The Arab Christian Kenneth Cragg 1991-01-01
Centuries before the existence of the Islamic faith, there were Arabs who could be described as Christian. And there has been a Christian Arabism, an Arab Christianity, since Muhammad's day. Arab Christianity has survived Muslim dominance, and this enlightening book takes an in-depth look at its survival.

Husayn 2021-04-14
There is no disagreement between Sunnis and Shias that Imam Ḥusayn’s martyrdom in Karbala was a historical event illustrating true Islamic leadership and the exemplary character of someone who made a sincere attempt at safeguarding the ideology of Islam with the intention to retain it as an exact replica of the setup of the Prophetic era. But of late we see attempts by some to make Husayn's martyrdom a Sunni-Shia polemic. This book is in response to that, it contains four essays on Karbala by four highly respected Sunni scholars and leaders, and we have added a new foreword to expand the story and give the reader a more comprehensive understanding of the importance of this heart-rending tragedy in Islamic history.

Life Full of Reading Syed Ahmad Fathi bin Syed Mohd Khair 2020-06-05
A quite afternoon, a cozy chair, a warm cup of coffee, and a good book—these are the perfect description of moments that should be cherished in this short life. Carl Sagan once said that reading is magical, that it enables humans from different epoch to talk to each other; it is more than that. Reading is a gateway to imagination, a world without limit, a safe space to escape from enduring reality. Sometimes it is a space where you socialize without having to meet people. This book is a compilation of book reviews written over the years. The book was broken into two parts, the first part is the long reviews, the second part is the short reviews, which covered a wide range of genre from economics, self-help, novels, comic book to political philosophy and parenting.

Uncovering Sin Rosy Fairhurst 2012-11-15
This approachable Lent course invites us to view sin as something to be understood, rather than condemned. It argues that our darker traits must be coaxied into the light in order to manage them and work towards healing and renewal. An intriguing choice for both personal and group reflection.

Israel's Lebanon War Zeev Schiff 1985-06-03
From Simon & Schuster, Israel's Lebanon War is the first and only complete inside account of a disastrous military adventure and its ongoing consequences. A detailed narrative by two Israeli journalists on the origins, conduct, and political repercussions of the Lebanon war, based on previously unreleased documents and interviews with high officials.
Many decades have passed since the Palestinian national movement began its political and military struggle. In that time, poignant memorials at massacre sites, a palimpsest of posters of young heroes and martyrs, sorrowful reminiscences about lost loved ones, and wistful images of young men and women who fought as guerrillas, have all flourished in Palestinian refugee camps in Lebanon and in the Occupied Palestinian Territories. Heroes and Martyrs of Palestine tells the story of how dispossessed Palestinians have commemorated their past, and how through their dynamic everyday narrations, their nation has been made even without the institutional memory-making of a state. Bringing ethnography to political science, Khalili invites us to see Palestinian nationalism in its proper international context and traces its affinities with Third Worldist movements of its time, while tapping a rich and oft-ignored seam of Palestinian voices, histories, and memories.

Love and Resistance in the Films of Mai Masri
Victoria Brittain 2020-02-14 This book covers Mai Masri’s three decades documenting iconic moments of Palestinian and Lebanese linked history. Her films, unique for giving agency to her subjects, tell much about the untold, unseen people, namely women and children, who lived these experiences of war and occupation. Former Lebanese political prisoner Soha Bechara praised her feature film 3000 Nights as “the ‘Lest we forget’ of Palestine.” Her focus on the social and political climates of the vivid lives of unseen people connects to the deepening violence in Palestine today.

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of Battle Hymn of the Tiger Mother). If you’re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession.

Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You’ll be laughing and learning at the same time.

