The Middle East, Abstracts and Index 1993
From Beirut to Jerusalem Thomas L. Friedman 2010-04-01 This revised edition of the number-one bestseller and winner of the 1989 National Book Award includes the Pulitzer Prize-winning author's new, updated epilogue. One of the most thought-provoking books ever written about the Middle East, From Beirut to Jerusalem remains vital to our understanding of this complex and volatile region of the world. Three-time Pulitzer Prize winner Thomas L. Friedman drew upon his ten years of experience reporting from Lebanon and Israel to write this now-classic work of journalism. In a new afterword, he updates his journey with a fresh discussion of the Arab Awakenings and how they are transforming the area, and a new look at relations between Israelis and Palestinians, and Israelis and Israelis. Rich with anecdote, history, analysis, and autobiography, From Beirut to Jerusalem will continue to shape how we see the Middle East for many years to come. "If you're only going to read one book on the Middle East, this is it."--Seymour M. Hersh
Covering Islam Edward W. Said 2015-08-19 In this classic work, now updated, the author of Culture and Imperialism reveals the hidden agendas and distortions of fact that underlie even the most "objective" coverage of the Islamic world. From the Iranian hostage crisis through the Gulf War and the bombing of the World Trade Center, the American news media have portrayed "Islam" as a monolithic entity, synonymous with terrorism and religious hysteria. At the same time, Islamic countries use "Islam" to justify unrepresentative and often repressive regimes. Combining political commentary with literary criticism, Covering Islam continues Edward Said's lifelong investigation of the ways in which language not only describes but also defines political reality.

Love and Resistance in the Films of Mai Masri
Victoria Brittain 2020-02-14 This book covers Mai Masri’s three decades documenting iconic moments of Palestinian and Lebanese linked history. Her films, unique for giving agency to her subjects, tell much about the untold, unseen people, namely women and children, who lived these experiences of war and occupation. Former Lebanese political prisoner Soha Bechara praised her feature film 3000 Nights as “the ‘Lest we forget’ of Palestine.” Her focus on the social and political climates of the vivid lives of unseen people connects to the deepening violence in Palestine today.

Life Full of Reading
Syed Ahmad Fathi bin Syed Mohd Khair 2020-06-05 A quite afternoon, a cozy chair, a warm cup of coffee, and a good book—these are the perfect description of moments that should be cherished in this short life. Carl Sagan once said that reading is magical, that it enables humans from different epoch to talk to each other; it is more than that. Reading is a gateway to imagination, a world without limit, a safe space to escape from enduring reality. Sometimes it is a space where you socialize without having to meet people. This book is a compilation of book reviews written over the years. The book was broken into two parts, the first part is the long reviews, the second part is the short reviews, which covered a wide range of genre from economics, self-help, novels, comic book to political philosophy and parenting.

In Other Words Mona Baker 2011-01-25 In Other Words is the definitive coursebook for anyone studying translation. Assuming no knowledge of foreign languages, it offers both a practical and theoretical guide to translation studies, and provides an important foundation for training professional translators. Drawing on modern linguistic theory, this best-selling text provides a solid base to inform and guide the many key decisions trainee translators have to make. Each chapter offers an explanation of key concepts, identifies potential sources of translation difficulties related to those concepts, and illustrates various strategies for resolving these difficulties. Authentic examples of translated texts from a wide variety of languages are examined, and practical exercises and further reading are included at the end of each chapter. The second edition has been fully revised to reflect recent developments in the field and new features include: A new chapter that addresses issues of ethics and ideology, in response to increased pressures on translators and interpreters to demonstrate accountability and
awareness of the social impact of their decisions. Examples and exercises from new genres such as audiovisual translation, scientific translation, oral interpreting, website translation, and news/media translation. New project-driven exercises designed to support MA dissertation work. Updated references and further reading. A companion website featuring further examples and tasks. Written by Mona Baker, a leading international figure in the field, this key text is the essential coursebook for any student of translation studies.

