Pediatric Neurology Tena Rosser 2007
Pediatric Neurology for the Oral Boards: A Case-Based Review is the first pediatric neurology review book written specifically for neurology residents preparing for the oral boards. The book presents sixty cases with discussions structured according to the neurology oral boards format: localization of neurologic findings; differential diagnosis and most likely diagnosis; diagnostic workup; and patient management. The cases will help readers lay a foundation of knowledge in pediatric neurology and develop an organized approach to clinical decision-making. An introduction explains in detail what to expect on the examination and gives helpful hints on
preparing for and taking the exam.

**The Home Owner's Manual** Dan Ramsey

Water stains on your ceiling. Dents and cracks in your drywall. Radiators that hiss and gurgle all night long. It’s enough to make you cry out, “Why doesn’t my house come with an owner’s manual?” And now—finally!—it does. Through step-by-step instructions and helpful schematic diagrams, The Home Owner’s Manual explores hundreds of frequently asked questions: What’s the best way to fix a leaky faucet? When should I have my chimney cleaned? How can I reset a circuit breaker without electrocuting myself? Whatever your concerns, you’ll find the answers here—courtesy of licensed building contractor Dan Ramsey, who has taught the basics of renovation to thousands of homeowners.

Residential Duct Systems - Manual D Acca
2017-02 The Third Edition of ANSI/ACCA Manual D is the Air Conditioning Contractors of America procedure for sizing residential duct systems. This procedure uses Manual J (ANSI/ACCA, Eighth Edition) heating and cooling loads to determine space air delivery requirements. This procedure matches duct system resistance (pressure drop) to blower performance (as defined by manufacture's blower performance tables). This assures that appropriate airflow is delivered to all rooms and spaces; and that system airflow is compatible with the operating range of primary equipment. The capabilities and sensitivities of this procedure are compatible with single-zone systems, and multi-zone (air zoned) systems. The primary equipment can have a multi-speed blower (PSC motor), or a variable-speed blower (ECM or constant torque motor, or a true variable speed motor). Edition Three, Version 2.50 of Manual D (D3) specifically identifies normative requirements, and specifically identifies related informative material.

**Food Safari Fire** Maeve O'Meara 2018-04 From the phenomenally successful Food Safari series comes the perfect book for anyone who loves to grill, BBQ and cook from around the world. Tied into the new Food Safari television series, which aired in January 2016, this book is the perfect gift for the food lover in the house. Food Safari Fire features the inventive ways people from all over the world cook with fire. With this book, Maeve O'Meara invites you on a journey around the world of cuisines, meeting home cooks, pit masters and chefs from Asia, Europe, the Americas and the Middle East, who are all passionate advocates of cooking with fire. Cooking with fire goes way beyond the barbecue. Discover the pleasures of roasting on a spit,
baking bread in ashes, smoking fish, roasting vegetables over hot coals, one pot cooking over an open fire, baking a roast in a wood-fired pizza oven, cooking Asian-style skewers on your BBQ, and seeing how a tandoori oven works. Food Safari Fire includes 90 recipes for cooking up a firestorm. Maeve elaborates on the regional ingredients and influences of the cuisines she visits throughout the book while explaining the techniques in a practical and accessible way, as she has in all her cookbooks. Whether you're a revered Argentine asador or someone who just loves to barbecue, this book speaks of a love of fire and eating caramelized crustiness caused by extreme heat. Full of sparks and flavours Maeve's compilation of recipes explores age-old techniques and tools.

Stage Lighting Second Edition Richard E. Dunham 2018-10-16 Stage Lighting: The Fundamentals is written specifically for introductory stage lighting courses. The book begins with an examination of the nature of light, perception, and color, then leads into a conversation of stage lighting equipment and technicians. Lamps, luminaries, controls/dimming, and electricity form the basis of these chapters. The book also provides a detailed explanation and overview of the lighting design process for the theatre and several other traditional forms of entertainment. Finally, the book explores a variety of additional areas where lighting designers can find related future employment, such as concert and corporate lighting, themed design, architectural and landscape lighting, and computer animation. New for this edition: enlarged full-color illustrations, photographs, light plots and examples of lighting design; updated information on LED lighting and equipment; expanded discussion of the practical use of color as a designer; expanded discussion of psychological/perceptual effects of color; new discussion of color mixing through light sources that make use of additive mixing; expanded discussion of industry professions; expanded discussion and illustrations relating to
photometrics; expanded discussion and examples of control protocols and new equipment; and updated designer profiles along with the addition of still more designer profiles.

**Learning Apache Drill** Charles Givre 2018-11-02

Get up to speed with Apache Drill, an extensible distributed SQL query engine that reads massive datasets in many popular file formats such as Parquet, JSON, and CSV. Drill reads data in HDFS or in cloud-native storage such as S3 and works with Hive metastores along with distributed databases such as HBase, MongoDB, and relational databases. Drill works everywhere: on your laptop or in your largest cluster. In this practical book, Drill committers Charles Givre and Paul Rogers show analysts and data scientists how to query and analyze raw data using this powerful tool. Data scientists today spend about 80% of their time just gathering and cleaning data. With this book, you’ll learn how Drill helps you analyze data more effectively to drive down time to insight. Use Drill to clean, prepare, and summarize delimited data for further analysis. Query file types including logfiles, Parquet, JSON, and other complex formats Query Hadoop, relational databases, MongoDB, and Kafka with standard SQL Connect to Drill programmatically.
using a variety of languages Use Drill even with challenging or ambiguous file formats Perform sophisticated analysis by extending Drill’s functionality with user-defined functions Facilitate data analysis for network security, image metadata, and machine learning
