**Frankly, My Dear** Molly Haskell 2010-02-01 Haskell keeps both novel and movie at hand, moving from one to the other, comparing and distinguishing what Margaret Mitchell expresses from what obsessive producer David O. Selznick, directors George Cukor and Victor Fleming, screenplaywrights Sidney Howard and a host of fixers (including Ben Hecht and Scott Fitzgerald), and actors Vivien Leigh, Clark Gable, Hattie McDaniel, and others convey. She emphasizes the contributions of Selznick, Leigh, and in an entire chapter, Mitchell, drawing heavily and analytically on existing biographies, the literature of women and the Civil War, Civil War films (especially Birth of a Nation and Jezebel), and film criticism to such engaging effect as to not just revisit GWTW but to revive and intensify the enduring fascination of what Selznick dubbed the American Bible. --Olson, Ray Copyright 2009 Booklist.

**Cinematernity** Lucy Fischer 2014-07-14 Noting that motherhood is a common metaphor for film production, Lucy Fischer undertakes the first investigation of how the topic of motherhood presents itself throughout a wide range of film genres. Until now discussions of maternity have focused mainly on melodramas, which, along with musicals and screwball comedies, have traditionally been viewed as "women's" cinema. Fischer defies gender-based classifications to show how motherhood has played a fundamental role in the overall cinematic experience. She argues that motherhood is often treated as a site of crisis--for example, the mother being blamed for the ills afflicting her offspring--then shows the tendency of certain genres to specialize in representing a particular social or psychological dimension in the thematics of maternity. Drawing on social history and various cultural theories, Fischer first looks at Rosemary's Baby to show the prevalence of childbirth themes in horror films. In crime films (White Heat), she sees the linkage of male deviance and mothering. The Hand That Rocks the Cradle and The Guardian, both occult thrillers, uncover cultural anxieties about working mothers. Her discussion covers burlesques of male mothering, feminist documentaries on the mother-daughter relationship, trick films dealing with procreative metaphors, and postmodern films like High Heels, where fluid sexuality is the theme. These films tend to treat motherhood as a locus of irredeemable conflict, whereas History and Memory and High Tide propose a more sanguine, dynamic, and enabling view. Originally published in 1996. **Seeing Film and Reading Feminist Theology** U. Vollmer 2007-09-03 Using feminist theory and examining films that describe women artists who see others through the lens of feminist theology, this book puts forward an original view of the act of seeing as an ethical activity - a gesture of respect for and belief in another person's visible and invisible sides, which guarantees the safekeeping of the Other's memory.

**Breath, Eyes, Memory** Edwidge Danticat 2003-07-01 At the age of twelve, Sophie Caco is sent from her impoverished village of Croix-des-Rosets to New York, to be reunited with a mother she barely remembers. There she discovers secrets that no child should ever know, and a legacy of shame that can be healed only when she returns to Haiti--to the women who first reared her. What ensues is a passionate journey through a landscape charged with the supernatural and scarred by political violence, in a novel that bears witness to the traditions, suffering, and wisdom of an entire people.

**Female Chauvinist Pigs** Ariel Levy 2005-09-13 A classic work on gender culture exploring how the women's movement has evolved to Girls Gone Wild in a new, self-imposed chauvinism. In the tradition of Susan Faludi's Backlash and Naomi Wolf's The Beauty Myth, New York Magazine writer Ariel Levy studies the effects of modern feminism on women today. Meet the Female Chauvinist Pig--the new brand of "empowered woman" who wears the Playboy bunny as a talisman, bares all for Girls Gone Wild, pursues casual sex as if it were a sport, and embraces "raunch culture" wherever she finds it. If male chauvinist pigs of years past thought of women as pieces of meat, Female Chauvinist Pigs of today are doing them one better, making sex objects of other women--and of themselves. They think they're being brave, they think they're being funny, but in Female Chauvinist Pigs, Ariel Levy asks if the joke is on them. In her quest to uncover why this is happening, Levy interviews college women who flash for the cameras on spring break and teens raised on Paris Hilton and breast implants. She examines a culture in which every music video seems to feature a stripper on a pole, the memoirs of porn stars are climbing the bestseller lists, Olympic athletes parade their Brazilian bikini waxes in the pages of Playboy, and thongs are marketed to prepubescent girls. Levy meets the high-powered women who create raunch culture--the new oinking women warriors of the corporate and entertainment worlds who eagerly defend their efforts to be "one of the guys." And she traces the history of this trend back to conflicts between the women's movement and the sexual revolution long left unresolved. Levy pulls apart the myth of the Female Chauvinist Pig and argues that what has come to pass for liberating rebellion is actually a kind of limiting conformity. Irresistibly witty and wickedly intelligent, Female Chauvinist Pigs makes the case that the rise of raunch does not represent how far women have come, it only proves how far they have left to go.

