Backwards the Drowned Go Dreaming Carl Watson 2012-04-01 "Amongst the oil fumes and the briny dinge of the sea, greasy, tired, frustrated, I had a flash. Suddenly, I had it all figured out—the psychology of despots and CEOs. I figured that in order for civilization to exist, people have to stay in one place, and so it seems somehow natural that the evolution of society would be to create an illusion of motion where none exists. Faster cars. Faster editing. Increased sensory stimulation. But all the while we are actually sitting more and more still. The population is placated by the feeling of progress, when in reality they are imprisoned. Even if we feel or strive to be utterly irresponsible, we're still somehow doing our job." Carl Watson evokes his desolation angels with great empathy and
care, but also with ruthless candor. He writes like someone who pushed himself to the wall, then pushed through it to the void and came back with stories to tell. Here he reclaims the Seventies, one of the more desolate of recent epochs, with the clarity of Proust, the balefulness of Bodenheim, and the raw honesty of an Iggy song. -John Strausbaugh, author of "Black Like You" and "Sissy Nation" "CW writes like he put his thumb in the air on some two-lane American highway that used to be an Indian Trail, where he got picked up by God. Like he has come back to the fire in the woods we have gathered around at the end of the world with our loved ones to tell us what he saw. -Andrew Huebner, author of "We Pierce," "American By Blood" and "East of Bowery" With prose unfurling like cigarette smoke bleeding into that cloud of half-forgotten memories forever shadowing missed opportunities that hangs over a noonday dive somewhere during the twilight of the last blown century, heartbreak rock-n-roll on the radio crackling in exquisite precision between am stations and windswept interstates, Carl Watson daydreams before silent black-and-white televisions in SRO lobbies or as he drinks himself sober in crumbling Chicago tenements. "Backwards the Drowned Go Dreaming" explodes the bleary-eyed myth of the American road. -Donald Breckenridge, author of "This Young Girl Passing" Carl Watson's work is desolate poetry. He writes with sharp nostalgia for a past that really wasn't all that great. It feels like a stay in a down-and-out motel, but right on the other side of the paper-thin wall is transcendence. Watson never lets you forget that even in the most desperate situations, there is humor (even if it's mostly black) and greatness of the spirit. -Emily XYZ, "United States of Poetry"

knowledge of a third dimension, learned from encounters with a sphere.

*The Book of the Dead* Bernhard Paul Badham
2015-10-30

The Book of the Dead is an ancient Egyptian funerary text, used from the beginning of the New Kingdom (around 1550 BCE) to around 50 BCE. This Reading & Answer Book is for the student of hieroglyphs who wishes to extend their translation skills using real ancient Egyptian texts. The pages contain the hieroglyphic text, phonetic translation, literal and full translations and should be used with the accompanying Student Work Book which contains only the hieroglyphic text and phonetic translation. Most of the text is taken from the Papyrus of Any: The papyrus of Any (Any) was found at Thebes and was purchased by the British Museum in 1888. It measures 78 feet by 1 foot 3 inches and is the longest papyrus of the Theban Period. It is made up of 6 individual parts. It contains a number of chapters of the Book of the Dead, mostly accompanied by illustrations. The titles of the chapters in the papyrus are written in red. In the following texts a phonetic (grey) translation of the hieroglyphs is provided to aid word identification in the Student Work Book and in the Reading & Answer Book, an English transliteration and a full literal translation is given for reading and study. This work is taken from the Papyrus of Any and other sources to complete the utterances of the Book of the Dead.

Kristene Perron
2012-10-01

On his first crossing through the warps, Seg discovers a world rich in vita - fuel to save his dying world. Cold, brilliant and desperate to prove himself as a Cultural Theorist, Seg breaks away from the recon squad sent to protect him, to scout out prime vita sources. But to find his prize he must face his biggest fear: water. Fiery and headstrong, Ama receives an ultimatum from her people's tyrannical overlords: betray her own kind or give up the boat she calls home, forever. When a wealthy traveler hires her as a guide, Ama thinks her prayers are answered - until a violent murder reveals Seg's true identity. On the run, over land and water, hunted by a ruthless and relentless tracker, and caught in the schemes of a political powerhouse, Seg and Ama will have to strike an uneasy truce to survive. The fate of two worlds is in their hands.

