In The Shadow Of Temple Jewish Influences On Early Christianity Oskar Skarsaune

Yeah, reviewing a books In The Shadow Of Temple Jewish Influences On Early Christianity Oskar Skarsaune could mount up your near contacts listings. This is just one of the solutions for you to be successful. As understood, feat does not suggest that you have fabulous points.

Comprehending as without difficulty as accord even more than extra will give each success. bordering to, the proclamation as with ease as acuteness of this In The Shadow Of Temple Jewish Influences On Early Christianity Oskar Skarsaune can be taken as skillfully as picked to act.

Exile: A Conversation with N. T. Wright James M. Scott 2017-07-07 N. T. Wright is well known for his view that the majority of Second Temple Jews saw themselves as living within an ongoing exile. This book engages a lively conversation with this idea, beginning with a lengthy thesis from Wright, responses from eleven New Testament scholars, and a concluding essay from Wright responding to his interlocutors.

A Portable God Risa Levitt Kohn 2007 Many Christians and Jews believe that their faiths developed independently from each other, and that their religions are distinct, even antagonistic towards each other. A Portable God dramatically departs from the idea that the birth of Judaism and Christianity are two separate, unrelated events. Judaism and Christianity's origins are not seen as following a linear, chronological process that places the Israelites in the beginning, followed by the Jews, and finally the Christians. On the contrary, A Portable God shows that both Judaism and Christianity emerge from the same religious tradition that of ancient Israel at the same time. By telling the common story of Jewish and Christian origins, A Portable God shows Jews and Christians as siblings, rather than as parent and child, showing that the similarities between Judaism and Christianity far outweigh their differences, ultimately fostering appreciation for the shared heritage of Judaism and Christianity.

The Gospel of the Savior Michael J. Krug 2005 This volume is the first complete analysis of the apocryphal gospel fragment P.Oxy. 840 since its initial discovery nearly a century ago. The various palaeographical and historical questions raised by this apocryphal story are examined, particularly its descriptions of first-century ritual purity practices and its relationship to early Jewish-Christian communities.

The First Urban Churches James R. Harrison 2021-11-05 An examination of early Roman Christianity by New Testament and classical scholars Building on the methodologies introduced in the first volume of The First Urban Churches and supplementing the in-depth studies of Corinth, Ephesus, Philippippi, Colossae, Hierapolis, and Laodicea (vols. 2–5), essays in this volume challenge readers to reexamine what we know about the early church within Rome and the port city of Ostia. In the introductory section of the book, James R. Harrison discusses the material and documentary evidence of both cities, which sets the stage for the essays that follow. In the second section, Mary Jane Cuyler, James R. Harrison, Richard Last, Annelies Moeser, Thomas A. Robinson, Michael P. Theophilos, and L. L. Welborn examine a range of topics, including the Ostian Synagogue, Romans 1:2–4 against the backdrop of Julio-Claudian adoption and apotheosis traditions, and the epistle of 1 Clement. In the final section of this volume, Jutta Dresken-Welland and Mark Reasner engage Peter Lampe’s magnum opus From Paul to Valentinus; Lampe wraps up the section and the volume with a response. Throughout, readers are provided with a rich demonstration of how the material evidence of the city of Rome illuminates the emergence of Roman Christianity, especially in the first century CE.

Paul’s Divine Christology Chris Tilting 2015-02-10 Three Views on Eastern Orthodoxy and Evangelicalism Zondervan, 2010-09-05 Are Eastern Orthodoxy and evangelicalism at all compatible? To some Western evangelicals, the practices of Eastern Orthodoxy seem mysterious and perhaps even unbiblical. From an Orthodox perspective, evangelicals lack the spiritual roots provided by centuries-old church traditions. Are the differences between these two branches of Christianity as sharp as they seem? Or is there room for agreement? This book allows five leading authorities to present their different views in a respectful manner, have them critiqued by their fellow authors, and then respond to those critiques. Writing from an Orthodox perspective with a strong appreciation for evangelicalism, Bradley Nassif makes a case for compatibility. Michael Horton and Vladimir Berzonsky take the opposite stance from their respective evangelical and Orthodox backgrounds. And George Hancock-Stefan (evangelical) and Edward Rommen (Orthodox) each offer a qualified "perhaps." The interactive Counterpoints forum is ideal for comparing and contrasting the different positions to understand the strengths and weaknesses of these two important branches of Christianity to form a personal conclusion regarding their compatibility.