**The Bond of the Furthest Apart** Sharon Cameron 2017-04-10 In the French filmmaker Robert Bresson's cinematography, the linkage of fragmented, dissimilar images challenges our assumption that we know either what things are in themselves or the infinite ways in which they are entangled. The "bond" of Sharon Cameron's title refers to the astonishing connections found both within Bresson's films and across literary works by Tolstoy, Dostoevsky, and Kafka, whose visionary rethinking of experience are akin to Bresson's in their resistance to all forms of abstraction and classification that segregate aspects of reality. Whether exploring Bresson's efforts to reassess the limits of human reason and will, Dostoevsky's subversions of Christian conventions, Tolstoy's incompatible beliefs about death, or Kafka's focus on creatures neither human nor animal, Cameron illuminates how the repeated juxtaposition of disparate, even antithetical, phenomena calls out new approaches to defining the essence of being, one where the very nature of fixed categories is brought into question. An innovative look at a classic French auteur and three giants of European literature, The Bond of the Furthest Apart will interest scholars of literature, film, ethics, aesthetics, and anyone drawn to an experimental venture in critical thought.

**My Brother My Sister** Molly Haskell 2013-09-05 A feminist film critic's thoughtful, outspoken

memoir about transgender and family On a visit to New York, the brother of well-known film critic Molly Haskell dropped a bombshell: Nearing age sixty, and married, he had decided to become a woman. In the vein of Jan Morris's classic Conundrum and Jennifer Finney Boylan's She's Not There, a transgender memoir, Haskell's My Brother My Sister gracefully explores a delicate subject, this time from the perspective of a family member. Haskell chronicles her brother Chevey's transformation through a series of psychological evaluations, grueling surgeries, drug regimens, and comportment and fashion lessons as he becomes Ellen. Despite Haskell's liberal views on gender roles, she was dumbfounded by her brother's decision. With candor and compassion, she charts not only her brother's journey to becoming her sister, but also her own path from shock, confusion, embarrassment, and devastation to acceptance, empathy, and love. Haskell widens the lens on her brother's story to include scientific and psychoanalytic views. In an honest, informed voice, she has revealed the controversial world of gender reassignment and transsexuals from both a personal and a social perspective in this frank and moving memoir.

**Sleeping with Strangers** David Thomson 2020-01-14 In this wholly original work of film criticism, David Thomson, celebrated author of The Biographical Dictionary of Film, probes the many ways in which sexuality has shaped the movies--and the ways in which the movies have shaped sexuality. Exploring the tangled notions of masculinity, femininity, beauty, and sex that characterize our cinematic imagination--and drawing on examples that range from advertising to pornography, Bonnie and Clyde to Call Me by Your Name--Thomson illuminates how film as art, entertainment, and business has historically been a polite cover for a kind of erotic séance. In so doing, he casts the art and the artists we love in a new light, and reveals how film can both expose the fault lines in conventional masculinity and point the way past it, toward a more nuanced understanding of what it means to be a person with desires.

**Feminist Film Studies** Janet McCabe 2005-01-19 An introduction to feminist film theory as a discourse from the early seventies to the present. McCabe traces the broad ranging theories produced by feminist film scholarship, from formalist readings and psychoanalytical approaches to debates initiated by cultural studies, race and queer theory.

