormal ghost hunting team, The Supernaturals, sets out to confront...and if possible, destroy...the evil presence dwelling there.

**We Can Only Save Ourselves** Alison Wisdom 2021-02-02

"Alison Wisdom's addictive, down-the-rabbit-hole debut reads like The Girls by way of The Virgin Suicides, with an extra dash of Cheever's unsettling suburbia. The result is sinister and surprising: a novel I couldn't put down, and one that I kept thinking about long after I'd reached its unexpected, chilling end."

—Emily Temple, author of The Lightness One of Newsweek, Bustle, and LitHub's Most Anticipated Books and Goodreads' "Debut Novels to Discover in 2021," We Can Only Save Ourselves is the story of one teenage girl’s unlikely indoctrination and the reverberations in the tight-
knit community she leaves behind. Alice Lange’s neighbors are proud to know her—a high-achieving student, cheerleader, and all-around good citizen, she’s a perfect emblem of their sunny neighborhood. The night before she’s expected to be crowned Homecoming Queen, though, she commits an act of vandalism, then disappears, following a magnetic stranger named Wesley to a bungalow in another part of the state. There, he promises, Alice can be her true self, shedding the shackles of conformity. At the bungalow, however, she learns that four other young women seeking enlightenment and adventure have already followed him there. Her new lifestyle is intoxicating at first, but as Wesley’s demands on all of them increase, the house becomes a pressure cooker—until one day they reach the point of no return. Back home, the story of Alice’s disappearance and radicalization is framed by the first-person plural chorus of the mothers who knew her before, who worry about her, but also resent the tear she made in the fabric of their perfect world, one that exposes the question: Isn’t suburbia a kind of cult unto itself? Combining the sharp social critique of Celeste Ng’s Little Fires Everywhere with the elegiac beauty of Emma Cline’s The Girls, this is a fierce literary debut from a writer to watch.

Overlord David L. Golemon 2014-07-15 In the stunning conclusion to the Matchstick Man saga that began with Event and continued with Legacy, the End of Days is upon humanity---invasion has arrived! Some speculate that the war between the two worlds began 700 million years ago, while others say it started in 1947 over a small town in New Mexico called Roswell.
Regardless of dates, the war is now upon us, and after centuries of watching, the enemy attacked. The plans of a million years are finally ready for what we have always known was coming—Armageddon. As world allies fall to the wayside, a growing political faction from several nations sends a clear signal that cooperation between the superpowers and the lesser states cannot succeed. As nations start a mad scramble to realign their military structures, the war begins silently in the depths of the oceans, and flares to global brightness with the first military strike in history between two different worlds. Only one element in the arsenal of the world can possibly give Earth a fighting chance at survival—a small being that has already saved the world once in the Arizona desert is now called upon to outthink his former masters—the Matchstick Man. While Matchstick Man searches for the real motivation behind the invasion, the Event Group is the one entity that refuses to accept the inevitable defeat of humankind. They've learned that the answer to this war has always been here on earth buried deeply in our ancient past, and that they may even hold the clue to salvation inside their own artifact vault. But with the devastating loss of its military arm and one of their leaders, Colonel Jack Collins, the group is being torn apart by internal conflict and devastating personal decisions. Even worse, the group's old enemies have returned to take revenge, and the worst fears of Department 5656 are realized—a breach in security allows intruders to get at the secrets inside the complex in Nevada. Can the group come together to defeat their enemy and defend the planet? As the war wages on, countries fall, nations fight to the last man, and the fate of the
planet depends on a few good men and women in this action-packed thrill ride from New York Times bestselling author David L. Golemon.
