alternative dispute resolution (ADR) mechanisms. Building on the case law of the CJEU, the book shows the conditions under which the breach of MiFID II conduct of business
procedures, internal review systems, ombuds, administrative tribunals/adjudication, and other institutions play a vital role. Despite their importance to modern governance,
Unconscionability in European Private Financial Transactions
A Legal Theory for Autonomous Artificial Agents

Consumer law scholars all over the world. Stephen Weatherill, University of Oxford, UK

Consumer law and policy has emerged in the last half-century as a major policy arena for Europe and its member states. It is a richly interesting collection of essays, written by leading names in the field. It offers a thoroughly reliable survey of key tensions and challenges in modern consumer law in Europe and beyond, providing a comprehensive account of the development of consumer law and policy in the EU, the US, and other jurisdictions.

The Oxford Handbook of Corporate Reputation

is a fascinating effort in a dynamically emerging field of law! We are comprehensively informed about such bread and butter areas as advertising, unfair terms, consumer protection and information, comparative advertising, and related issues. The many facets of today's consumer law are presented to the reader, including developing countries and the impact of new technologies and information management.

Ellinger's Modern Banking Law

2011-07-21 This book looks at the UK banking in the context of general legal doctrines and banking regulation. It opens a broad discussion on financial services and deals with the impact of the global financial crisis.

The Handbook of Economic Crime

2010-07-20 The handbook covers a wide range of topics, from the history of economic crime to the current threats to economic security. It provides an up-to-date overview of the latest research in this field.

The Law Commission, R. E. Shapter & J. B. Proctor (eds.) 1997

Economic crime is a significant feature of the UK's economic landscape and yet despite the government’s bold mission to combat it, economic crime remains a major challenge.

The Oxford Handbook of Corporate Reputation

2013-03-14 Nearly all major global financial centres have developed systems of consumer financial dispute resolution. Such systems aim to assist parties to resolve a growing number of monetary disputes with financial institutions. How governments and self-regulatory organizations design and administer consumer financial dispute resolution mechanisms in the context of increasingly turbulent financial markets is a new area for research and practice. Consumer Financial Dispute Resolution in a Comparative Context presents contemporary research about the development and design of these mechanisms in Eastern Asia, North America and Europe. Using a comparative methodology and drawing on empirical findings from a multi-jurisdiction study, this book demonstrates the desirability of financial dispute resolution models, considers the structural variations between the objectives and administration systems and provides practical proposals for reform.

The Oxford Handbook of Corporate Reputation

2012-07-19 What does it mean to have a "good" or "bad" reputation? How does it create or destroy value? What makes companies change their reputation? Our author, a leading expert in the field, provides a comprehensive account of the current state of research and practice in corporate reputation.