**Media and Violence** Karen Boyle 2005-01-01 Media and Violence pays equal attention to the production, content and reception involved in any representation of violence. This book offers a framework for understanding how violence is represented and consumed. It examines the relationship of media, gender, and real-world violence; representations of violence in screen entertainment; the effects of violent media on consumers; the ethics and gender politics of the production processes of screen violence; and the discussions are illustrated with topical and well-known examples, enabling the reader to critically engage with the debates.

**Feminist Film Theory and Cléo from 5 to 7** Hilary Neroni 2016-01-28 The Film Theory in Practice series fills a gaping hole in the world of film theory. By marrying the explanation of a film theory with the interpretation of a film, the volumes provide discrete examples of how film theory can serve as the basis for textual analysis. Feminist Film Theory and Cléo from 5 to 7 offers a concise introduction to feminist film theory in jargon-free language and shows how this theory can be deployed to interpret Agnes Varda's critically acclaimed 1962 film Cléo from 5 to 7. Hilary Neroni employs the methodology of looking for a feminist alternative among female-oriented films. Through three key concepts-identification, framing the woman's body, and the female auteur-Neroni lays bare the debates and approaches within the vibrant history of feminist film theory, providing a point of entry to feminist film theory from its inception to today. Picking up one of the currents in feminist film theory - that of looking for feminist alternatives among female-oriented films - Neroni traces feminist responses to the contradictions inherent in most representations of women in film, and she details how their responses have intervened in changing what we see on the screen.

**A Star Is Born** Ronald Haver 2002 (Applause Books). "There is no book about Hollywood as riveting as this documentary." - Allan Carr, Vanity Fair There is no question that the 1954 version of A STAR IS BORN holds a special place in the pantheon of classic movies. It was director George Cukor's first foray into musicals, his first color film, and it was, without a doubt, Judy Garland's greatest screen performance. With incredible detail and color, Ronald Haver gives us the fascinating story of the making, marketing and restoration of this groundbreaking classic. Here is how producer Sid Luft orchestrated the deal for his wife, how Cukor was selected to direct, how James Mason was cast to co-star and how Moss Hart's script was developed. Here are the myriad technical problems, the clashes of personalities and the shocking emotional ups and downs of the film's star. Here, finally, is the author's own mission to restore the film to its original length and glory in the 1980s.

**Complicated Women** Mick LaSalle 2014-08-05 Between 1929 and 1934, women in American cinema were modern! For five short years women in American cinema were modern! They took lovers, had babies out of wedlock, got rid of cheating husbands, enjoyed their sexuality, led unapologetic careers and, in general, acted the way many think women only acted after 1968. Before then, women on screen had come in two varieties - good or bad - sweet ingenue or vamp. Then two stars came along to blast away these common stereotypes. Garbo turned the femme fatale into a woman whose capacity for love and sacrifice made all other human emotions seem pale. Meanwhile, Norma Shearer succeeded in taking the ingenue to a place she'd never been: the bedroom. Garbo and Shearer took the stereotypes and made them complicated. In the wake of these complicated women came others, a deluge of indelible stars - Constance Bennett, Ruth Chatterton, Mae Clarke, Claudette Colbert, Marlene Dietrich, Kay Francis, Ann Harding, Jean Harlow, Miriam Hopkins, Dorothy Mackaill, Barbara Stanwyck, Mae West and Loretta Young all came into their own during the pre-Code era. These women pushed the limits and shaped their images along modern lines. Then, in July 1934, the draconian Production Code became the law in Hollywood and these modern women of the screen were banished, not to be seen again until the code was repealed three decades later. Mick LaSalle, film critic for the San Francisco Chronicle, takes readers on a tour of pre-Code films and reveals how this was the true golden age of women's films and how the movies of the pre-Code are still worth watching. The bold, pioneering and complicated women of the pre-Code era are about to take their place in the pantheon of film history, and America is about to reclaim a rich legacy.

