Consolidated financial statements in IAS/IFRS and German GAAP - Major differences explained

Intermediate Financial Accounting

Donald E. Kieso 2019-04-26 Intermediate Accounting, 12th Edition, Volume I provides a practical perspective on financial accounting. Through the latest IFRS and German GAAP, this book reinforces the importance of understanding financial reporting and how it evolves, so must practitioners' understanding of how to apply them correctly in real-world cases.

Intermediate Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and new developments in international accounting. By presenting IFRS in a clear, organized, and easy-to-read format, this book helps students learn more effectively. Comprehensively covers the latest International Financial Reporting Standards (IFRS) terminology, and separate chapters provide a comprehensive review of IFRS. To keep students up-to-date, each chapter contains review of the latest changes in IFRS. The curriculum is written to be purposeful, consistent, and complete, and aligns with the latest accounting standards. Following the reputation for accuracy, comprehensiveness, and currency, Yerga, and Warfield is quite simply, the standard by which all other intermediate accounting textbooks are judged.

Throughout the 14th edition, this textbook maintains the qualities for which the text is globally recognized, and continues to be your students’ gateway to the profession! Volume I is comprised of Chapters 1-14. Each study guide incorporates new data analytics content and up-to-date coverage of leases and revenue recognition.

integration throughout (separate references to GAAP are made at the end of each chapter for courses where needed). To maximise student achievement a plethora of additional teaching and learning resources will be available including self-tests, exercises, templates, videos and more. Using metric units and companies with a more global feel, this new text is ideal for courses across the world.

Financial Accounting Jerry J. Weygandt 2019-12-12 To understand a business, you have to understand the financial insides of a business organization. Through a focus on accounting transactions, real-world problem-solving, and engaging industry examples, Weygandt Financial Accounting, 11th edition demonstrates how accounting is an exciting field of study and helps connect core financial accounting concepts to students’ everyday lives and future careers. Continuing to help students succeed in their introductory financial accounting course for over two decades, this edition brings together the trusted Weygandt, Kimmel, and Kieso reputation with fresh, timely, and accurate updates to help build confidence and engage today’s students.

Multi Pack Ray Proctor 2004-08-01 International Financial Reporting Standards Greg F. Burton 2015-02-20 International Financial Reporting Standards: A Framework-based Perspective links broad concepts and general accounting principles to the specific requirements of IFRS to help students develop and understand the judgments required in using a principle-based standard. Although it is still unclear whether the US will adopt IFRS, the global business environment makes it necessary for accounting students and professionals to be bilingual in both US GAAP and IFRS. This comprehensive textbook offers: A clear presentation of the concepts underlying IFRS A conceptual framework to guide students in interpreting and applying IFRS rules A comparison between IFRS and US GAAP to develop students’ understanding of the requirements of each standard Real world examples and case studies to link accounting theory to practice, while also exposing students to different interpretations and applications of IFRS End of chapter material covering other aspects of financial reporting, including international auditing standards, international ethics standards, and corporate governance and enforcement, as well as emerging topics, such as integrated accounting, sustainability and social responsibility accounting and new forms of financial reporting

Burton & Jermakowicz have crafted a thorough and extensive tool to give students a competitive edge in understanding, and applying IFRS. A companion website provides additional support for both students and instructors.

Financial Accounting Weygandt 2012-12-13 Financial Accounting Jerry J. Weygandt 2009-12-31 In the new sixth edition, readers will be able to clearly see the relevance of accounting in their everyday lives. The authors introduce challenging accounting concepts with examples that are familiar to everyone, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance.