The Jerusalem Talmud Jacob Neusner 2010-07-30
"The Jerusalem Talmud," or "Yerushalmi," or "Talmud of the Land of Israel," is a commentary on the oral law (the Mishnah) of Israel that ties that oral law to the written law (the Torah, the
Hebrew Scripture). Completed about 200 years prior to "The Babylonian Talmud (Bavli)", it records the first such compilation of Jewish scholarly thought. Jacob Neusner completed this monumental American translation and commentary of "The Jerusalem Talmud" in the last decade, but until now it has been expensive and difficult to obtain. Now all thirty-nine Yerushalmi tractates as translated by Professor Neusner and Tzvee Zahavy have been brought together in this CD-ROM. In addition to a preface and general introduction to the whole work, Professor Neusner has provided fresh and helpful introductions to each of the tractates. He has also provided within his translation the references to Bible verses alluded to in the "Yerushalmi." This electronic edition contains the full content of the translation, commentary on most of the tractates, and introductions to each. Enabling instantaneous searches by word or phrase, it has exceptional research capabilities--and opens swift avenues for exploration and discovery.

From Beirut to Jerusalem: Updated Edition Swee Chai Ang 2019-08-13 This is the story of Dr Ang Swee Chai, a Penang-born orthopaedic surgeon, and her flight to war-torn Lebanon in 1982 to treat the wounded and dying. This book, a quarter of a century after the massacre in Sabra and Shatila which killed thousands of Palestinian civilians, is a tribute to the ongoing struggle against occupation in the Holy Lands. This 25th anniversary edition also includes the writer's reflections on the Israeli attacks on Gaza in early 2009.

*Pity the Nation* Robert Fisk 2001-10-25 Pity the Nation ranks among the classic accounts of war in our time, both as historical document and as an eyewitness testament to human savagery. Written by one of Britain's foremost journalists, this remarkable book combines political analysis and war reporting in an unprecedented way: it is an epic account of the Lebanon conflict by an author who has personally witnessed the carnage of Beirut for over a decade. Fisk's book recounts the details of a terrible war but it also tells a story of betrayal and illusion, of Western blindness that had led inevitably to political and military catastrophe. Updated and revised, Fisk's book gives us a further insight into this troubled part of the world. 'Robert Fisk is one of the outstanding reporters of this generation. As a war correspondent he is unrivalled.' Edward Mortimer, Financial Times

*Uncovering Sin* Rosy Fairhurst 2012-11-15 This approachable Lent course invites us to view sin as something to be understood, rather than condemned. It argues that our darker traits must be coaxed into the light in order to manage them and work towards healing and renewal. An intriguing choice for both personal and group reflection.

*Armed Struggle and the Search for State* Yazīd Șāyīgh 1997-12-11 This masterly new work spans an entire epoch in the history of the contemporary Palestinian national movement, from the establishment of Israel in mandate Palestine in 1948, to the PLO-Israel accord of 1993. Contrary to the conventional view that national liberation movements proceed with
state-building only after attaining independence, the case of the PLO shows that state-building may shape political institutionalization throughout the previous struggle, even in the absence of an autonomous territorial, economic, and social base. That is the central argument of this insightful study, which traces the political, ideological, and organizational evolution of the PLO and its constituent guerrilla groups. Taking the much-vaunted 'armed struggle' as its connecting theme, it shows how conflict was used to mobilize the mass constituency, assert particular discourses of revolution and nationalism, construct statist institutions, and establish the legitimacy of a new political class and bureaucratic elite. The book draws extensively on PLO archives, official publications and internal documents of the various guerrilla groups, and over 400 interviews conducted by the author with the PLO rank-and-file. Its span, primary sources, and conceptual framework make this the definitive work on the subject.

Muhammad Light and Peace for Humanity: A Fresh Approach Hussein Ghubash 2019-10-02

There are many biographies of the Prophet Muhammad (saw) in almost every language of the world, so why write a new one? What can be added to what has already been written? Every age has its own unique language, terminology and readership, and this age is no exception. The language people use and understand has changed, and the majority are no longer equipped to fully understand the classical, historical, narrative-based language used in most works of Sīra. This acts as a barrier to accessing the Muhammadan lessons and spiritual awakenings. This biography is therefore written in as contemporary a style as possible, without being overly simplistic, in order to bring to life these divine lessons and lights. This factor alone-although there are many others-justifies producing a contemporary Sīra that extracts the material from the historical sources and paints in modern terms a true and accurate picture of the
life of our noble Prophet that sheds new light on the course of events. In doing so, it aims to be as concise as possible while leaving the divine Muhammadan core intact. Through the Prophet's life and words, the Qur'ān is brought into the world of form, and when sincere Muslims study that life in all its glorious details, relive its events, and return to the source of the pure spring of Islam, their faith is strengthened and purified. Dr. Hussein Ghubash is the author of several books and the U.A.E ambassador to UNESCO. He holds a Ph.D. in political science.