**In the Company of Women** Karen Hollinger From Desperately Seeking Susan, Steel Magnolias, and Thelma & Louise to Desert Hearts, Girl Friends, and Passion Fish, mainstream cinema has seen a wave of films focusing on friendships between women. In tire Company of Women is the first critical work to investigate the recent resurgence of this variety of the "woman's film". Examining the female friendship film since the 1970s and setting it against older films of the 1930s and 1940s, such as Mildred Pierce and Stella Dallas, Karen Hollinger studies the character of the films themselves and how they speak to female viewers. She argues that while many of these films initially seem to affirm the power of female friendship and reject traditional images of women, most of them ultimately fall back on conventional feminine roles. Hollinger argues that the female friendship film, by attempting to assimilate into the mainstream, uses ideas from the women's movement, like female autonomy and sisterhood, that are particularly susceptible to compromise. It is this blend of empowering and conservative elements that makes the female friendship film neither a true challenge to the status quo nor a mere confirmation of dominant ideology but rather a multifaceted cinematic form that reflects both of these strains.

Hollinger considers all of the major issues in feminist film criticism -- from audience reception to the identification with characters, from sexuality to racial identity. Engaging and provocative, *In the Company of Women* is an entertaining and enlightening account of one of contemporary cinema's most vital genres.

**How Did Lubitsch Do It?** Joseph McBride 2018-06-26 Orson Welles called Ernst Lubitsch (1892-1947) "a giant" whose "talent and originality are stupefying." Jean Renoir said, "He invented the modern Hollywood." Celebrated for his distinct style and credited with inventing the classic genre of the Hollywood romantic comedy and helping to create the musical, Lubitsch won the admiration of his fellow directors, including Alfred Hitchcock and Billy Wilder, whose office featured a sign on the wall asking, "How would Lubitsch do it?" Despite the high esteem in which Lubitsch is held, as well as his unique status as a leading filmmaker in both Germany and the United States, today he seldom receives the critical attention accorded other major directors of his era. *How Did Lubitsch Do It?* restores Lubitsch to his former stature in the world of cinema. Joseph McBride analyzes Lubitsch's films in rich detail in the first in-depth critical study to consider the full scope of his work and its evolution in both his native and adopted lands. McBride explains the "Lubitsch Touch" and shows how the director challenged American attitudes toward romance and sex. Expressed obliquely, through sly innuendo, Lubitsch's risqué, sophisticated, continental humor engaged the viewer's intelligence while circumventing the strictures of censorship in such masterworks as *The Marriage Circle*, *Trouble in Paradise*, *Design for Living*, *Ninotchka*, *The Shop Around the Corner*, and *To Be or Not to Be*. McBride's analysis of these films brings to life Lubitsch's wit and inventiveness and offers revealing insights into his working methods.

**From Reverence to Rape** Molly Haskell 2016-10-05 A revolutionary classic of feminist cinema criticism, Molly Haskell's *From Reverence to Rape* remains as insightful, searing, and relevant as it was the day it was first published. Ranging across time and genres from the golden age of Hollywood to films of the late twentieth century, Haskell analyzes images of women in movies, the relationship between these images and the status of women in society, the stars who fit these images or defied them, and the attitudes of their directors. This new edition features both a new foreword by New York Times film critic Manohla Dargis and a new introduction from the author that discusses the book's reception and the evolution of her views.

**Migrating to the Movies** Jacqueline Najuma Stewart 2005-03-28 The rise of cinema as the predominant American entertainment around the turn of the last century coincided with the migration of hundreds of thousands of African Americans from the South to the urban "land of hope" in the North. This richly illustrated book, discussing many early films and illuminating black urban life in this period, is the first detailed look at the numerous early relationships between African Americans and cinema. It investigates African American migrations onto the screen, into the audience, and behind the camera, showing that African American urban populations and cinema shaped each other in powerful ways. Focusing on Black film culture in Chicago during the silent era, *Migrating to the Movies* begins with the earliest cinematic representations of African Americans and concludes with the silent films of Oscar Micheaux and other early "race films" made for Black audiences, discussing some of the extraordinary ways in which African Americans staked their claim in cinema's development as an art and a cultural institution.