Imam al-Shafi‘i In Quest of Knowledge
Islahee Muhammad Yousuf 2015-01-21 In Quest of Knowledge is the story of Imam Muhammad ibn Idris al-Shafi‘i’s search for knowledge. The story revolves round a son whose sole mission in life is to acquire knowledge, a teacher who lovingly accepts him, and a widow who not only bears with the separation of her only son but also shares his passion for knowledge. Their innate nobility, their ability to suffer for a common cause, their intense love for the Prophet (s) and their infinite trust in Allah give them the dimensions of epic heroes. The invaluable lesson which Imam al-Shafi‘i’s story teaches, although it may not have been his main objective, is that Allah befriends and watches over anyone who endeavours to acquire religious knowledge with the intention of disseminating it.

War Surgery
Hans Husum 1996-03 This is a handbook for surgeons and other medical staff who find themselves having to meet the needs of injured people in situations of war. The book covers assessment and procedures for surgical
intervention in a wide variety of circumstances, and also includes a wealth of information on the organization of war medical services and on approaches to setting up forward clinics. 

From Beirut to Jerusalem: Updated Edition Swee Chai Ang 2019-08-13 This is the story of Dr Ang Swee Chai, a Penang-born orthopaedic surgeon, and her flight to war-torn Lebanon in 1982 to treat the wounded and dying. This book, a quarter of a century after the massacre in Sabra and Shatila which killed thousands of Palestinian civilians, is a tribute to the ongoing struggle against occupation in the Holy Lands. This 25th anniversary edition also includes the writer’s reflections on the Israeli attacks on Gaza in early 2009.

Covering Islam Edward W. Said 2015-08-19 In this classic work, now updated, the author of Culture and Imperialism reveals the hidden agendas and distortions of fact that underlie even the most “objective” coverage of the Islamic world. From the Iranian hostage crisis through the Gulf War and the bombing of the World Trade Center, the American news media have portrayed "Islam" as a monolithic entity, synonymous with terrorism and religious hysteria. At the same time, Islamic countries use "Islam" to justify unrepresentative and often repressive regimes. Combining political commentary with literary criticism, Covering Islam continues Edward Said’s lifelong investigation of the ways in which language not only describes but also defines political reality.

Armed Struggle and the Search for State Yazid Sayigh 1997-12-11 This masterly new work spans an entire epoch in the history of the contemporary Palestinian national movement, from the establishment of Israel in mandate Palestine in 1948, to the PLO-Israel accord of 1993. Contrary to the conventional view that national liberation movements proceed with state-building only after attaining independence, the case of the PLO shows that state-building may shape political institutionalization throughout the previous struggle, even in the absence of autonomous territorial, economic, and social base. That is the central argument of this insightful study, which traces the political, ideological, and organizational evolution of the PLO and its constituent guerrilla groups. Taking the much-vaulted 'armed struggle' as its connecting theme, it shows how conflict was used to mobilize the mass constituency, assert particular discourses of revolution and nationalism, construct statist institutions, and establish the legitimacy of a new political class and bureaucratic elite. The book draws extensively on PLO archives, official publications and internal documents of the various guerilla groups, and over 400 interviews conducted by the author with the PLO rank-and-file. Its span, primary sources, and conceptual framework make this the definitive work on the subject.

The Palestinian Diaspora Helena Lindholm Schulz 2005-07-27 From the refugee camps of the Lebanon to the relative prosperity of life in the USA, the Palestinian diaspora has been dispersed across the world. In this pioneering study, Helena Lindholm Schulz examines the ways in which Palestinian identity has been formed in the diaspora through constant longing for a homeland lost. In so doing, the author advances the debate on the relationship between diaspora and the creation of national identity as well as on nationalist politics tied to a particular territory. But The Palestinian Diaspora also sheds light on the possibilities opened up by a transnational existence, the possibility of new, less territorialized identities, even in a diaspora as bound to the idea of an idealized homeland as the Palestinian. Members of the diaspora form new lives in new settings and the idea of homeland becomes one important, but not the only, source of identity. Ultimately though, Schulz argues, the strong attachment to Palestine makes the diaspora crucial in any understandings of how to formulate a viable strategy for peace between Israelis and Palestinians.

