Intermediate Accounting Donald E. Kieso 2017-12-22 Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.

Cost ACCOUNTING BANERJEE, BHABATOSH 2021-07-01 This well-established and widely adopted text is designed to provide an in-depth and insightful analysis of the modern theories and practices of Cost Accounting. The book that has gone into its 14th edition and several reprints is a testimony of its wide acceptance by the students, academics and professionals. Primarily intended for postgraduate and undergraduate students of Commerce and Management, the book will be of immense benefit to the students pursuing professional courses offered by the Institute of Chartered Accountants of India (ICAI), Institute of Cost Accountants of India (ICAI), Institute of Company Secretaries of India (ICSI), and those pursuing the Chartered Financial Analyst (CFA) course. Now, in its 14th edition, the book has been suitably revised meeting the latest syllabi requirement of various courses. The chapter on “Strategic Cost Management” has been updated to make it indispensable to modern management to enhance the competitive advantage of the firm. Besides, many chapters have been overhauled and updated, especially the chapters covering basic concepts and terms, classification of costs and cost sheet, activity based costing, marginal costing, relevant cost analysis and management accounting system, budgeting, and cost audit. The book also includes some of the cost standards set by ICAI, a wide array of illustrations, worked-out examples, and practice exercises. Besides, a large number of MCQs are given online for the students to practice and self evaluation. MCQs are critical in proper understanding and practice of theories and concepts. Also, CIMA Official Terminology is provided online to keep students and professionals abreast of relevant terms used in today’s business environment. For online material, visit https://www.phindia.com/banerjee_cost_accounting_theory, TARGET AUDIENCE • B.Com (Hons.),J.B.A • MBA/M.Com • Students pursuing professional courses to become CA, CMA, CFA, CS.

Financial Accounting, Reporting, and Analysis Jennifer Maynard 2017-05-11 Are you looking for an engaging, decision-focused approach to financial reporting that encourages students to develop their interpretative skills? Building on the success of the first edition, this textbook takes a ‘how, why, what’ approach to financial accounting, interwoven in each chapter. From chapter one, students understand how financial information is prepared and presented, why it is prepared and presented in this way, and what the resulting financial information means for users. Designed for students taking a step beyond their introductory financial accounting training, the textbook equips them with all the key tools they will require when they enter professional practice. Reflective of the latest International Financial Reporting Standards (IFRS) and International Accounting Standards (IAS), this textbook delivers concise, clear explanations of all the key issues in accounting standards that students need to know. Content maps to professional accounting body syllabi, making this the perfect choice for accounting courses which offer exemptions. Chapters are rich with 3 types of examples to enhance understanding: - illustrative examples of real-world situations; - Worked examples demonstrating the calculation of figures required for financial statements; - Extracts from company annual reports demonstrate how the theory relates to financial reporting in practice. More engaging, balanced, and more applied than other offerings, this is exactly the textbook your financial reporting students need! An extensive Online Resource Centre accompanies the textbook and includes: For students: DT Solutions to all the end-of-chapter questions in the book including walkthroughs of solutions to key questions; DT Additional graded questions including professional body questions; DT Additional interpretative case studies based on real-life companies; DT A guided tour through a company report DT Specific study
skills tips for accounting students For lecturers: DT Customisable PowerPoint slides DT Solutions to all the additional online questions DT Outline solutions to the interpretative case studies DT Group discussion questions

**Financial Accounting** Clyde P. Stickney 1997-06-01

**Project Management Accounting, with Website** Kevin R. Callahan 2011-06-28 PROJECT MANAGEMENT ACCOUNTING Budgeting, Tracking, and Reporting Costs and Profitability SECOND EDITION Over the past few decades, Project Management has shifted from its roots in construction and defense into mainstream American business. However, many project managers’ areas of expertise lie outside the perimeters of business, and most do not have the formal education in business, accounting, or finance required to take their skills to the next level. In order to succeed, today’s project managers (PMs) who wish to soar to the top or remain at the helm of their profession need to have a comprehensive grasp of the business context within which they work. Providing a resourceful introduction to the interrelationships between finance, accounting, and Project Management, Project Management Accounting, Second Edition is designed to help PMs at various skill levels improve their business skills, provide advanced contributions to their organizations, and perform with greater proficiency. Authors and industry experts Kevin Callahan, Gary Stetz, and Lynne Brooks combine their decades of Project Management experience and insights to provide professionals in the field with a 360-degree understanding of how costs interact with the general ledger. Through the authors’ seasoned expertise, PMs are better equipped to assess all facets of a project with a broader understanding of the “big picture” to determine whether to continue as planned, find an alternative solution, or scrap the project altogether. Rich with new content as well as many new case studies, this Second Edition of Project Management Accounting includes: Updated information on Project Management and its link to Project Accounting A new chapter on assessing risk when managing projects How to determine the greatest tax/cost savings Project Management in relation to a company’s mission, objectives, and strategy Project Management in an agile business Coverage of agile Project Management as applied to software and technical projects Projects and time phase case studies Sample checklists to map readers’ experience and apply concepts to their business Project managers must make vital decisions every day that impact the schedule, costs, or resources committed to a given project. Project Management Accounting, Second Edition, provides the tools and skills to help PMs establish with greater certainty whether these costs should be capitalized or expensed to stay on budget and improve a company’s bottom line.

Management Accounting - Financial Strategy John Ogilvie 2006 The 2007 edition of CIMA's Official Learning Systems has been written in conjunction with the Examiner and the CIMA faculty to fully reflect what could be tested in the exam. Updated to incorporate legislative and syllabus changes, the 2007 Study Systems provide complete study material for the May and November 2007 exams. The new edition maintains the popular loose-leaf format and contains: * practice questions throughout * complete revision section * topic summaries * recommended reading articles from a range of journals * May 2006 Q & A’s * The official study systems are the only study materials endorsed by CIMA * Updated to reflect changes in the syllabus and written by the Examiner and CIMA faculty * Complete integrated package incorporating syllabus guidance, full text, recommended articles, revision guides and extensive question practice

**Ask a Manager** Alison Green 2018-05-01 From the creator of the popular website Ask a Manager and New York’s work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workplace in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scarping By and Get Your Financial Life Together

Financial & Managerial Accounting - Jerry J. Weygandt 2015-01-07 Financial and Managerial Accounting, 2nd Edition provides students with a clear introduction to fundamental accounting concepts. The Second Edition helps students get the most out of their accounting course by making practice simple. Both in the print text and online in WileyPLUS with ORION new opportunities for self-guided practice allow students to check their knowledge of accounting concepts, skills, and problem solving techniques and receive personalized feedback.
at the question, learning objective, and course level. Newly streamlined learning objectives help students use their study time efficiently by creating a clear connections between the reading and video content, and the practice, homework, and assessments questions. Weygandt, Financial and Managerial Accounting is ideal for a two-semester Financial and Managerial Accounting sequence where students spend equal time learning financial and managerial accounting concepts, and learn the accounting cycle from a corporate perspective. This program begins by introducing students to the building blocks of the accounting cycle and builds to financial statements. *WileyPLUS with ORION is sold separately from the text.