Sacred History, Sacred Literature Shawn Dolansky 2008-06-23 Richard Friedman is well known in the field of biblical studies, not only because of his contributions to the study of the Hebrew Bible (which are many) but also because he has written cogently and clearly for a much wider audience, outside the academy, most notably in his Who Wrote the Bible? (1997). In addition, his influence has crossed the boundaries of a variety of disciplines such as source criticism, archaeology, the near East, as well as religious studies. The essays in this volume reflect the breadth and depth of Richard Friedman's life and work. Several contributors discuss topics related to the Hebrew Bible: for example, Jacob Milgrom examines the relationship between Ezekiel and the Levites and Carol Meyers discusses the Tabernacle texts in the context of Priestly influence on them; Ronald Hendel, Michael Homan, and Robert Wilson explore the history of source criticism, with detailed source-critical analysis of Genesis 1–11 and the book of Kings. Jeffrey Geohegan discusses the origins of the Passover in one of several insightful
essays under the topic “Israel and the Ancient Near East.” Among the contributions specific to archaeology, Baruch Halpern’s provides a provocative “Defense of Forgery.” Lastly, four contributors (e.g., Alan Cooper) discuss religion and religious studies, along with ramifications for contemporary application. A fine collection of contemporary topics discussed by leading scholars in the field. The Religion of Ancient Israel Patrick D. Miller 2000-01-01 The historical and literary questions about ancient Israel that traditionally have preoccupied biblical scholars have often overlooked the social realities of life experienced by the vast majority of the population of ancient Israel. Volumes in the Library of Ancient Israel draw on multiple disciplines -- such as archaeology, anthropology, sociology, and literary criticism -- to illumine the everyday realities and social subtleties these ancient cultures experienced. This series employs sophisticated methods resulting in original contributions that depict the people behind the Hebrew Bible and interprets these scholarly insights for a wide variety of readers. Individually and collectively, these books will expand our vision of the culture and society of ancient Israel, thereby generating new appreciation for its impact up to the present. Patrick Miller investigates the role religion played in an expanding circle of influences in ancient Israel: the family, village, tribe, and nation-state. He situates Israel’s religion in context where a variety of social forces affected beliefs, and where popular cults openly competed with the “official” religion. Miller makes extensive use of both epigraphic and artefactual evidence as he deftly probes the complexities of Iron Age culture and society and their enduring significance for people today.

Jewish Believers in Jesus Oskar Skarsaune 2017-01-03 Jewish Believers in Jesus: The Early Centuries examines the formative first five centuries of Christian history as experienced by individuals who were ethnically Jewish but who professed faith in Jesus Christ as the Messiah. Offering the work of an impressive international team of scholars, this unique study examines the first five centuries of texts thought to have been authored or edited by Jewish Christians, including the Old Testament Pseudepigrapha, the New Testament Apocrypha, and some patristic works. Also considered are statements within patristic literature about Jewish believers and uses of oral traditions from Jewish Christians. Furthermore, the evidence in Jewish, mainly rabbinic, literature is examined, and room is made for a judicious sifting of the archaeological evidence. The final two chapters are devoted to an enlightening synthesis of the material with subsequent conclusions regarding Jewish believers in antiquity. Contributors: Philip S. Alexander Richard Bauckham James Carleton Paget Anders Ekenberg Torleif Elgvin Craig A. Evans Donald A. Hagner Gunnar af Hällström Sten Hidal Peter Hirschberg Reidar Hvalvik Wolfram Kinzig Lawrence Laheny Oskar Skarsaune Graham Stanton James F. Strange

The Sermon on the Mount in the Light of the Temple John W. Welch 2009 No religious text has influenced the world more than has the New Testament’s Sermon on the Mount, and yet this crucial text still begs to be more clearly understood. This book offers new insights by seeing it in the shadow of the all-pervasive Temple in Jerusalem, which dominated the religious landscape of the world of Jesus and his earliest disciples. Analyzing Matthew 5-7 in light of biblical and Jewish backgrounds, ritual studies, and oral performances in early Christian worship, this reading coherently integrates every line in the Sermon, and positions it as the premier Christian mystery.