**Avicenna** Soheil M. Afnan 2015-10-14 This book, first published in 1958, examines the life and works of Avicenna, one of the most provocative figures in the history of thought in the East. It shows him in the right historical perspective, as the product of the impact of Greek thought on Islamic teachings against the background of the Persian Renaissance in the tenth century. His attitude can be of guidance to those in the East who are meeting the challenge of Western civilization; and to those in the West who have yet to find a basis on which to harmonize scientific with spiritual values.

**Philosophical Perspectives on the Israeli-Palestinian Conflict** Tomis Kapitan 2015-06-11 This volume addresses a number of philosophical problems that arise in consideration of the century-old conflict between Israeli Jews and Palestinian Arabs. Consisting of essays by fifteen contributors (including both Israeli and Palestinian philosophers) and a lengthy introduction by the editor, it deals with rights to land, sovereignty, self-determination, the existence and legitimacy of states, cultural prejudice, national identity, intercommunal violence, and religious intransigence.

*The Pursuit of Europe* Anthony Pagden 2022-01-13 The European Union, we are told, is facing extinction. Most of those who believe that, however, have no understanding of how, and
why, it become possible to imagine that the diverse peoples of Europe might be united in a single political community. The Pursuit of Europe tells the story of the evolution of the "European project", from the end of the Napoleonic Wars, which saw the earliest creation of a "Concert of Europe", right through to Brexit. The question was how, after centuries of internecine conflict, to create a united Europe while still preserving the political legal and cultural integrity of each individual nation. The need to find an answer to this question became more acute after two world wars had shown that if the nations of Europe were to continue to play a role in the world they could now only do so together. To achieve that, however, they had to be prepared to merge their zealously-guarded sovereign powers into a new form of trans-national constitutionalism. This the European Union has tried to do. In the process it has created not, as its enemies have claimed, a "super-state" but a new post-national order united in a political life based, not upon the old shibboleths of nationalism and patriotism, but upon a common body of values and aspirations. It is this, argues Anthony Pagden, that will allow the Union to defeat its political enemies from within, and to overcome the difficulties, from mass migration to the pandemic, which it faces from without. But it will only succeed in doing so if it also continues to evolve as it has over the past two centuries.

Heroes and Martyrs of Palestine Laleh Khalili 2007-03-29 Many decades have passed since the Palestinian national movement began its political and military struggle. In that time, poignant memorials at massacre sites, a palimpsest of posters of young heroes and martyrs, sorrowful reminiscences about lost loved ones, and wistful images of young men and women who fought as guerrillas, have all flourished in Palestinian refugee camps in Lebanon and in the Occupied Palestinian Territories. Heroes and Martyrs of Palestine tells the story of how dispossessed Palestinians have commemorated their past, and
how through their dynamic everyday narrations, their nation has been made even without the institutional memory-making of a state. Bringing ethnography to political science, Khalili invites us to see Palestinian nationalism in its proper international context and traces its affinities with Third Worldist movements of its time, while tapping a rich and oft-ignored seam of Palestinian voices, histories, and memories. *Longitudes and Attitudes* Thomas L. Friedman 2003 Collects the twice-weekly columns by the foreign affairs writer for "The New York Times" as published since September 11 to document the nation's emotional and analytical responses to the terrorist attacks and their aftermath. *Escape from the Lion's Paw* Soh Lung Teo 2012 The six authors: Ang Swee Chai, Francis Khoo Kah Siang, Tan Wah Piow, Tsui Hon Kwong, Tang Fong Har and Ho Juan Thai speak of their narrow escapes in the 1970s and 1980s, and their lives then and now with frankness, humour and sadness, but always with optimism and hope for Singapore and the world.
