The Aging of an Old Fart Randal Lee Gritzner 2019-05-24 There are many ways for a young boy to grow into a man. Randal Gritzner took his own unique path. His personality and character were influenced by many people. Many of those people offered good Christian influence, and some offered influence of less positive nature. Randal's parents were strong Christians with exceptional work ethic. Having all four strong Christian grandparents living within one mile offered additional foundation. Randal entered the US Navy with strong convictions that he would never drink alcoholic beverages. He did not live
up to those convictions. He became a pot-smoking, beer-drinking man very much the opposite of his intentions. Individuals do come to mind who offered such influence, but Randal made those decisions himself. Nobody else is to blame, but Randal himself. Part of becoming a teacher is learning how to learn. There are many ways to learn, and most universities that offer bachelor degrees in education spend huge amounts of time discussing learning styles. Some people are auditory learners, some are visual learners, and some are tactile-kinesthetic learners. Randal understands and uses all three methods but frequently chose to learn by making mistakes, feeling the pain, and deciding not to feel that pain again. Fortunately for him, he didn’t get caught in some of his worst mistakes. That would have changed his life so dramatically that he would have never gotten a job in a room full of teenagers or been loved by the "love of his life." How different would his life be had he never been allowed to teach? How different would his life be had Elvia never taken a second look at him in 1983? She was not looking for an immoral man lacking in integrity. Elvia is a strong Texas woman who doesn't need a man. She has proven to Randal that life with the right person can be incredibly richer than life alone!

Farming with Raymond CM Mary 2019-02-11 The picture I selected for the front cover of my book is our corn crib; I call it my gazebo. Raymond no longer needs it to store corn for his cows because they are gone. I would have posted it on Craigslist to sell it for him, but he says it isn’t worth the time or effort. It has been enjoyable working outside on this project when the weather isn’t too hot or cold. My neighbor Arnie Mancl wants me to send a picture to a Wisconsin magazine, which I will when that project gets to the top of my current to-do list.

Elite and True James L. Barnhart 2022-08-09 

Begin your journey to increased personal and professional productivity and strengthened workforce morale as you apply elite leadership lessons Inspiring, educational, and entertaining, Elite and True translates James Barnhart’s real-life experiences in the US Navy’s Officer Candidate School, Nuclear Power School, and submarine service into deeper leadership insights than most people will ever experience in their entire careers. Barnhart deftly transforms his own military experiences into a broad format that readers can apply to general leadership situations in their own lives. Many people seem to confuse leadership and management, or to incorrectly use the two terms interchangeably. As one officer succinctly stated to distinguish leadership from management, “You lead people, while you manage things.” Never confuse management of assets, budgets, projects, or any inanimate object with leadership of cognizant, sentient, emotional human beings. To lead is to inspire people to perform. To manage is to measure and prioritize actions. The skills necessary for management differ markedly from those of leadership. Whenever you’re unsure of an answer, there is no better response than, “I do not know, but I will find out.” This is the universal right answer. To hazard an unqualified guess can mislead the inquirer, and the basic “I don’t know” is insufficient. The key is to honestly admit to not knowing, then to make real efforts to seek out and return the answer at the soonest opportunity. Beneficiaries of hard-won and valuable lessons from the author’s own life in the US Navy and as a manager in the corporate world, readers will learn how to develop leadership capabilities in four clear phases: unsure follower, determined follower, positional leader, and true leader. The true leader is the authentic leader, true to oneself and to others. When readers finish Elite and True, they will feel motivated and energized—and know that they can accomplish more personally—and with their teams—than they could previously. This unique book is for those who aspire to lead, are
presently leading, or who hold a management position in government or the private sector.

**Chevrolet Trucks 1955–1959** Dennis Parks
2021-05-25 Rebuild and modify your 1955–1959 Chevrolet truck with today’s best parts!

Regardless of your automotive taste, there is almost always a need for a shop truck to chase parts, use as a tow vehicle, or use for household chores that require a trip to the farm-and-home store. Pickup trucks have always been popular, but that is true now more than ever. Plus, they hold their own as hot rods as well! Many vintage trucks can still be found in their original condition. Unlike years ago, the automotive aftermarket has now realized the popularity of these trucks.

