Everyday Mathematics for Parents The University of Chicago School Mathematics Project 2017-08-10 The Everyday Mathematics (EM) program was developed by the University of Chicago School Mathematics Project (UCSMP) and is based on over 18 years of research-based, classroom-tested instructional methods and curricular strategies. The EM program is comprehensive, content-rich PreK–12 curriculum that follows the focus and coherence of the Common Core State Standards in Mathematics (CCSSM) and carefully sequences the mathematical progressions into expertly crafted instructional models. Each of the units in the Everyday Mathematics Curriculum Study Guide includes narratives that provide educators with an overview of what students should be learning throughout the year, information on alignment to the instructional shifts and Common Core State Standards, and includes data-driven assessment tips. Digital resources include assessment analysis tools and pdfs of the curriculum for each grade into a single location, unpacking the standards in detail so that both users and non-users of EM can benefit equally from the content presented.
