Earth Day Melissa Ferguson 2021 Earth Day celebrates our beautiful planet and calls us to act on its behalf. Some people spend the day planting flowers or trees. Others organize neighborhood clean-ups, go on nature walks, or make recycled crafts. Readers will discover how a shared holiday can have multiple traditions and be celebrated in all sorts of ways.

Best Buys for Your Home 2004 Consumer Reports (Firm) 2004-02 A new consumer buying guide aids homeowners in difficult purchasing decisions, providing advice, descriptions, and ratings of more than eight hundred brand-name items, including kitchen appliances, tools, remodeling materials, and home electronics, accompanied by tips on how to get the best value for one's money. Original.

Building Systems for Interior Designers Corky Binggeli 2003-01-21 The first desk reference on technical building systems for interior designers Building Systems for Interior Designers is the first book to explain technical building systems and engineering issues in a clear and accessible way to interior designers. The technical knowledge and vocabulary presented here allow interior designers to communicate more effectively with architects, engineers, and contractors while collaborating on projects, leading to more accurate solutions for problems related to a broad range of other building considerations with an impact on interior design. Information on sustainable design is integrated throughout the book, making it a relevant tool for current and emerging trends in building design. Written in a straightforward, nontechnical style that maintains depth and accuracy, this book is the first complete text applicable to interior design courses and provides thorough preparation for the NCIDQ exam. Engaging, clear illustrations support the text, which is accessible to those without a math or physics background. Topics covered include: Heating and air conditioning systems Environmental issues Water and waste Thermal comfort HVAC systems Electricity Lighting Security and communications systems Fire safety Transportation systems With numerous case examples illustrating how interior designers apply this material in the real world, Building Systems for Interior Designers is a valuable book for students, as well as a practical desktop reference for professionals. Content from this book is available as an online continuing professional education course at http://www.wiley.com/WileyCDA/Section/id-320255.html#fire_safety. WileyCPE courses are available on demand, 24 hours a day, and are approved by the American Institute of Architects.

Wilson and Morrill show readers how to increase energy efficiency, reduce energy use, cut utility bills, and avoid harming the environment, while maintaining or even improving comfort levels. 80 line drawings.

Glad News of the Natural World T.R. Pearson 2010-05-11 Twenty years ago, a first novel appeared and instantly announced the arrival of a master storyteller. T. R. Pearson's A Short History of a Small Place was hailed as "an absolute stunner" (Jonathan Yardley, The Washington Post) and its hero, young Louis Benfield, was dubbed "a youth not as wry as Holden Caulfield, but certainly as observant, and with a bigger, even sadder heart" (Fran Schumer, The New York Times). Now, older but not necessarily wiser, Louis Benfield returns in Glad News
of the Natural World. In order to get a sense of the larger world, he has moved to New York City from his hometown of Neely, North Carolina. Louis is a modern-day Candide, looking for love and experience in all the wrong places. However, when tragedy strikes, he finds the maturity to be more than man enough for the job. Whether catching up with Louis Benfield and the denizens of Neely or meeting them for the first time, readers will find Glad News of the Natural World hilarious and heartbreakingly, warm and wise.

Buying Guide 2002

Buying Guide 2007 Canadian Edition Consumer Reports 2006-11-14 In today’s marketplace, there are an array of products that can be purchased and several ways to buy them. Consumers today are faced with numerous choices when deciding on which products to purchase. The choice ultimately comes down to the consumers specific wants and needs. “Is this the right product for me? Will I get my money’s worth in this product? Which brand is the best for me?” What it all comes down to is… Are consumers doing their homework to determine the best value out there that will fulfill their wants and needs?

Consumer Reports Buying Guide 2007 is an ideal resource for consumers. It’s a one-stop source for making intelligent, money saving purchases for all home buying needs. This compact reference guide contains over 900 brand-name ratings along with invaluable information on what products are available, important features, latest trends and expert advice for: - Home office equipment - Digital cameras and camcorders - Home entertainment - Cellular phones - Home and yard tools - Kitchen appliances - Vacuum cleaners and washing machines - Reviews of 2007 cars, minivans, pickups and SUV’s - And so much more! Original. 350,000 first printing.

Grocery Michael Ruhlman 2017-05-16 The New York Times–bestselling author “digs deep into the world of how we shop and how we eat. It’s a marvelous, smart, revealing work” (Susan Orlean, #1 bestselling author). In a culture obsessed with food—how it looks, what it tastes like, where it comes from, what is good for us—there are often more questions than answers. Ruhlman proposes that the best practices for consuming wisely could be hiding in plain sight—in the aisles of your local supermarket. Using the human story of the family-run Midwestern chain Heinen’s as an anchor to this journalistic narrative, he dives into the mysterious world of supermarkets and the ways in which we produce, consume, and distribute food. Grocery examines how rapidly supermarkets—and our food and culture—have changed since the days of your friendly neighborhood grocer. But rather than waxing nostalgic for the age of mom-and-pop shops, Ruhlman seeks to understand how our food needs have shifted since the mid-twentieth century, and how these needs mirror our cultural ones. A mix of reportage and rant, personal history and social commentary, Grocery is a landmark book from one of our most insightful food writers. “Anyone who has ever walked into a grocery store or who has ever cooked food from a grocery store or who has ever eaten food from a grocery store must read Grocery. It is food journalism at its best and I’m so freakin’ jealous I didn’t write it.” —Alton Brown, television personality “If you care about why we eat what we eat—and you want to do something about it—you need to read this absorbing, beautifully written book.” —Ruth Reichl, New York Times–bestselling author.