**Women and Their Sexuality in the New Film** Joan Mellen 1975

**Reel Knockouts** Martha McCaughey 2010-01-01 When Thelma and Louise outfought the men who had tormented them, women across America discovered what male fans of action movies have long known—the empowering rush of movie violence. Yet the duo's escapades also provoked censure across a wide range of viewers, from conservatives who felt threatened by the up-ending of women's traditional roles to feminists who saw the pair's use of male-style violence as yet another instance of women's co-option by the patriarchy. In the first book-length study of violent women in movies, *Reel Knockouts* makes feminist sense of violent women in films from Hollywood to Hong Kong, from top-grossing to direct-to-video, and from cop-action movies to X-rated skin flicks. Contributors from a variety of disciplines analyze violent women's respective places in the history of cinema, in the lives of viewers, and in the feminist response to male violence against women. The essays in part one, "Genre Films," turn to film cycles in which violent women have routinely appeared. The essays in part two, "New Bonds and New Communities," analyze movies singly or in pairs to determine how women's movie brutality fosters solidarity amongst the characters or their audiences. All of the contributions look at films not simply in terms of whether they properly represent women or feminist principles, but also as texts with social contexts and possible uses in the re-construction of masculinity and femininity.

**Uninvited** Patricia White 1999 Lesbian characters, stories, and images were barred from onscreen depiction in Hollywood films from the 1930s to the 1960s together with all forms of "sex perversion." Through close readings of gothics, ghost films, and maternal melodramas addressed to female audiences, *Uninvited* argues that viewers are "invited" to make lesbian "inferences." Looking at the lure of some of the great female star personae (in films such as *Rebecca*, *Pinky*, *The Old Maid*, *Queen Christina*, and *The Haunting*) and at the visual coding of supporting actresses, it identifies lesbian spectatorial strategies. White's archival research, textual analyses, and novel theoretical insights make an important contribution to film, lesbian, and feminist studies. Book jacket.

**Love and Other Infectious Diseases** Molly Haskell 2000 My husband awoke one night with a fever of 105.9. I rushed him to the Emergency room of a New York hospital, and there began a six month drama in which doctors tried to figure out what was wrong with him, while I alternated between hope and despair. For the three months that Andrew remained critically ill and deranged, hallucinating most of the time, he was no longer the lover, friend, fellow critic and confidant I was used to. Eleven years my senior, Andrew had been my mentor as a writer and established film critic, and now I might be on my own. Terrified by the possibility of Andrew's death and forced by that terror to look inward, I began to see the extent of my dependency on a marriage that had seemed perfectly equal, perfect in fact. I think of the book as both a thriller and love story: a hospital suspense melodrama as it tracks the ups and downs of a husband's illness, and the memoir of a marriage that focuses on my own spiritual and psychological journey.

**Steven Spielberg** Molly Haskell 2017-01-03 A film-centric portrait of the extraordinarily gifted movie director whose decades-long influence on American popular culture is unprecedented. Everything about me is in my films, Steven Spielberg has said. Taking this as a key to understanding the hugely successful moviemaker, Molly Haskell explores the full range of Spielberg's works for the light they shine upon the man himself. Through such powerhouse hits as *Close Encounters of the Third Kind*, *E.T.*, *Jurassic Park*, and *Indiana Jones*, to lesser-known masterworks like *A.I. and Empire of the Sun*, to the haunting *Schindler's List*, Haskell shows how Spielberg's uniquely evocative filmmaking and story-telling reveal the many ways in which his life, work, and times are entwined. Organizing chapters around specific films, the distinguished critic discusses how Spielberg's childhood in non-Jewish suburbs, his parents' traumatic divorce, his return to Judaism upon his son's birth, and other events echo in his work. She offers a brilliant portrait of the extraordinary director a fearful boy living through his imagination who grew into a man whose openness, generosity of spirit, and creativity have enchanted audiences for more than 40 years.