Learning Messiah Edjan Westerman 2018-09-27 Israel’s election, calling, and history make up a big part of Scripture. It could be said that they belong to the "DNA of the Bible." But why is it then that the Christian narrative about the Messiah, Israel, and the nations, often seemed to have and sometimes even still has a different "genetic structure"? Does Israel—toogether with its election and promises—leave God’s stage through a side door, when Jesus appears on stage? Does a changing of roles take place, within a different story? Does the Messiah function within it as some kind of "black hole" in which the eternal election and calling of Israel disappear? How do we read God’s way? The Holocaust made us realize that our de-Jew-ized reading and preaching of Scripture contributed in various ways to this catastrophé. And we find ourselves confronted by the question: How does the narrative of the Bible then look when the whole of Scripture plays a decisive role, and the faithfulness of God toward Israel stays in the center? This book presents an answer to these questions, calling us to learn to read God’s way anew, and to walk in it. A in the Weilth of the World: Jonathan Allen 2018-03-02 Given that mission agencies have been reporting for the last two hundred years or more the number of Jewish people coming to faith in Christ, this book asks the question: where are they and their descendants now? Using a multidisciplinary approach, covering social identity theory, social memory theory, and translation theory, this book constructs a profile of Jewish believers in the UK church based upon interviews carried out with church members and leaders who are Jewish or have experience working with Jewish believers. After examining both theory and data, the conclusion is that church is a hostile environment for Jewish identity. Unlike Chinese, Ghanaian, and Korean churches whose members are encouraged to retain their national identity and community roles, the church has a strong assimilationist policy toward Jewish believers, which is encouraged—even pressured—to forget their Jewish traditions, customs, and practices in favor of blending into Gentile church and disappearing. Jewish believers are at best an oxymoron; at worst, an anathema, not to be trusted or tolerated unless—as in the days of the early church from the third century onwards—they renounce their previous lives, families, and communities.

The Cape Town Commitment: A Confession of Faith, A Call to Action Darrell L. Bock 2013-06-14 The Cape Town Commitment, which arose from The Third Lausanne Congress on World Evangelization (Cape Town, 2010), stands in the historic line of The Lausanne Covenant (1974) and The Manila Manifesto (1989). It has been translated into twenty-five languages and has commanded wide acceptance around the world. The Commitment is set in two parts. Part 1 is a Confession of Faith, crafted in the language of covenantal love. Part 2 is a Call to Action. The local church, mission agencies, special-interest groups, and Christians in the professions are all urged to find their place in its outworking. This annotated bibliography of The Cape Town Commitment, arranged by topic, has been compiled by specialists in a range of fields. As such, it is the first bibliography of its kind. - Arranged in sections for graduate-level teaching - Equally useful for research students - Table and Temple: Table and Temple David L. Stubbs 2020-09-17 In most modern discussions of the Eucharist, the Jewish temple and its services of worship do not play a large role. They are often mentioned in passing, but little work is done exploring, organizing, or explicating the connections between these things and the Eucharistic celebration. In Table and Temple, David Stubbs sheds light on the reasons for this neglect and shows the important role the temple and its worship played in the imagination of Jesus and his disciples about what was to become a central Christian practice. He then explores the five central meanings of the temple and its main services of worship, demonstrating their relationship to the
does the New Testament echo the Old? Which versions of the Hebrew Scriptures were used?

The Purpose of Mark’s Gospel

Keener shows how many works on the historical Jesus emphasize just one aspect of Jesus tradition against others, but a much wider range of material in the early Jesus traditions and early Judaism to explore the depth and riches of the material found in the Synoptic Gospels, modern scholars. So argues Craig Keener in The Historical Jesus of the Gospels. In exploring the depth and riches of the material found in the Synoptic Gospels, Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others, but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting. Keener masterfully uses the Jesus tradition against others, but a much wider range of material in the early Jesus traditions and early Judaism to explore the depth and riches of the material found in the Synoptic Gospels, modern scholars. So argues Craig Keener in The Historical Jesus of the Gospels.

