Plunkett's Companion to the Almanac of American Employers 2009 Jack W. Plunkett 2009-03-01 Plunkett's Companion to the Almanac of American Employers is the perfect complement to the highly-regarded main volume of The Almanac of American Employers. This mid-size firms companion book covers employers of all types from 100 to 2,500 employees in size (while the main volume covers companies of 2,500 or more employees). No other source provides such comprehensive company information to employers. Features eight additional industry chapters, including banking, finance, insurance, and legal services. You'll see the financial record of each firm, along with the impact of earnings, sales and growth plans on each company's potential to provide a lucrative and lasting employment opportunity. Nearly five hundred of the most successful mid-size corporate employers in America are analyzed in this book. Tens of thousands of pieces of information, gathered from a wide variety of sources, are then carefully reviewed to provide accurate company profiles, financial data and other vital statistics. This is a business reference desk tool for pros and serious hobbyists alike. It provides profiles of the 500 biggest, companies in the telecommunications industry. Official Gazette of the United States Patent and Trademark Office 2003 Communications by Alexander Moldovyan 2003 A systematic treatment of the most recent theories and practical solutions help you make better buying decisions and get more from technology.
communications revolution within automobiles and trucks. Meanwhile, RFID (radio frequency identification) will revolutionize wireless tracking, inventory and logistics at all levels, from manufacturing to shipping to retailing. These developments are creating challenges for legacy companies and opportunities for nimble marketers and managers. Plunkett's Wireless, Wi-Fi, RFID & Cellular Industry Almanac 2007 covers such sectors. Our coverage includes business trends analysis and industry statistics. We also include a wireless and cellular business glossary and a listing of industry contacts, such as industry associations and government agencies. Next, we profile hundreds of leading companies. Our company profiles, nearly 350, include complete business descriptions and up to 27 executives by name and title.