**Seduced By Mrs. Robinson** Beverly Gray 2017-11-07 An in-depth look at the making of the classic movie and its effect on filmmaking and society. When *The Graduate* premiered in December 1967, its filmmakers had only modest expectations for what seemed to be a small, sexy art-house comedy adapted from an obscure first novel by an eccentric twenty-four-year-old. There was little indication that this offbeat story—a young man just out of college has an affair with one of his parents' friends and then runs off with her daughter—would turn out to be a monster hit, with an extended run in theaters and seven Academy Award nominations. The film catapulted an unknown actor, Dustin Hoffman, to stardom with a role that is now permanently engraved in our collective memory. While turning the word plastics into shorthand for soulless work and a corporate, consumer culture, *The Graduate* sparked a national debate about what was starting to be called "the generation gap." In celebration of the film's fiftieth birthday, author Beverly Gray offers a smart close reading of the film as well as vivid, never-before-revealed details from behind the scenes of the production—including all the behind-the-scenes drama and decision-making. For movie buffs and pop culture fanatics, *Seduced by Mrs. Robinson*

illuminates *The Graduate's* huge influence on the future of filmmaking. And it explores how this unconventional movie rocked the late-sixties world, both reflecting and changing the era's views of sex, work, and marriage. An Amazon Best Book of the Month "[Gray] writes smartly and insightfully. . . . The book . . . offers a fascinating look at how this movie tells a timeless story."

**Inventing the It Girl: How Elinor Glyn Created the Modern Romance and Conquered Early Hollywood** Hilary A. Hallett 2022-07-26 A Publishers Weekly Summer Reads Selection The modern romance novel is elevated to a subject of serious study in this addictively readable biography of pioneering celebrity author Elinor Glyn. Unlike typical romances, which end with wedding bells, Elinor Glyn's (1864-1943) story really began after her marriage up the social ladder and into the English gentry class in 1892. Born in the Channel Islands, Elinor Sutherland, like most Victorian women, aspired only to a good match. But when her husband, Clayton Glyn, gambled their fortune away, she turned to her pen and boldly challenged the era's sexually straightjacketed literary code with her notorious *succes de scandale*, *Three Weeks* (1907). An intensely erotic tale about an unhappily married woman's sexual education of her young lover, the novel got Glyn banished from high society but went on to sell millions, revealing a deep yearning for a fuller account of sexual passion than permitted by the British aristocracy or the Anglo-American literary establishment. In elegant prose, Hilary A. Hallett traces Glyn's meteoric rise from a depressed society darling to a world-renowned celebrity author who consorted with world leaders from St. Petersburg to Cairo to New York. After reporting from the trenches during World War I, the author was lured by American movie producers from Paris to Los Angeles for her remarkable third act. Weaving together years of deep archival research, Hallett movingly conveys how Glyn, more than any other individual during the Roaring Twenties, crafted early Hollywood's glamorous romantic aesthetic. She taught the screen's greatest leading men to make love in ways that set audiences aflame, and coined the term "It Girl," which turned actress Clara Bow into the symbol of the first sexual revolution. With *Inventing the It Girl*, Hallett has done nothing less than elevate the origins of the modern romance genre to a subject of serious study. In doing so, she has also reclaimed the enormous influence of one of Anglo-America's most significant cultural tastemakers while revealing Glyn's life to have been as sensational as any of the characters she created on the page or screen. The result is a groundbreaking portrait of a courageous icon of independence who encouraged future generations to chase their desires wherever they might lead.

**Seeing Like a Feminist** Nivedita Menon 2012-12-01 THE WORLD THROUGH A FEMINIST LENS For Nivedita Menon, feminism is not about a moment of final triumph over patriarchy but about the gradual transformation of the social field so decisively that old markers shift forever. From sexual harassment charges against international figures to the challenge that caste politics poses to feminism, from the ban on the veil in France to the attempt to impose skirts on international women badminton players, from queer politics to domestic servants' unions to the Pink Chaddi campaign, Menon deftly illustrates how feminism complicates the field irrevocably. Incisive, eclectic and politically engaged, *Seeing like a Feminist* is a bold and wide-ranging book that reorders contemporary society.