The Historical Jesus of the Gospels

Keener’s work and the reception of his work by numerous Jesus scholars. Moller’s research-historical approach focuses not only on the leading scholars of the field such as E.P. Sanders, J.D. Crossan, J.P. Meier and C.A. Evans, but also sheds light on underplayed aspects of previous research, and responds to the state of affairs for recent research by challenging the rhetoric of the Jesus scholarship.

The Vermees Quest

Moller looks in particular depth at the Jewishness of Jesus, the Son-of-Man problem, and Vermees’s suggestion that Jesus was a Hasid, all being aspects of Vermees’s work which have attracted the most scholarly attention. Moller’s research-historical approach focuses not only on the leading scholars of the field such as E.P. Sanders, J.D. Crossan, J.P. Meier and C.A. Evans, but also sheds light on underplayed aspects of previous research, and responds to the state of affairs for recent research by challenging the rhetoric of the Jesus scholarship.

Jews and the Renaissance of Synagogue Architecture, 1450–1730

Before the mid-fifteenth century, the Christian and Islamic governments of Europe had restricted the architecture and design of synagogues and often prevented Jews from becoming architects. Stiefel presents a study of the material culture and religious architecture that this era produced.

The Formation and Significance of the Christian Biblical Canon

This book offers a fresh cross-disciplinary approach to the current discussion on the Christian canon formation process. By carefully integrating historical, hermeneutical and theological aspects to account for the emergence of the canon, it seeks to offer a more comprehensive picture of the canon development than has previously been achieved. The formation and continuous usage of the Christian biblical canon is here viewed as an act of literary preservation and actualization of the church’s apostolic normative tradition - ‘the Scriptures and the Lord’ - addressing, first of all, the church, but also the wider society. In order to grasp the complex phenomenon of the biblical canon, the study is divided into four parts, focusing respectively on linguistic and effective-historical, textual and material, performative, and ideational aspects of the canon. Attention is given to the scribal norma sacra convention, the codex format, oral and written Gospel texts, early Christian liturgical practice, and the role of faith. Bokedal argues that the canon was formed in a process, with its own particular intention, history, and direction. Throughout the study, history and theology, past and present are considered alongside each other. By using a Gadamerian hermeneutics of tradition, the reader’s attention is directed to historical dimensions of the canon and its interpretative possibilities for our time. The notion of effective history (Wirkungsgeschichte), as well as the interaction between text, community and reader are crucial to the argument. The canonical text as text, its

The New Testament in the New Testament begins by laying out the foundational issues and then investigates the use of the Old Testament in specific segments of the New Testament. A concluding chapter by Andreas Kostenberger both questions and affirms the previous contributors’ findings, offering much-needed direction for further inquiry into this vital area of biblical study.

The Vermees Quest

Moller 2017-07-13 Geza Vermees is a household name within the study of the historical Jesus, and his work is associated with a significant change within mainstream Jesus research, typically labelled ‘the third quest’. Since the publication of Jesus the Jew in 1973, many notable Jesus scholars have interacted with Vermees’s ideas and suggestions, yet their assessments have remained ambiguous. Hilde Brekke Moller explores the true impact of Vermees’s Jesus research on the perceived change within Jesus research in the 1980s, and also within third quest Jesus research, by examining Vermees’s work and the reception of his work by numerous Jesus scholars.

Birthing to the Workings

Dr. Shirley Johnson 2010-08-26 All things in life are about birthing. Concepts, viewpoints, and even religious doctrine go through a process of birthing. In Birthing to the Workings, author Shirley Johnson examines the effect of the church leaving its Hebraic roots. In this informative analysis, Johnson places key emphasis on the effect this had on teachings related to the Godhead, Trinity, and Pentecost. Packed with credible resources and buoyed by thorough research, this examination provides revelations and truths relating to Godhead perspectives and Hebraic viewpoint. It illustrates the following points:

The Hebraic reflexes emphasizing the cohesiveness of the three persons of the Trinity. The Father, and at times the spirit, have become supporting actors, with Yeshua stealing the show. The first apostolic believers of Yeshua believed in manifestations rather than persons. Yeshua, the apostles, and the early church did not support the current Godhead doctrines as espoused by Western Christianity of today. Birthing to the Workings compares the birthing process of doctrine and the workings of the Holy Spirit to the birth of a child. The theological nature of birthing to workings is clarified as it relates to Christianity, the Trinity, and the Hebraic roots connection.