Winterhawk’s Land
Michael Dante

played the title role in Winterhawk (1975), a Western about a legendary Blackfoot Chief's character and his principles. In this novella sequel, he pens an ageless saga about ruthless railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. Winterhawk and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands
up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television’s Golden Era, such as Death Valley Days, The Big Valley, Daniel Boone, Custer, The Texan, Bonanza, Maverick, and Cheyenne. The Presidogs of the United States of Pawmerica Todd Brown 2017-01-07 Sit. Stay. LEAD!The Presidogs of the United States of Pawmerica is a re-imagining of history, telling the story of the forty-four men who have led this nation as if they were furry, fun-loving dogs. How would a rambunctious pooch have handled the Embargo Act of 1807? Or the Cuban Missile Crisis? Or a Civil War?! This coffee table book answers these questions, as well as provides the reader with an endless supply of historical and pawlitically charged puppy puns. Consti-CHEW-tion, anyone?Since every president is matched to a different breed of dog, this full color volume provides the reader with a concise personality profile for each represented breed. It’s a great gift idea for animal lovers, history buffs, goofballs, hipsters, and children of all ages. Learn about history! Learn about dogs! All while laughing your silly head off. The Presidogs of the United States of Pawmerica is a quirky, educational and thoroughly adogable read for the whole family! Truth Beyond the Matrix Ronald Fellion 2016-01-15 Questioning some commonly accepted metaphysical beliefs and explaining how they are programs-beliefs of control designed to keep a person within this earthly matrix. How to escape these programs and this system by changing your beliefs. I Am Not Robert E. Draper 2014-03-20 "I Am Not" is author Robert E. Draper’s attempt to provide insight into our age-old plight of finding ourselves “strangers in a strange land,” as well as into the great difficulty we all have in accepting that if we are living in a world of virtual insanity, we are—at least partly—insane.
According to the author, this world is a dystopian battleground, a product of a collective amnesia that has burdened us all with the difficult task of living coherently while working our way back to the awareness of what we are: united; yet believing we are what we are not: separated—all of our hearts breaking over what we know not. The central theme of "I Am Not" is recognizing the futility of our efforts to improve the trap we appear to be in, redirecting those efforts to the goal of waking up to what we are doing, saving not the world but ourselves. Only thus can we reverse our own course into madness, finding—and demonstrating—there is hope within, right in the middle of a place where there is none to be found without.

**Free Roll** Brandt Tobler 2017-05-22 Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad."

Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brandt tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

**The Enchanted April** Elizabeth Von Arnim 1923 Driven to action by the dreariness of their lives in London, two not-quite friends, in the hopes of finding renewal, plan to rent a medieval Italian castle for a month. They are joined by two other women, a socialite and a dowager, each also seeking a remedy for their dissatisfaction. As the quartet eventually (though not
necessarily gracefully) settles in together, they share the beauty and joy of their springtime palace, and each becomes reacquainted with the self they had forgotten. Whether or not the enchantment can carry into their lives and loves in the "real" world is the question. The basis for the film, of the same name, this is a classic to cherish.

The Door Is Open

Andrew Cort 2012-05-01 "A wondrous, sparkling fusion of wisdom and insight." - Patricia Santhuff

What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing, conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path!

Fortunately, that's what all the sacred stories are really about. THE DOOR IS OPEN uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can do this work on your own, or together with a group. It could be a church or synagogue group, a book club, a classroom, or any group of friends who want to get together and expand their spiritual horizons.

Flatland Edwin A. Abbott 2012-02-29 Classic of science (and mathematical) fiction — charmingly illustrated by the author — describes the adventures of A. Square, a resident of Flatland, in Spaceland (three dimensions), Lineland (one dimension), and Pointland (no dimensions).

Philochristus Edwin Abbott Abbott 1878
The Fourth Dimension: Toward a Geometry of Higher Reality Rudy Rucker 2014-08-18 One of the most talented contemporary authors of cutting-edge math and science books conducts a fascinating tour of a higher reality, the fourth dimension. Includes problems, puzzles, and 200 drawings. "Informative and mind-dazzling." — Martin Gardner.

The Annotated Flatland Ian Stewart 2008-07-31
Flatland is a unique, delightful satire that has charmed readers for over a century. Published in 1884 by the English clergyman and headmaster Edwin A. Abbott, it is the fanciful tale of A.
Square, a two-dimensional being who is whisked away by a mysterious visitor to The Land of Three Dimensions, an experience that forever alters his worldview. Like the original, Ian Stewart's commentary takes readers on a strange and wonderful journey. With clarity and wit, Stewart illuminates Abbott's numerous Victorian references and touches on such diverse topics as ancient Babylon, Karl Marx, Mary Shelley's Frankenstein, Mt. Everest, H.G. Wells, and phrenology. The Annotated Flatland makes fascinating connections between Flatland and Abbott's era, resulting in a classic to rival Abbott's own, and a book that will inspire and delight curious readers for generations to come.

