Composition in the Classical Tradition

Francis J. D’Angelo 1999 Composition in the Classical Tradition borrows from late antiquity a series of composition exercises called the progymnasmata to teach the art of persuasion. The exercises apply an understanding of the invention and composition of arguments from ancient rhetoric to a writer’s own forms of persuasive communication. This book is structured to provide an effectively graded sequence of exercises, manageable at each step, from the simple to the more difficult and from the concrete to the abstract, within an explicit rhetorical framework. Learn how to compose an essay or a speech by first becoming proficient at its parts Composition in the Classical Tradition features a variety of ancient forms myths, historical episodes, descriptions, fables, proverbs, anecdotes, and speeches for readers to enjoy while learning how to write and speak persuasively. For anyone interested in composition and classical rhetoric.

The Historical Archaeology of Virginia from Initial Settlement to the Present

Clarence R. Geir 2017-02-10 The book includes six chapters that cover Virginia history from initial settlement through the 20th century plus one that deals with the important role of underwater archaeology. Written by prominent archaeologists with research experience in their respective topic areas, the chapters consider important sites of Virginia history and consider how the discipline of historical archaeology has addressed them and needs to address them. Changes in research strategy over time are discussed, and recommendations are made concerning the need to recognize the diverse and often differing roles and impacts that characterized the different regions of Virginia over the course of its historic past. Significant issues in Virginia history needing greater study are identified.