The Historical Jesus of the Gospels

Craig S. Keener 2012-04-13 The earliest substantive sources available for historical Jesus research are in the Gospels themselves; when interpreted in their early Jewish setting, their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars. So argues Craig Keener in The Historical Jesus of the Gospels. In exploring the depth and riches of the material found in the Synoptic Gospels, Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others, but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting. Keener masterfully uses a broad range of evidence from the early Jesus traditions and early Judaism to reconstruct a fuller portrait of the Jesus who lived in history.

How the Word Came to Be

The Formation and Significance of the Christian Biblical Canon

Tomas Bokedal 2013-12-05 This book offers a fresh cross-disciplinary approach to the current discussion on the Christian canon formation process. By carefully integrating historical, hermeneutical and theological aspects to account for the emergence of the canon, it seeks to offer a more comprehensive picture of the canon development than has previously been achieved. The formation and continuous usage of the Christian biblical canon is here viewed as an act of literary preservation and actualization of the church’s apostolic normative tradition - ‘the Scriptures and the Lord’ - addressing, first of all, the church, but also the wider society. In order to grasp the complex phenomenon of the biblical canon, the study is divided into four parts, focusing respectively on linguistic and effective-historical, textual and material, performative, and ideational aspects of the canon. Attention is given to the scribal norma sacra convention, the codex format, oral and written Gospel texts, early Christian liturgical practice, and the role of faith. Bokedal argues that the canon was formed in a process, with its own particular intention, history, and direction. Throughout the study, history and theology, past and present are considered alongside each other. By using a Gadamerian hermeneutics of tradition, the reader’s attention is directed to historical dimensions of the canon and its interpretative possibilities for our time. The notion of effective history (Wirkungsgeschichte), as well as the interaction between text, community and reader are crucial to the argument. The canonical text as text, its
interpretation and ritual contextualization are highlighted as unifying elements for the communities being addressed.

Is Jesus the Only Savior? James R. Edwards 2005 In a culture suspicious of orthodox Christianity, Edwards sets forth the evidence for the historic claim that Jesus is the only savior of the world.

Efficacious Engagement Kimberly Hope Belcher 2011-12-01 The long-standing tradition of baptizing infants suggests that the sacraments plunge our bodies into salvation, so the revelation of God’s love in the sacraments addresses the whole person, not the mind alone. In this book, the contemporary Roman Catholic rite of baptism for infants becomes a case study, manifesting the connections between the human body, the ecclesial body, and the Body of Christ. The sacramental life, for children as for adults, is an ongoing journey deeper into the life of the Father, the Son, and the Holy Spirit. By examining the church’s practice of infant baptism and human sacrifice, Belcher asks how we participate in God’s life through the sacraments. Christian sacraments are embodied, cultural rituals performed by and for human beings. At the same time, the sacraments are God’s gifts of grace, by which human beings enter into God’s own life. In this study, contemporary ritual studies, sacramental theology, and trinitarian theology are used to explore how participation in the sacraments can be an efficacious engagement in God’s life of love. Kimberly Hope Belcher is an assistant professor of theology at Saint John’s University, where she teaches sacramental theology and ritual studies. She is a member of the North American Academy of Liturgy and serves for the liturgical blog Pray Tell.

Ontological Aspects of Early Jewish Anthropology Tyson L. Putthoff 2016-12-15 In Ontological Aspects of Early Jewish Anthropology, Tyson L. Putthoff combines contemporary theory and sound exegesis to understand early Jewish beliefs about how the human self reacts ontologically in God’s presence.

Christ in the Sabbath Rich Robinson 2014-04-15 What does the Sabbath mean to you? Christ in the Sabbath will take you on a “Sabbath tour” of the Bible. You’ll explore the themes of Shabbat (Hebrew for Sabbath) and rest in both Old and New Testament and then discover what it has meant to Jews and Christians for centuries. Rabbinical comments and a variety of traditions provide clarity and credibility to the study of Sabbath. While this volume does not resolve all the differences among Christians concerning the place of the Sabbath today, the journey undertaken in this book will help you in forming your own conclusions—or inspire you to continue exploring the meaning and significance behind the Sabbath.

