Underground Suelette Dreyfus 2012-01-03 Suelette Dreyfus and her co-author, Wikileaks founder Julian Assange, tell the
extraordinary true story of the computer underground, and the bizarre lives and crimes of an elite ring of international
hackers who took on the establishment. Spanning three continents and a decade of high level infiltration, they created
chaos amongst some of the world's biggest and most powerful organisations, including NASA and the US military. Brilliant
and obsessed, many of these found themselves addicted to hacking and phreaking. Some descended into drugs and madness,
others ended up in jail. As riveting as the finest detective novel and meticulously researched, Underground follows the
hackers through their crimes, their betrayals, the hunt, raids and investigations. It is a gripping tale of the digital
underground.
Adventure Tourism Colin Beard 2012-05-16 Looking at the past, present and future of adventure tourism, Adventure
Tourism: the new frontier examines the product, the adventure tourist profile, and issues such as supply, geography and
sustainability. International case studies are used to illustrate these issues, including: Gorilla watching holidays,
Trekking on Mount Everest, Diving holidays, and Outward Bound packages. Analysis of the development and nature
of adventure tourism accompanies these studies, ensuring that the title is useful both for undergraduate and
postgraduate students of tourism and for professionals involved in managing adventure tourism enterprises. There is also
a companion website with additional cases, which can be found at www.bloomsbury.com/companions/0750651865.
First Frontier Paul Heisel 2004-04-01 The year is 2015. The USA is about to put men on Mars. The Frontier Project is
nearly complete. Or is it? Moments before lift off, the project is in peril - ripe to be sold to the highest bidder. Private
industry will make it to Mars to unlock her secrets. Only the Deputy Director of the Frontier Project, Vicky
Hawthorne, can expose the conspiracy. Killers lurk in the shadows, following her every move. They will find her. They will
kill her. Time is running out. At NASA Langley Research Center, three scientists make a startling discovery. A computer
tape from the Viking Missions indicates a previously discovered - then covered up - piece of data. Before the scientists
can begin the analysis of the complex metal, they are silenced. Halfway across the world on the remote island of Pohnpei,
her unexpected softening comes overwhelming feelings of unworthiness and fear. And so Angel runs. Back to the darkness,
away from her husband's pursuing love, terrified of the truth she no longer can deny: her final healing must come from
her who lovers her even more than Michael does . . . the One who will never let her go. A powerful retelling of the story of
