philosophers of mind have been arguing over the status of mental representations in contemporary cognitive science. This book offers an introduction to the different perspectives and经典 content.
I'm Trying to Love Spiders

What do you do when you see a spider? a. Lay on a BIG spidey smoocheroo. b. Smile, but back away slowly. c. Grab the closest object, wind up, and let it fly. d. Run away screaming. If you chose b, you might be crazy.) I'm Trying to Love Spiders will help you see these amazing arachnids in a whole new light, from their awesomely excessive eight eyes, to the seventy-five-pounds of bugs a spider can eat in a single year! And you're sure to feel better knowing you have a better chance of being struck by lightning than being bitten by a spider. With this new perspective, you'll be in a spider's web... literally! Yeah, right... Well, there's heaps more information in here to help you forget your fears... or at least laugh a lot!

And All the Stars

You can't change the past, you can't do it all over again. But what you can do is to come to terms with the damage that's been done and take steps to make sure the same mistakes never happen again.

Friends, being wise about sex, coping with substances, and succeeding at school--these are the challenges they face: gaining self-esteem, dealing with their parents, making friends, being wise about sex, coping with substances, and succeeding at school. The Book of Firsts answers these and other questions, guiding the reader through the steps to take to conquer each challenge--and become happier and more productive. Now and always, you have the power--and the knowledge--to take charge of your life.

The Future of the Internet--And How to Stop It

The Future of the Internet--And How to Stop It is a warning about the threat presented by the Internet to our society. But it is not a technical book. It is a call to arms. And it is aashing to help people understand the dangers of the Internet and to act to stop them. The book is divided into four parts: Part I, "The Future of the Internet--And How to Stop It," describes the history of the Internet and the problems that it presents. Part II, "The Future of the Internet--And How to Stop It," describes the dangers of the Internet and the problems that it presents. Part III, "The Future of the Internet--And How to Stop It," describes the dangers of the Internet and the problems that it presents. Part IV, "The Future of the Internet--And How to Stop It," describes the dangers of the Internet and the problems that it presents.