The Old Testament Story John Tullock 2012-08-14 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Exploring the Literary Structure of the Old Testament The Old Testament Story is designed for readers with little or no knowledge of the Old Testament. It provides complete background detail as it follows the story told by the Old Testament/Hebrew Bible. In addition, it examines the separate biblical books and illustrates their literary structure. Teaching and Learning Externals and MySearchLab deliver proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - The Old Testament Story’s background details provide students with sufficient information so that they can examine the Old Testament within context. Engage Students - The Old Testament Story’s readable presentation draws students into the material. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor’s Manual, or PowerPoint Presentation Slides. Plus, The Old Testament Story provides two levels of structure that will allow your students to analyze all 39 books of the Protestant Christian Old Testament/Hebrew Bible. Note: MySearchLab does not come automatically packaged with this text. To purchase MySearchLab, please visit www.MySearchLab.com or you can purchase a valuepack of the text + MySearchLab (Vp ISBN-10: 0205185282, VP ISBN-13: 9780205185283)

Acts: An Exegetical Commentary: Volume 3 Craig S. Keener 2014-09-30 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research. This commentary on Acts, his magnum opus, may be the largest and most thoroughly documented Acts commentary available. Useful not only for the study of Acts but also early Christianity, this work sets Acts in its first-century context. In this volume, the third of four, Keener continues his detailed exegesis of Acts, utilizing an unparalleled range of ancient sources and offering a wealth of fresh insights. This magisterial commentary will be an invaluable resource for New Testament professors and students, pastors, Acts scholars, and libraries.

Acts: An Exegetical Commentary: Volume 4 Craig S. Keener 2015-10-06 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research. This commentary on Acts, his magnum opus, may be the largest and most thoroughly documented Acts commentary ever written. Useful not only for the study of Acts but also early Christianity, this work sets Acts in its first-century context. In this volume, the last of four, Keener finishes his detailed exegesis of Acts, utilizing an unparalleled range of ancient sources and offering a wealth of fresh insights. This magisterial commentary will be an invaluable resource for New Testament professors and students, pastors, Acts scholars, and libraries. The complete four-volume set is available at a special price.

Insider Jesus William A. Dyrness 2016-10-02 Missiologists today are considering the significance of insider movements, followers of Jesus who are emerging from within Islamic, Hindu, Buddhist, and other cultural contexts. Are these authentic expressions of Christian faith? If so, how should we understand them? William Dyrness brings a rare blend of cultural and theological engagement to his reflections on this important phenomenon.

Memory and Identity in the Syriac Cave of Treasures Sergey Minov 2020-12-07 In Memory and Identity in the Syriac Cave of Treasures, Sergey Minov analyses the role played by the pseudographic work known as the Cave of Treasures in the formation of cultural memory and collective identity among Syriac Christians of Iran during Late Antiquity.

Understanding the Spiritual Meaning of Jerusalem in Three Abrahamic Religions Antti Laato 2019-08-05 Understanding the Spiritual Meaning of Jerusalem in Three
Abrahamic Religions analyses spiritual images and theological constructions related to Jerusalem in Christian, Islamic and Jewish literature, including the Bible, Qur'an, and Second Temple Jewish writings.

Jewish Ways of Following Jesus Edwin Keith Broadhead 2010 In this study, Edwin K. Broadhead's purpose is to gather the ancient evidence of Jewish Christianity and to reconsider its impact. He begins his investigation with the hypothesis that groups in antiquity who were characterized by Jewish ways of following Jesus may be vastly underrepresented, misrepresented and undervalued in the ancient sources and in modern scholarship. Giving a critical analysis of the evidence, the author suggests that Jewish Christianity endured as an historical entity in a variety of places, in different times and in diverse modes. If this is true, a new religious map of antiquity is required. Moreover, the author offers a revised context for the history of development of both Judaism and Christianity and for their relationship.

Christian Origins and Hellenistic Judaism Stanley E. Porter 2012-10-23 In Christian Origins and Hellenistic Judaism, Stanley E. Porter and Andrew W. Pitts assemble an international team of scholars whose work has focused on reconstructing the social matrix for earliest Christianity through reference to Hellenistic Judaism and its literary forms.