Whether you plan to restore one as a mild custom or go all out, the necessary parts are available, which makes it easier to achieve your dream regardless of your skills or budget. Veteran how-to book author Dennis W. Parks resurrects a 1955 Chevy pickup as the subject of Chevrolet Trucks: 1955-1959 Build & Modify to be used as a daily driver. Starting with a classic-styled work truck, he updates it with creature comforts that are found in new vehicles—those that the average hot rodder can still maintain without having an electronics degree. Everything is covered, including updating the front and rear suspension as well as installing disc brakes to provide a good foundation for your project. Body repair and modifications (including installing patch panels, power windows, rotary door latches, and a stylish third brake light) are next. Interior components (including the latest creature comforts) that provide safety and convenience are examined. Mechanical components (such as the engine, transmission, steering, cooling, and wiring) are included as well. Everything you need to know to build a safe and reliable pickup truck is included in this book. Most of the work featured is performed in a home garage, which proves that you can build a decent truck within the confines of a two-car garage without paying a fortune in labor.

**Five Plus Five Makes Fifteen** Barb Gonie
2018-03-08 While big families were commonplace a few decades ago, not many can boast of having five sets of twins and five single births. However, the Burge family from Pierceland, Saskatchewan could. In Five Plus Five Makes Fifteen, Barbara Gonie, the fourth child in the family, shares how her farming family managed to survive in a two-bedroom house without running water, electricity, or indoor plumbing. With honesty and humour, she describes the trials and tribulations of having to share a bed with several
siblings, eating tinned Spork “meat”, and never worrying about having a playmate. In addition to providing details about life in the Prairies in the forties and fifties, Barbara offers insight into how growing up in a loving, hardworking family can shape an individual to make good life choices and pass on strong values to the next generation.

A consummate storyteller, she takes her readers from the days when clothing was sometimes made from flour bags and a dozen children might share the same bathwater to modern times when her grandchildren want for nothing and she is able to soak in a hot tub and reflect on the fact that what is important in life really hasn’t changed – love, family, and doing for others.

**Country Music Broke My Brain**

Gerry House 2014-03-04 Nashville is filled with stars and lovers and writers and dreamers. Nashville is also teeming with lunatics and grifters and dip wads and moochers. Gerry House fits easily into at least half of those categories. Someone would probably have to be brain-damaged or really damn talented to try to entertain professional entertainers over a decades-long radio show in Music City, USA. Fortunately, House is little of both. Host of the nationally syndicated, top-rated morning show, “Gerry House & The Foundation” for more than 25 years, he has won virtually every broadcasting award there is including a place in the National Association of Broadcasters Hall of Fame. Gerry also spent that time deep inside the songwriting and recording world in Nashville. In Country Music Broke My Brain, Gerry tells his stories from the other side of the microphone. He reveals never-aired, never-before published conversations with country music’s biggest names—Johnny Cash, Brad Paisley, and Reba McEntire to name a few—and leaves you with his own crazy antics that will either have you laughing or shaking your head in disbelief. With exclusive celebrity stories, humorous trivia and
Anecdotes, and broadcasting wisdom, this book is a treat for country music fans or for anyone who wants a good laugh.

**Ten Minutes Later** Lou Morris 2014-03-30 Well, once upon a time a crazy man wrote an awful novel about wizards and talking eyes. Then he wrote another one not quite as awful as the first. This is that one; the sequel. It's also about wizards and talking eyes but in this book they travel back in time and have wacky adventures and stuff. So if you haven't already read the first one, go read it and if you don't absolutely hate it, maybe read this one next.

**Let’s Talk to Each Other** Ed Harris 2021-08-20 Americans have to address, what the GAP has wrought. It is more than overdue for justice to be served, amends to be made, and compassion to be extended. We have to come together to save our health and our democracy. A person is not American because of race, but rather because of what he or she believes. Americans need to find ways to help each other. Americans can handle the truth. That is why “The Talk” based on the truth, needs to happen all over this country, right now.
