The Didascalicon of Hugh of St. Victor Hugh (of Saint-Victor) 1991 This is the first complete translation into English of Hugh of Saint Victor's Didascalicon. Composed in the late 1130s, the Didascalicon selects and defines all of the important areas of knowledge, demonstrating that not only are these areas essentially integrated, but that in their integrity they are necessary for the attainment of human perfection and divine destiny. Memories, Dreams, Reflections C. G. Jung 2011-01-26 An eye-opening biography of one of the most influential psychiatrists of the modern age, drawing from his lectures, conversations, and own writings. In the spring of 1957, when he was eighty-one years old, Carl Gustav Jung undertook the telling of his life story. Memories, Dreams, Reflections is that book, composed of conversations with his colleague and friend Aniela Jaffe, as well as chapters written in his own hand, and other materials. Jung continued to work on the final stages of the manuscript until shortly before his death on June 6, 1961, making this a uniquely comprehensive reflection on a remarkable life. Fully corrected, this edition also includes Jung's VII Sermones ad Mortuos. On Last Things Otto Weininger 2001 With his suicide in 1903, at the age of 23, Otto Weininger became a central figure in the mythology of fin-de-siecle Vienna. This volume of essays, published posthumously, is a sequel to his book, Sex and Character, which was banned by Nazi censors. This is its first translation into English. Walther Pistols John Walter 2022-04-28 While the PP and PPK were intended for police work, the Walther P 38 was produced for the Germany military; all three pistols have garnered a formidable international reputation since the 1930s. The innovative Walther PP (Polizeipistole), a double-action semi-automatic pistol intended for the law-enforcement market, became available in 1929 and went on to arm the police of several European countries in the 1930s. Its smaller cousin the PPK, more readily concealed for undercover work but with reduced magazine capacity, was produced from 1931. Intended to replace the P 08 Luger, the Walther P 38 was issued from 1940 and equipped the armed forces of Germany and other countries during and after World War II, but never entirely replaced the Luger in German service. All three pistols went on to have lengthy and varied service across the world after 1945. Both the PP and the PPK remain in production today, while the P 38 re-emerged as the P1 and equipped West German forces from 1963 until 2004, when it was replaced by the P8. In this study, noted authority John Walter assesses the origins, development, use and legacy of these three high-profile semi-automatic pistols, alongside other Walther variants, such as the tiny .25 ACP Modell 9. Manual of the Automatic Rifle (Chauchat) Drill - United States. Army. American Expeditionary Forces 1918 Christ and the Bible, Third Edition John Wenham 2009-08-01 Defense of the Bible begins with rational proofs for the historicity and accuracy of its documents. Christ and the Bible places the argument for the authority of scripture squarely on Jesus. With uncluttered logic and straightforward prose Wenham marshals Gospel evidence to show Jesus' own view of Scripture—that it is (1) historically accurate, (2) authoritative, (3) the standard for ethics, and (4) the verbally inspired revelation of God. He then considers why we should listen to Jesus when he makes such claims and why "Christ's view should be the Christian view." The study substantiates Jesus' reliability influence on all New Testament writers. Finally, Wenham considers two related problems: first, which writings really belong in the Bible; second, the reliability of the text as now available. The presentation is easy to read and understand. This third edition updates and dialogues with recent developments. Balancing on an Alp Robert M.