**Hunting Girls** Kelly Oliver 2016-05-24 Katniss Everdeen (*The Hunger Games*), Bella Swan (*Twilight*), Tris Prior (*Divergent*), and other strong and resourceful characters have decimated the fairytale archetype of the helpless girl waiting to be rescued. Giving as good as they get, these young women access reserves of aggression to liberate themselves—but who truly benefits? By meeting violence with violence, are women turning victimization into entertainment? Are they playing out old fantasies, institutionalizing their abuse? In *Hunting Girls*, Kelly Oliver examines popular culture's fixation on representing young women as predators and prey and the implication that violence—especially sexual violence—is an inevitable, perhaps even celebrated, part of a woman's maturity. In such films as *Kick-Ass* (2010), *The Girl with the Dragon Tattoo* (2011), and *Maleficent* (2014), power, control, and danger drive the story, but traditional relationships of care bind the narrative, and even the protagonist's love interest adds to her suffering. To underscore the threat of these depictions, Oliver locates their manifestation of violent sex in the growing prevalence of campus rape, the valorization of woman's lack of consent, and the new urgency to implement affirmative consent apps and policies.

**Feminist Film Theory** Sue Thornham 1999-04 For the past twenty-five years, cinema has been a vital terrain on which feminist debates about culture, representation, and identity have been fought. This anthology charts the history of those debates, bringing together the key, classic essays in feminist film theory. Feminist Film Theory maps the impact of major theoretical developments on this growing field—from structuralism and psychoanalysis in the 1970s, to post-colonial theory, queer theory, and postmodernism in the 1990s. Covering a wide range of topics, including oppressive images, "woman" as fetishized object of desire, female spectatorship, and the cinematic pleasures of black women and lesbian women, *Feminist Film Theory* is an indispensable reference for scholars and students in the field. Contributors include Judith Butler, Carol J. Clover, Barbara Creed, Michelle Citron, Mary Ann Doane, Teresa De Lauretis, Jane Gaines, Christine Gledhill, Molly Haskell, bell hooks, Claire Johnston, Annette Kuhn, Julia Lesage, Judith Mayne, Tania Modleski, Laura Mulvey, B. Ruby Rich, Kaja Silverman, Sharon Smith, Jackie Stacey, Janet Staiger, Anna Marie Taylor, Valerie Walkerdine, and Linda Williams.

**Self-Made Man** Norah Vincent 2006-01-19 A journalist's provocative and spellbinding account of her eighteen months spent disguised as a man. Norah Vincent became an instant media sensation with the publication of *Self-Made Man*, her take on just how hard it is to be a man, even in a man's world. Following in the tradition of John Howard Griffin (*Black Like Me*), Vincent spent a year and a half disguised as her male alter ego, Ned, exploring what men are like when women aren't around. As Ned, she joined a bowling team, took a high-octane sales job, went on dates with women (and men), visited strip clubs, and even managed to infiltrate a monastery and a men's therapy group. At once thought-provoking and pure fun to read, *Self-Made Man* is a sympathetic and thrilling tour de force of immersion journalism.

**The Other Paris** Luc Sante 2015-10-27 "A vivid investigation into the seamy underside of nineteenth and twentieth century Paris"--