The Jerusalem Talmud Jacob Neusner 2010-07-30 "The Jerusalem Talmud," or "Yerushalmi," or "Talmud of the Land of Israel," is a commentary on the oral law (the Mishnah) of Israel that ties that oral law to the written law (the Torah, the Hebrew Scripture). Completed about 200 years prior to "The Babylonian Talmud (Bavli)", it records the first such compilation of Jewish scholarly thought. Jacob Neusner completed this monumental American
translation and commentary of "The Jerusalem Talmud" in the last decade, but until now it has been expensive and difficult to obtain. Now all thirty-nine Yerushalmi tractates as translated by Professor Neusner and Tzvee Zahavy have been brought together in this CD-ROM. In addition to a preface and general introduction to the whole work, Professor Neusner has provided fresh and helpful introductions to each of the tractates. He has also provided within his translation the references to Bible verses alluded to in the "Yerushalmi." This electronic edition contains the full content of the translation, commentary on most of the tractates, and introductions to each. Enabling instantaneous searches by word or phrase, it has exceptional research capabilities—and opens swift avenues for exploration and discovery.

**Hell Hath No Fury** Rosalind Miles 2008-02-26
An engaging collection that uncovers injustices in history and overturns misconceptions about the role of women in war. When you think of war, you think of men, right? Not so fast. In Hell Hath No Fury, Rosalind Miles and Robin Cross prove that although many of their stories have been erased or forgotten, women have played an integral role in wars throughout history. In witty and compelling biographical essays categorized and alphabetized for easy reference, Miles and Cross introduce us to war leaders (Cleopatra, Elizabeth I, Margaret Thatcher); combatants (Molly Pitcher, Lily Litvak, Tammy Duckworth); spies (Belle Boyd, Virginia Hall, Noor Inayat Khan); reporters and propagandists (Martha Gellhorn, Tokyo Rose, Anna Politkovskaya); and more. These are women who have taken action and who challenge our perceived notions of womanhood. Some will be familiar to readers, but most will not, though their deeds during wartime were every bit as important as their male contemporaries’ more heralded contributions.

**Reconstructing the War Injured Patient** Ghassan Soleiman Abu-Sittah 2017-07-24
This text provides a comprehensive and state-of-the-art approach to reconstruction of the war injured patient tailored to the types of injuries and patients mostly encountered from the Arab region over the past few years at the American University of Beirut Medical Center, one of the largest tertiary care and referral centers in the area and its affiliated hospitals. The book discusses in detail evidence of literature, new research data and new perspectives about the management and reconstruction of all types of injuries: ophthalmic, head and neck, upper and lower limb bone and soft tissue trauma, trunk, visceral and urogenital injuries as well as vascular and central and peripheral nerve injuries. It also highlights the social burden of these injuries as well as the importance of rehabilitation and psychological support for the war injured. The most recent findings of the change in the microbiology of these wounds and their treatment modifications are also discussed. Reconstructing the War Injured Patient will serve as a valuable resource for surgeons, clinicians and researchers dealing with and interested in the multiple facets of current war casualty care all the way from the battlefields to the long-term chronic rehabilitation. It includes concise yet comprehensive overviews of the current status of the war casualty patient reconstruction domain. It will help guide patient management based on evidence from literature, clinical and surgical experience and ongoing research. It will also help stimulate investigative efforts in this dynamic and active field of war medicine.

The six authors: Ang Swee Chai, Francis Khoo Kah Siang, Tan Wah Piow, Tsui Hon Kwong, Tang Fong Har and Ho Juan Thai speak of their narrow escapes in the 1970s and 1980s, and their lives then and now with frankness, humour and sadness, but always with optimism and hope for Singapore and the world.