**Spaceland** Rudy Rucker 2003-07-04 Joe Cube is a Silicon Valley hotshot--well, a would-be hotshot anyway--hoping that the 3-D TV project he's managing will lead to the big money IPO he's always dreamed of. On New Year's Eve, hoping to impress his wife, he sneaks home the prototype. It brings no new warmth to their cooling relationship, but it does attract someone else's attention. When Joe sees a set of lips talking to him (floating in midair) and feels the poke of a disembodied finger (inside him), it's not because of the champagne he's drunk. He has just met Momo, a woman from the All, a world of four spatial dimensions for whom our narrow world, which she calls Spaceland, is something like a rug, but one filled with motion and life. Momo has a business proposition for Joe, an offer she won't let him refuse. The upside potential becomes much clearer to him once she helps him grow a new eye (on a stalk) that can...
see in the fourth-dimensional directions, and he agrees. After that it's a wild ride through a million-dollar night in Las Vegas, a budding addiction to tasty purple 4-D food, a failing marriage, eye-popping excursions into the All, and encounters with Momo's foes, rubbery red critters who steal money, offer sage advice and sometimes messily explode. Joe is having the time of his life, until Momo's scheme turns out to have angles he couldn't have imagined. Suddenly the fate of all life here in Spaceland is at stake. Rudy Rucker is a past master at turning mathematical concepts into rollicking science fiction adventure, from Spacetime Donuts and White Light to The Hacker and the Ants. In the tradition of Edwin A. Abbott's classic novel, Flatland, Rucker gives us a tour of higher mathematics and visionary realities. Spaceland is Flatland on hyperdrive! At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. **Whole** Brian Seth Hurst 2012-10-14 What do you do after life has handed you a wake-up call? Author Brian Seth Hurst experienced a significant professional setback, but, rather than “soldier on,” he recognized it as a profound opportunity to acknowledge a deeper foundation at work in his life. It is the affirmation that there is sheer power in what one believes, and, for better or worse, those beliefs are the foundation for the reality we create. The question of “Why?” began a thirty-day inquiry and adventure for Hurst into the unknown. The result is the book **Whole** - a collection of powerful essays that examine how beliefs serve, or do not serve, us in our lives, how those beliefs can be transformed to change our circumstances, and the power of the ultimate connection to Source. What do you do after life has handed you a wake-up call? If you decide to remain awake, then you begin looking at your life. **Whole** is your companion as you review the past, balance all areas of your life, and begin to create anew. **Whole** prompts a very personal, progressive, and
conscious examination of concepts and belief systems in every area of your life, ranging from relationships, work and time, to money, the environment, morality and your purpose. It asks provocative and thoughtful questions that lead to understanding. How do you reconcile everything that has happened and is happening in your life with the one you truly want? The good and the bad, the joy and the hurt, the wins and the losses - all those parts form the experience of your life and your identity. Yet, you are much greater than the sum of all those parts. W H O L E allows you to make sense of the pieces of your life as part of the greater being that is You. W H O L E presents you with the opportunity to reconcile the past, arrive wholly connected in the present, and create your future. W H O L E literally answers the question, “What was I thinking?” “To know “whole” in the duality of your reality, you must know broken. To know broken is to recognize that you are, always have been, and always will be WHOLE.”

**Flatterland** Ian Stewart 2010-10-08 First there was Edwin A. Abbott's remarkable Flatland, published in 1884, and one of the all-time classics of popular mathematics. Now, from mathematician and accomplished science writer Ian Stewart, comes what Nature calls "a superb sequel." Through larger-than-life characters and an inspired story line, Flatterland explores our
Present understanding of the shape and origins of the universe, the nature of space, time, and matter, as well as modern geometries and their applications. The journey begins when our heroine, Victoria Line, comes upon her great-great-grandfather A. Square's diary, hidden in the attic. The writings help her to contact the Space Hopper, who tempts her away from her home and family in Flatland and becomes her guide and mentor through ten dimensions. In the tradition of Alice in Wonderland and The Phantom Toll Booth, this magnificent investigation into the nature of reality is destined to become a modern classic.

**Expressions of Love** Gary Laird 2014-09-16
Expressions of Love is about learning to have a lasting love relationship with the one you love. It reminds or teaches the things a couple needs to do in order to have the love life we all desire. The book also can begin to help rid oneself of shyness, and will help in developing a dynamic personality. It will also help make you a better lover.

**Kitab Kabbani** Byblos Press 2015-10-26 The Middle East is spinning out of control, but what does that mean to a simple fast-order cook in Central California? Everything—his family, his love life, his future, his purpose. And it may be that he means a great deal to the Middle East. Some are willing to kill him and others are willing to risk their lives to protect him. This adventure takes the reader to Turkey, Iran, and Arabia. Themes of historical religions of the Middle East, modern interpretations, truth, understanding, and what the future holds for this volatile region are interwoven throughout the book. Romance and its seeming impossibility provide a metaphor for all that is wonderful about this region, and all that may be suffocating hope. The unspoken question through most of the book asks is something more happening as this adventure unfolds?
