Using 'Lady,' 'Woman,' and 'Female' to Modify Nouns

Gendered modifiers like female, woman, and lady are a thorny issue in English usage. All three words began life as nouns, with woman and lady showing up very early in the language, and female showing up in the 1300s. Lady was used initially as a form of address for a woman who had run of a household or who had charge over servants, and late came to refer to a woman ...