**From Beirut to Jerusalem** Thomas L. Friedman 2010-04-01
This revised edition of the number-one bestseller and winner of the 1989 National Book Award includes the Pulitzer Prize-winning author’s new, updated epilogue. One of the most thought-provoking books ever written about the Middle East, From Beirut to Jerusalem remains vital to our understanding of this complex and volatile region of the world. Three-time Pulitzer Prize winner Thomas L. Friedman drew upon his
ten years of experience reporting from Lebanon and Israel to write this now-classic work of journalism. In a new afterword, he updates his journey with a fresh discussion of the Arab Awakenings and how they are transforming the area, and a new look at relations between Israelis and Palestinians, and Israelis and Israel. Rich with anecdote, history, analysis, and autobiography, From Beirut to Jerusalem will continue to shape how we see the Middle East for many years to come. "If you're only going to read one book on the Middle East, this is it."--Seymour M. Hersh

The Pursuit of Europe Anthony Pagden 2022-01-13 The European Union, we are told, is facing extinction. Most of those who believe that, however, have no understanding of how, and why, it became possible to imagine that the diverse peoples of Europe might be united in a single political community. The Pursuit of Europe tells the story of the evolution of the 'European project', from the end of the Napoleonic Wars, which saw the earliest creation of a 'Concert of Europe', right through to Brexit. The question was how, after centuries of internecine conflict, to create a united Europe while still preserving the political legal and cultural integrity of each individual nation. The need to find an answer to this question became more acute after two world wars had shown that if the nations of Europe were to continue to play a role in the world they could now only do so together. To achieve that, however, they had to be prepared to merge their zealously-guarded sovereign powers into a new form of transnational constitutionalism. This, the European Union has tried to do. Here, Anthony Pagden argues that it has created not as its enemies have claimed, a 'super-state' but a new postnational order united in a political life based, not upon the old shibboleths of nationalism and patriotism, but upon a common body of values and aspirations. It is this, argues Pagden, that will allow the Union to defeat its political
enemies from within, and to overcome the difficulties, from mass migration to the pandemic, which it faces from without. But it will only succeed in doing so if it also continues to evolve as it has over the past two centuries.

**Beirut39** Samuel Shimon 2012-03-15 ‘Beirut39’ is a Hay Festival project which aims to select and celebrate 39 of the best young Arab writers as a centrepiece of the Beirut World Capital festivities in April 2010. **Longitudes and Attitudes** Thomas L. Friedman 2003-08-12 From the Pulitzer Prize-winning New York Times columnist and bestselling author of From Beirut to Jerusalem and The Lexus and the Olive Tree comes this smart, penetrating, brilliantly informed book that is indispensable for understanding today’s radically new world and America’s complex place in it. Thomas L. Freidman received his third Pulitzer Prize in 2002 “for his clarity of vision, based on extensive reporting, in commenting on the worldwide impact of the terrorist threat.” In Longitudes and Attitudes he gives us all of the columns he has published about the most momentous news story of our time, as well as a diary of his private experiences and reflections during his post–September 11 travels. Updated for this new paperback edition, with over two years’ worth of Friedman’s columns and an expanded version of his diary, Longitudes and Attitudes is a broadly influential work from our most trusted observer of the international scene.

**Pity the Nation** Robert Fisk 2001-10-25 Pity the Nation ranks among the classic accounts of war in our time, both as historical document and as an eyewitness testament to human savagery. Written by one of Britain’s foremost journalists, this remarkable book combines political analysis and war reporting in an unprecedented way: it is an epic account of the Lebanon conflict by an author who has personally witnessed the carnage of Beirut for over a decade. Fisk’s book recounts the details of a terrible war but it also tells a story of betrayal and illusion, of Western blindness that had led inevitably to political and military catastrophe. Updated and revised, Fisk’s book gives us a further insight into this troubled part of the world. ‘Robert Fisk is one of the outstanding reporters of this generation. As a war correspondent he is unrivalled.’ Edward Mortimer, Financial Times

**Philosophical Perspectives on the Israeli-Palestinian Conflict** Tomis Kapitan 2015-06-11

This volume addresses a number of philosophical problems that arise in consideration of the century-old conflict between Israeli Jews and Palestinian Arabs. Consisting of essays by fifteen contributors (including both Israeli and Palestinian philosophers) and a lengthy introduction by the editor, it deals with rights to land, sovereignty, self-determination, the existence and legitimacy of states, cultural prejudice, national identity, intercommunal violence, and religious intransigence.