**Still** David S. Shields 2013-06-18 The success of movies like *The Artist* and *Hugo* recreated the wonder and magic of silent film for modern audiences, many of whom might never have experienced a movie without sound. But while the American silent movie was one of the most significant popular art forms of the modern age, it is also one that is largely lost to us, as more than eighty percent of silent films have disappeared, the victims of age, disaster, and neglect. We now know about many of these cinematic masterpieces only from the collections of still portraits and production photographs that were originally created for publicity and reference. Capturing the beauty, horror, and moodiness of silent motion pictures, these images are remarkable pieces of art in their own right. In the first history of still camera work generated by the American silent motion picture industry, David S. Shields chronicles the evolution of silent film aesthetics, glamour, and publicity, and provides unparalleled insight into this influential body of popular imagery. Exploring the work of over sixty camera artists, *Still* recovers the stories of the photographers who descended on early Hollywood and the stars and starlets who sat for them between 1908 and 1928. Focusing on the most culturally influential types of photographs—the performer portrait and the scene still—Shields follows photographers such as Albert Witzel and W. F. Seely as they devised the poses that newspapers and magazines would bring to Americans, who mimicked the sultry stares and dangerous glances of silent stars. He uncovers scene shots of unprecedented splendor—visions that would ignite the popular imagination. And he details how still photographs changed the film industry, whose growing preoccupation with artistry in imagery caused directors and stars to hire celebrated stage photographers and transformed cameramen into bankable names. **Phantom Lady** Christina Lane 2020-02-04 Winner of the Mystery Writers of America's 2021 Edgar Allan Poe Award for Best Critical/Biographical In 1933, Joan Harrison was a twenty-six-year-old former salesgirl with a dream of escaping both her stodgy London suburb and the dreadful prospect of settling down with one of the local boys. A few short years later, she was Alfred Hitchcock's confidante and one of the Oscar-nominated screenwriters of his first American film, *Rebecca*. Harrison had quickly grown from being the worst secretary Hitchcock ever had to one of his closest collaborators, critically shaping his brand as the "Master of Suspense." Harrison went on to produce numerous Hollywood features before becoming a television pioneer as the producer of *Alfred Hitchcock Presents*. A respected powerhouse, she acquired a singular reputation for running amazingly smooth productions— and defying anyone who posed an obstacle. She built most of her films and series from the ground up. She waged rough-and-tumble battles against executives and censors, and even helped to break the Hollywood blacklist. She teamed up with many of the most respected, well-known directors, writers, and actors of the twentieth century. And she did it all on her own terms. Author Christina Lane shows how this stylish, stunning woman became Hollywood's most powerful female writer-producer—one whom history has since overlooked.

**Popcorn Venus: Women, Movies & the American Dream** Marjorie Rosen 1973 Rosen's book, one of the first books written by a woman about women in film, is a first step in the right direction. Rosen slogged through endless reels of film from the 1900s to the present, carefully documenting significant and insignificant films from all periods. Her index lists hundreds of titles, and there is also an impressive bibliography about women, including articles from popular magazines and newspapers relevant to film images or to the position of women in society at various times. Rosen manages to give a brief description of each film's plot, and to capture in succinct phrases the essence of its style, tone, and attitude toward women. Rosen's lively style is ultimately responsible for the ease with which the book moves along. Her wit, irony and humor keep the reader interested. There is information about stars' lives, their relationships with directors, their attitudes to their careers. The text throughout is punctuated with thoughtfully

chosen remarks by stars, directors, and producers, and with quotations from popular magazines about what women are or should be. Rosen attempts to account for the changes in female images in terms of women's place in society at any one time.

**Stealing the Show** Joy Press 2019-03-19 From a leading cultural journalist, the definitive cultural history of female showrunners—including exclusive interviews with such influential figures as Shonda Rhimes, Amy Sherman-Palladino, Mindy Kaling, Amy Schumer, and many more. "An urgent and entertaining history of the transformative powers of women in TV" (Kirkus Reviews, starred review). But it took decades of determination in the face of outright exclusion to reach this new era. In this "sharp, funny, and gorgeously researched" (Emily Nussbaum, *The New Yorker*) book, veteran journalist Joy Press tells the story of the maverick women who broke through the barricades and the iconic shows that redefined the television landscape starting with Diane English and Roseanne Barr—and even incited controversy that reached as far as the White House. Drawing on a wealth of original interviews with the key players like Amy Sherman-Palladino (*Gilmore Girls*), Jenji Kohan (*Orange Is the New Black*), and Jill Soloway (*Transparent*) who created storylines and characters that changed how women are seen and how they see themselves, this is the exhilarating behind-the-scenes story of a cultural revolution.
